

pct/avg-d0

Average of D0 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d0

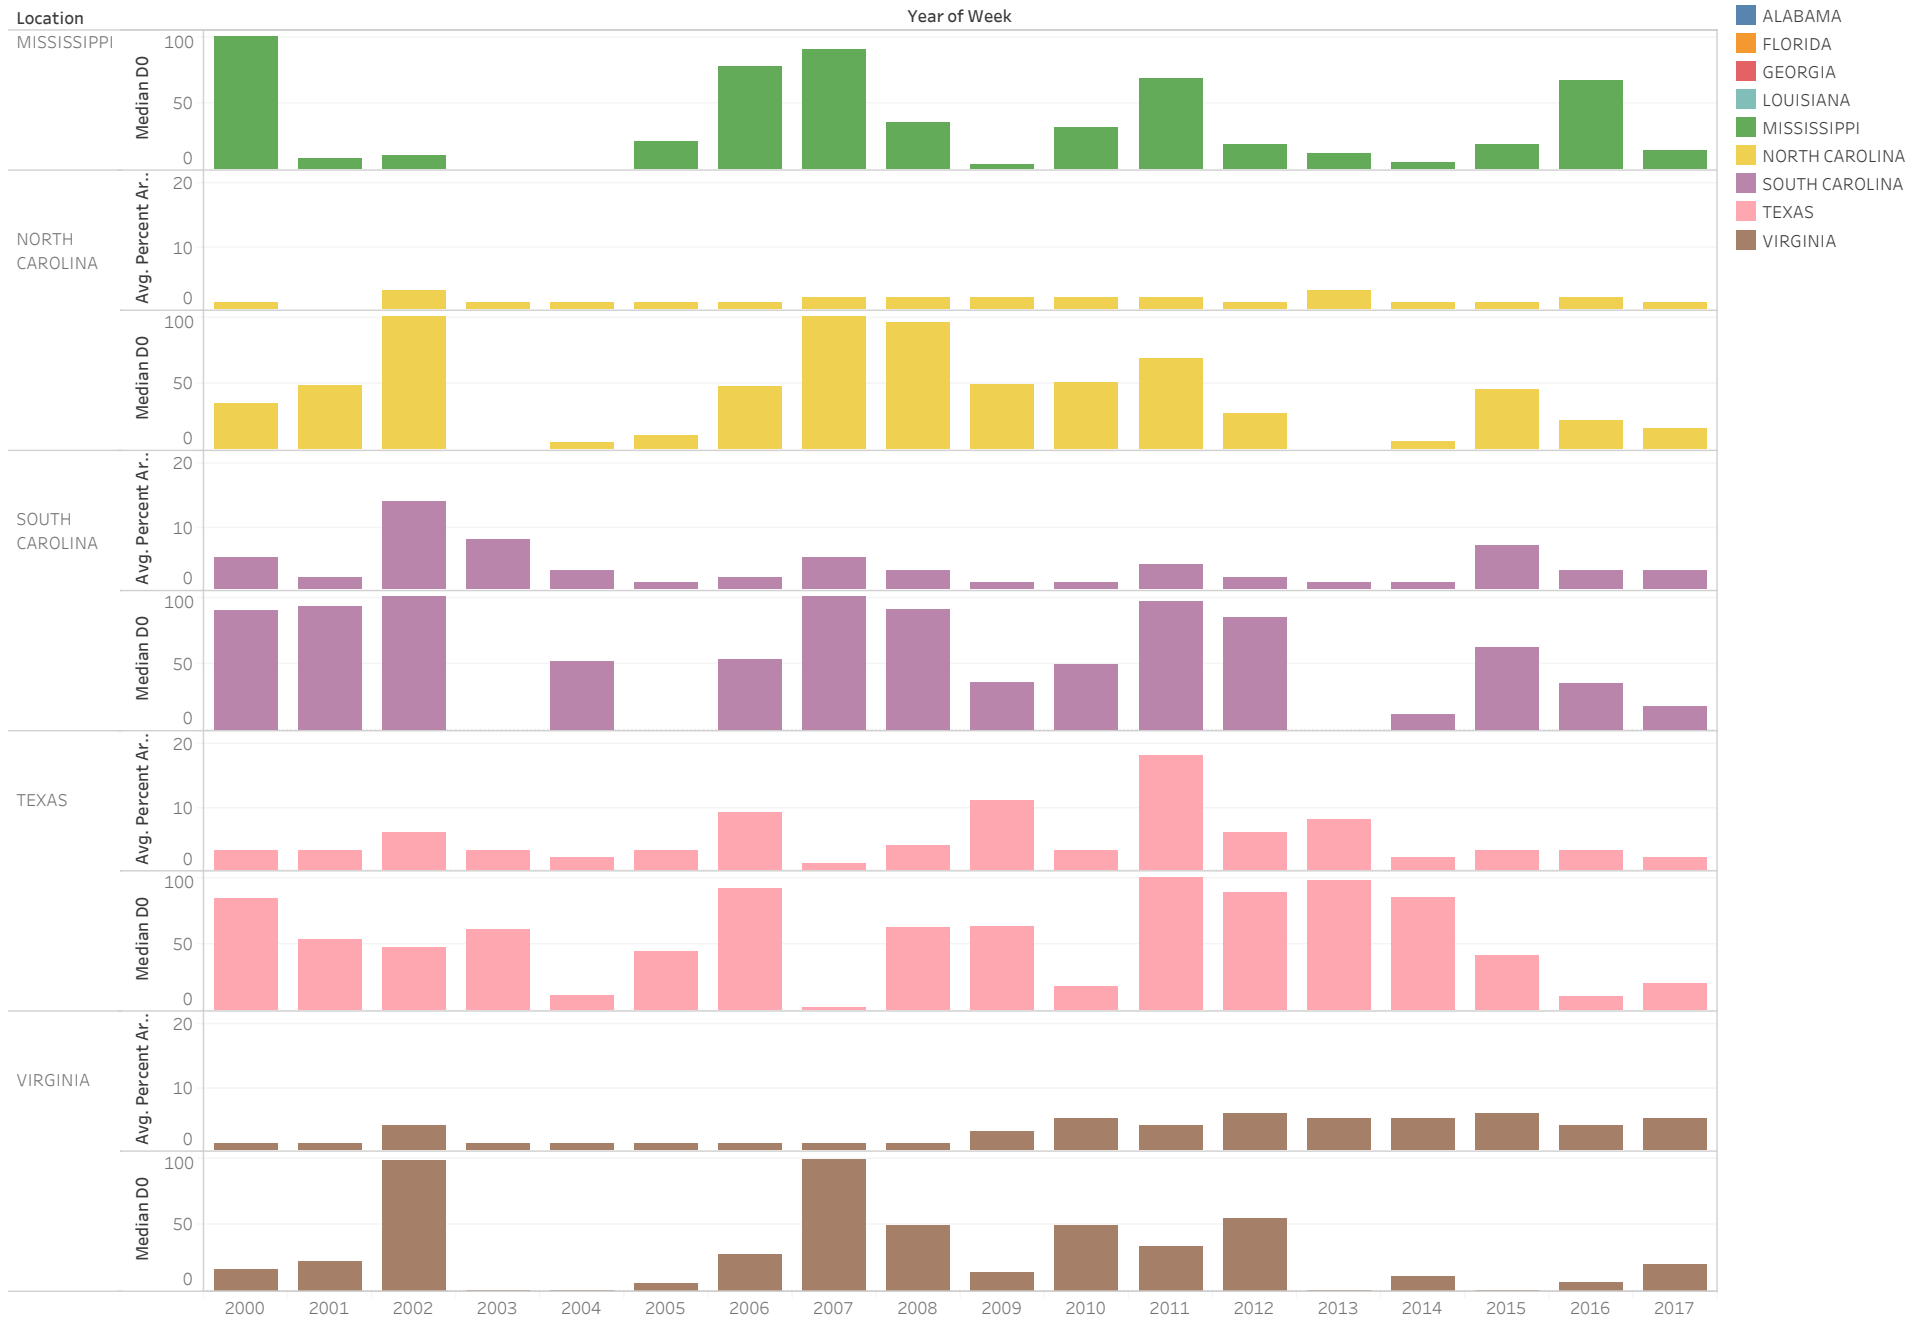

Average of D0 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/med-d0

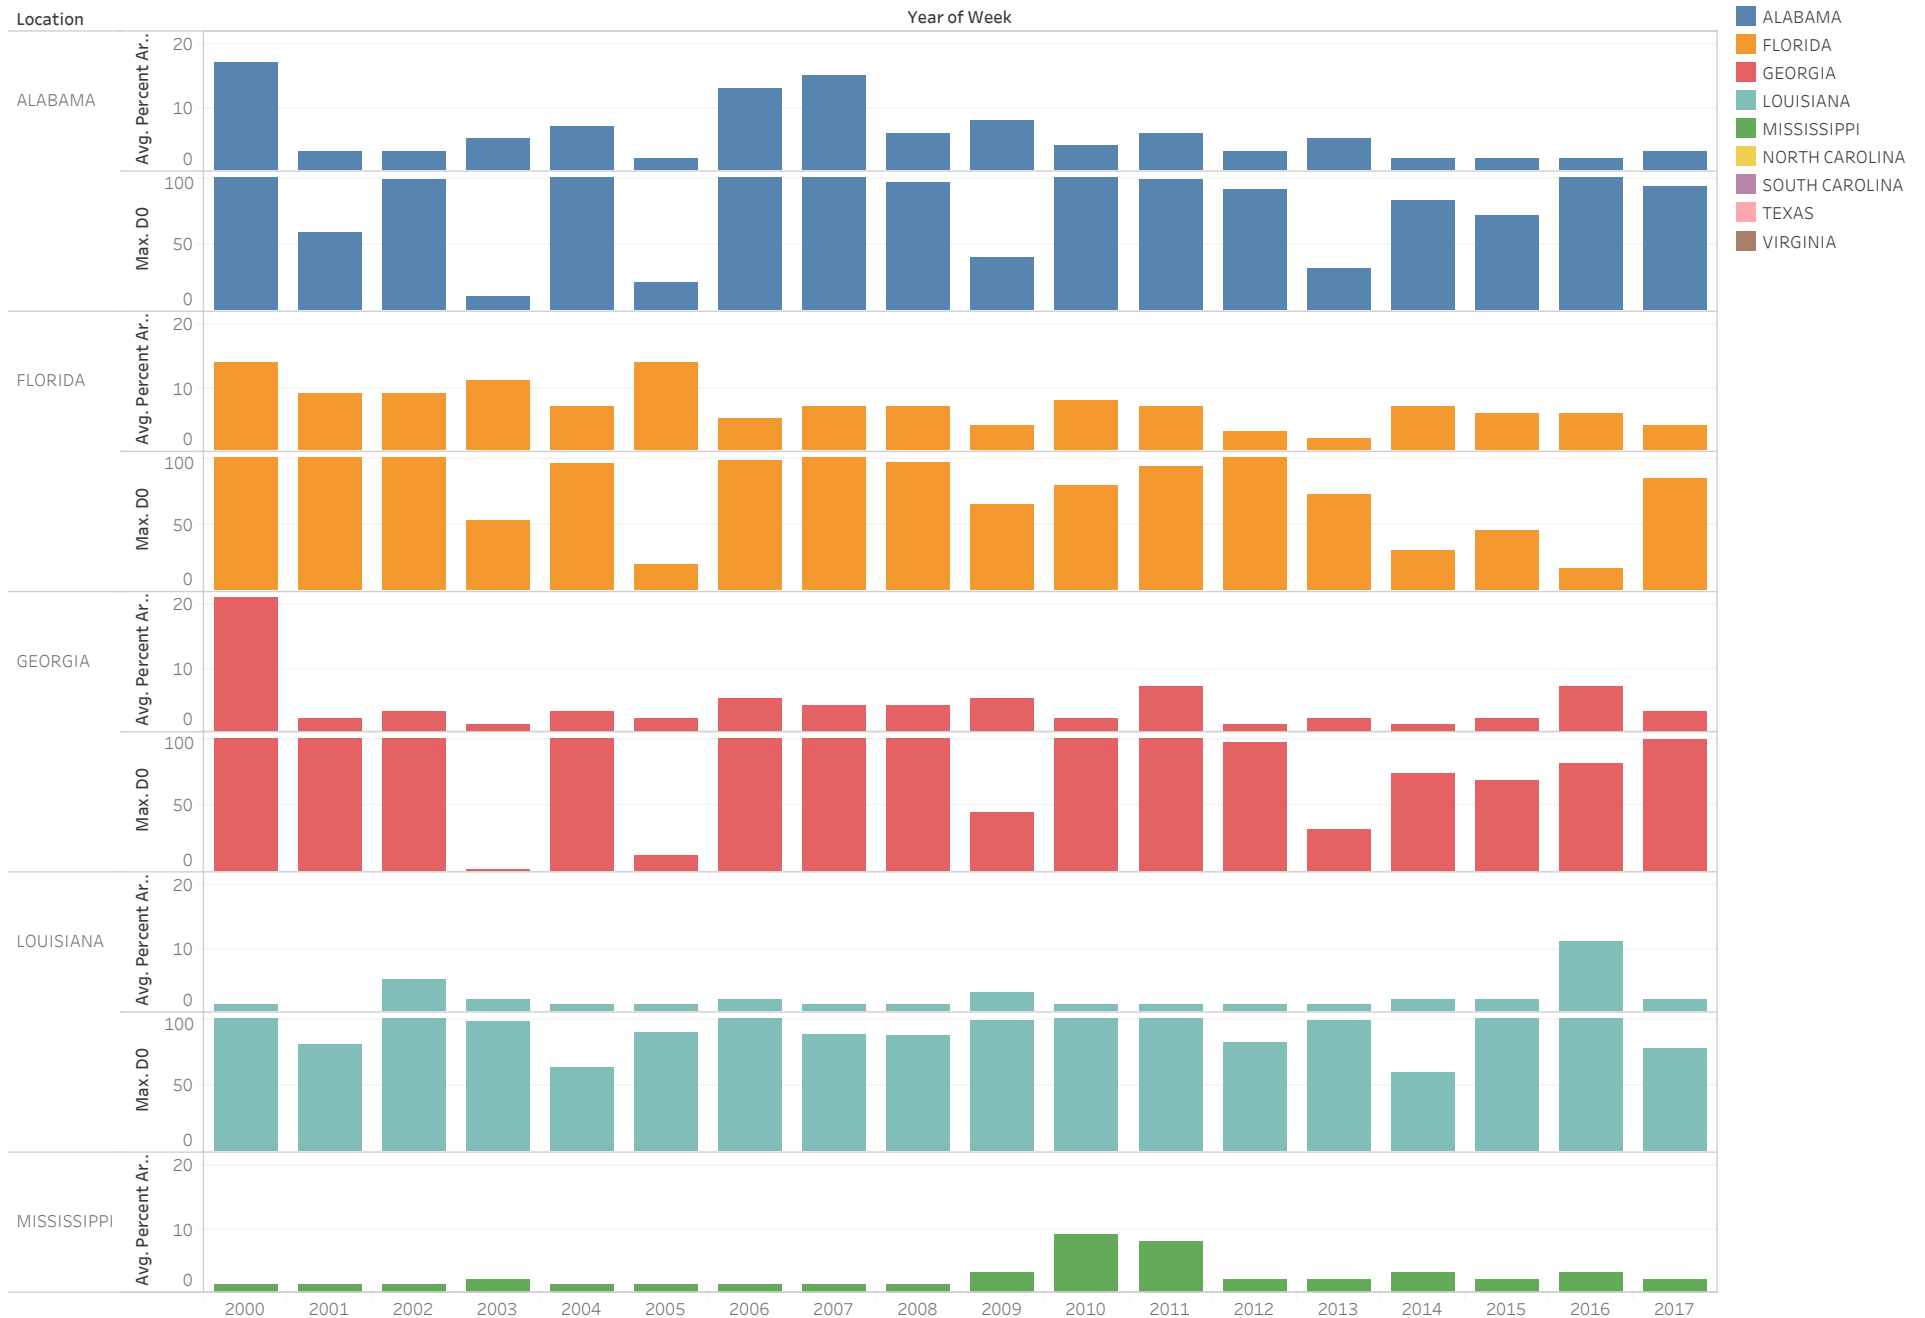

Average of Percent Area Lost and median of D0 for each Week Year broken down by Location. Color shows details about Location.

pct/med-d0

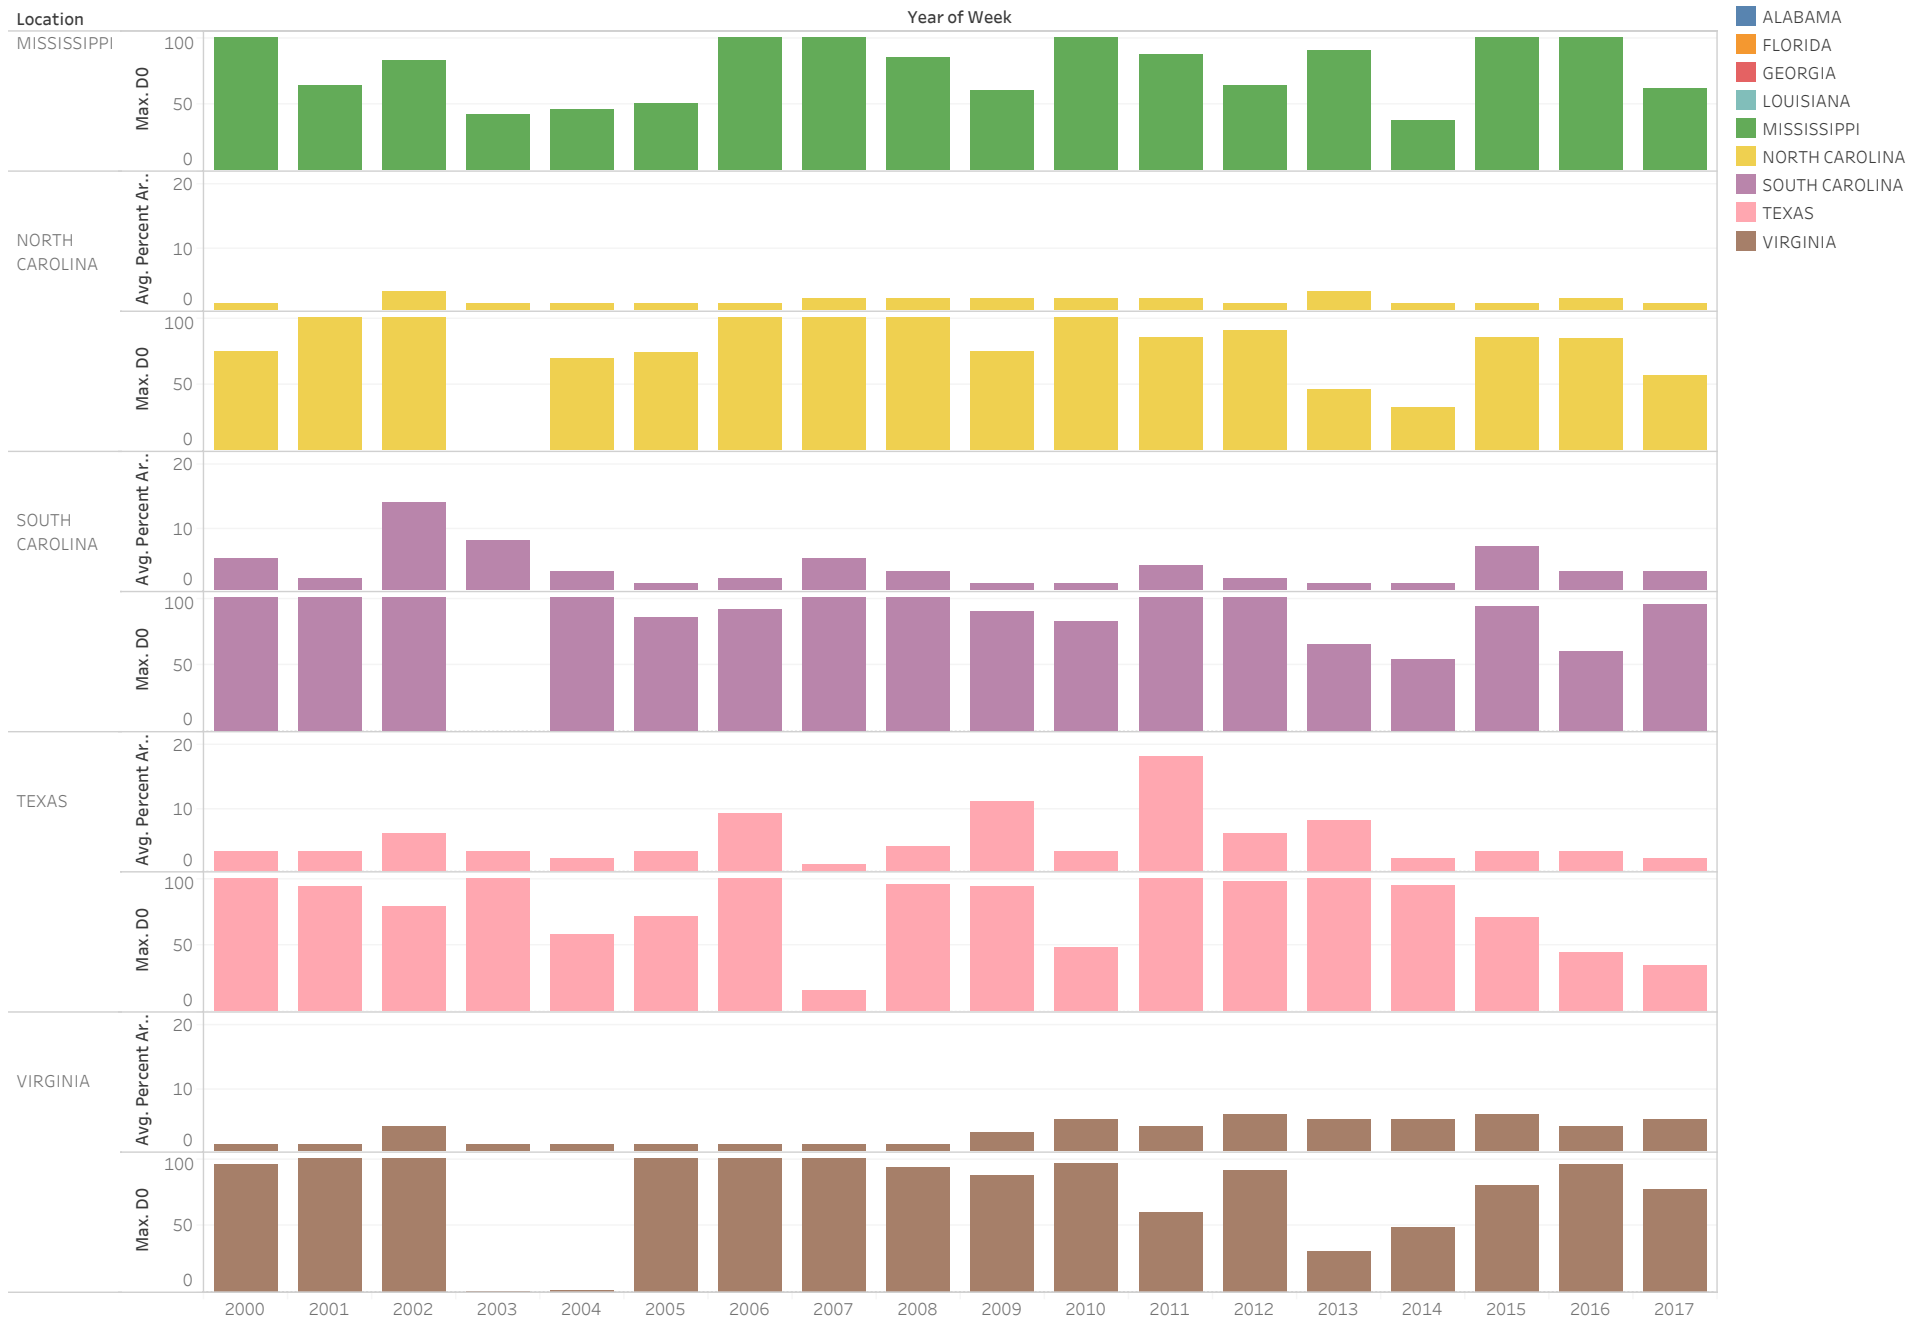

pct/max-d0

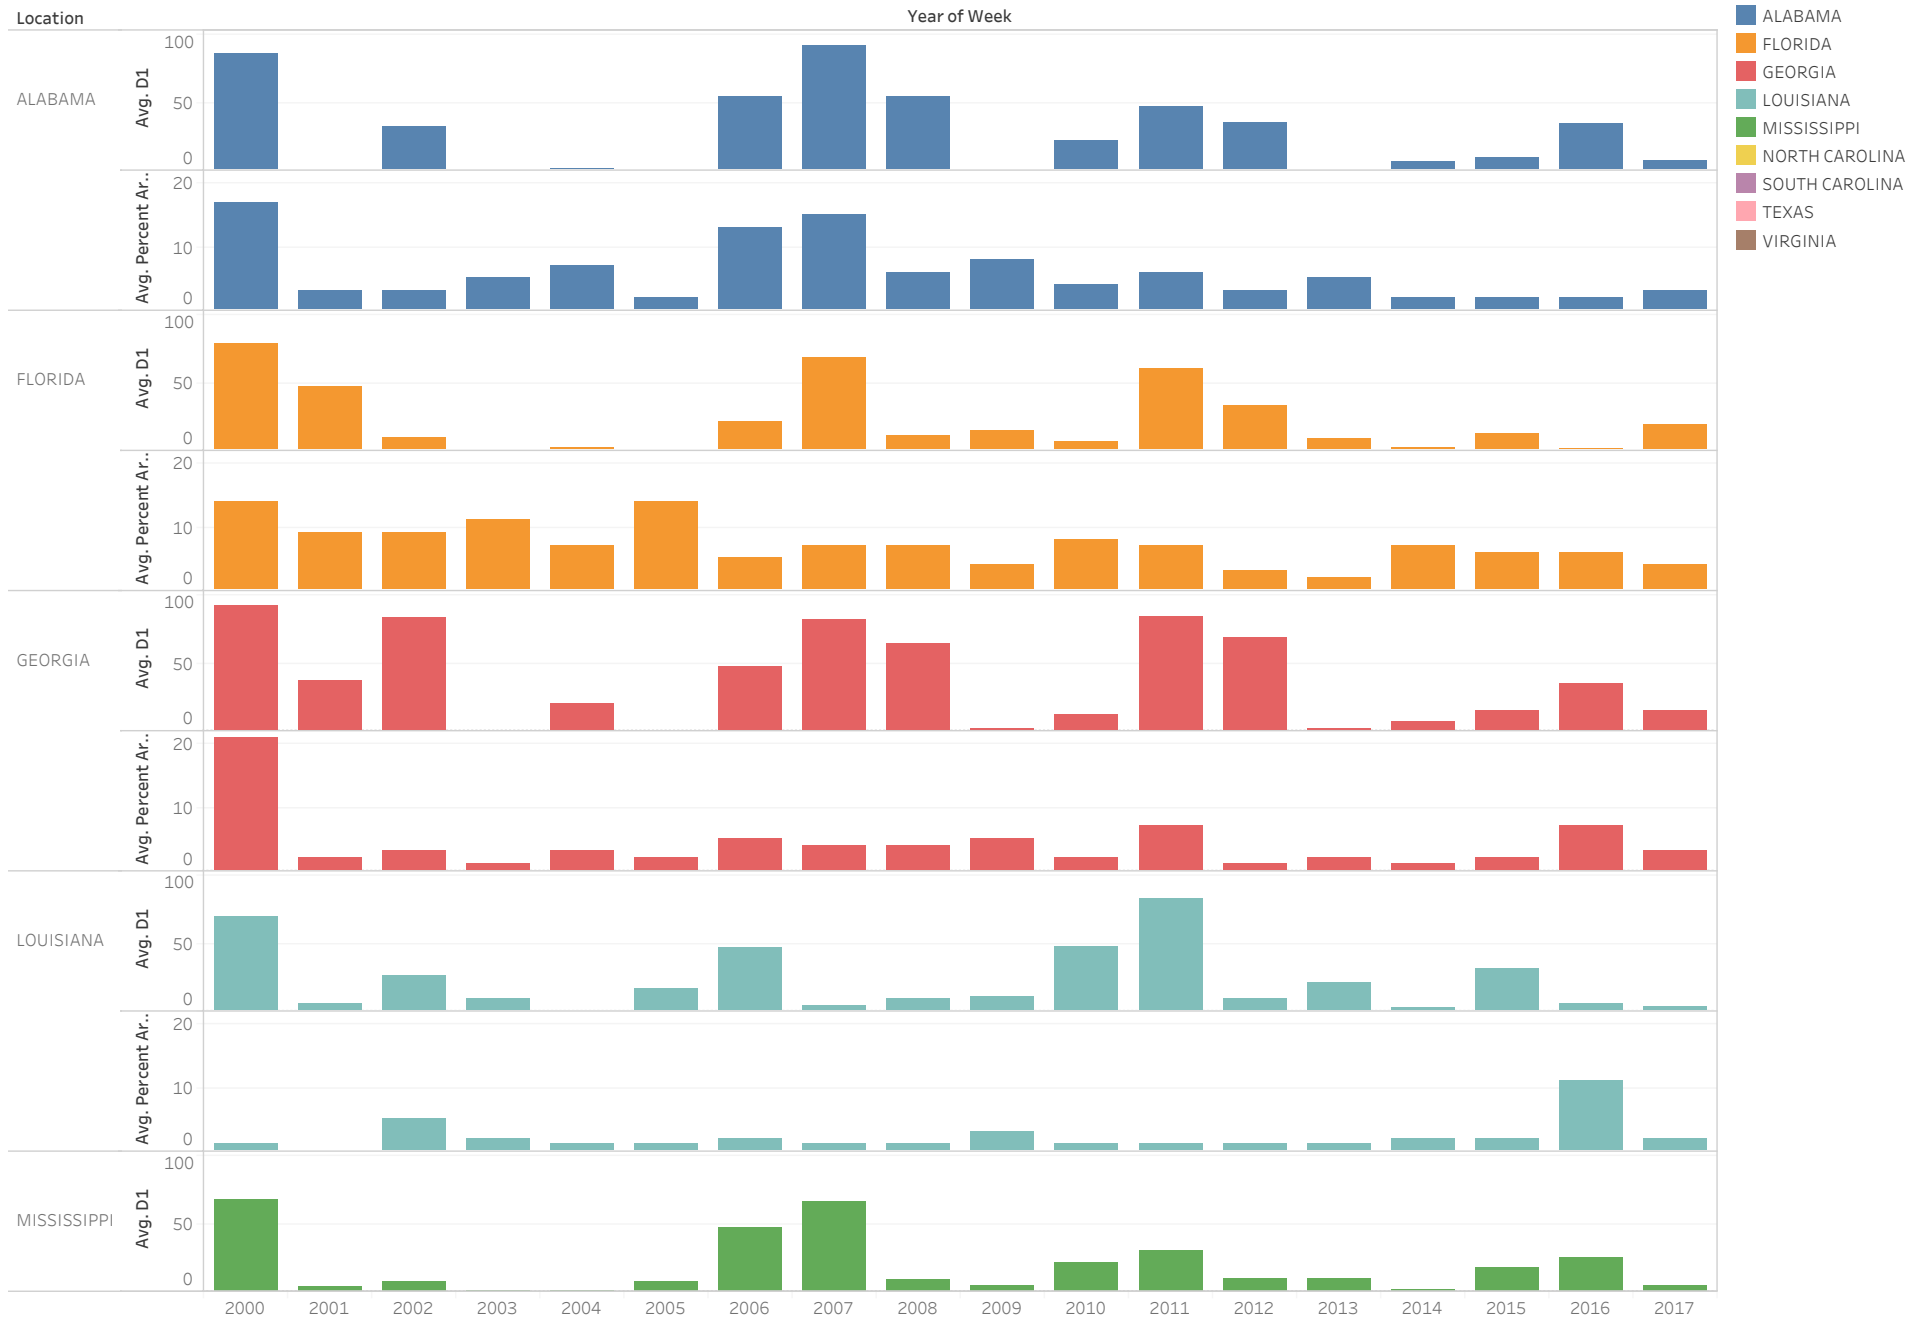

Average of Percent Area Lost and maximum of D0 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d0

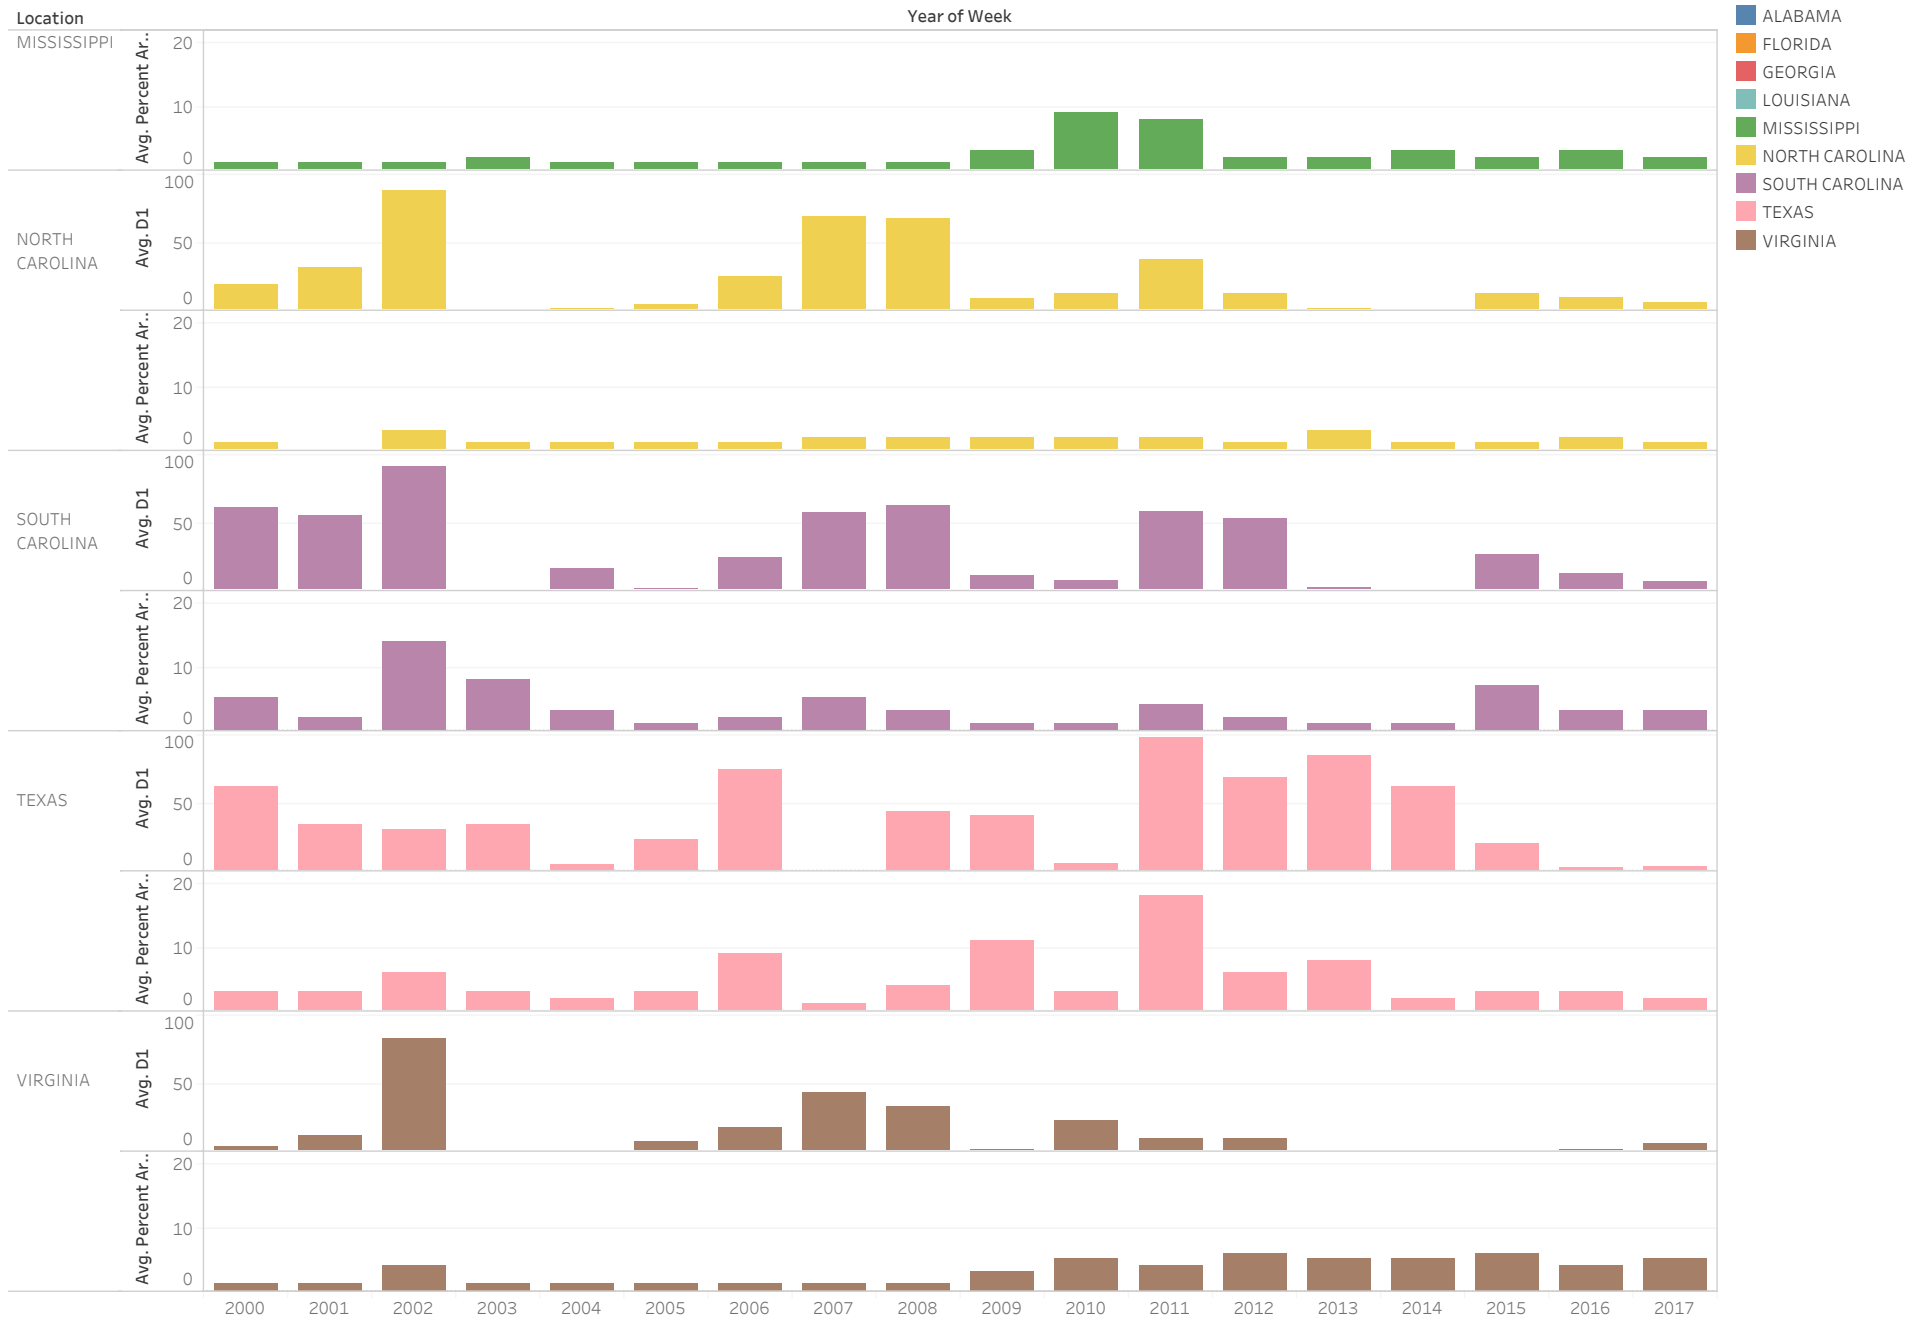

Average of Percent Area Lost and maximum of D0 for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d1

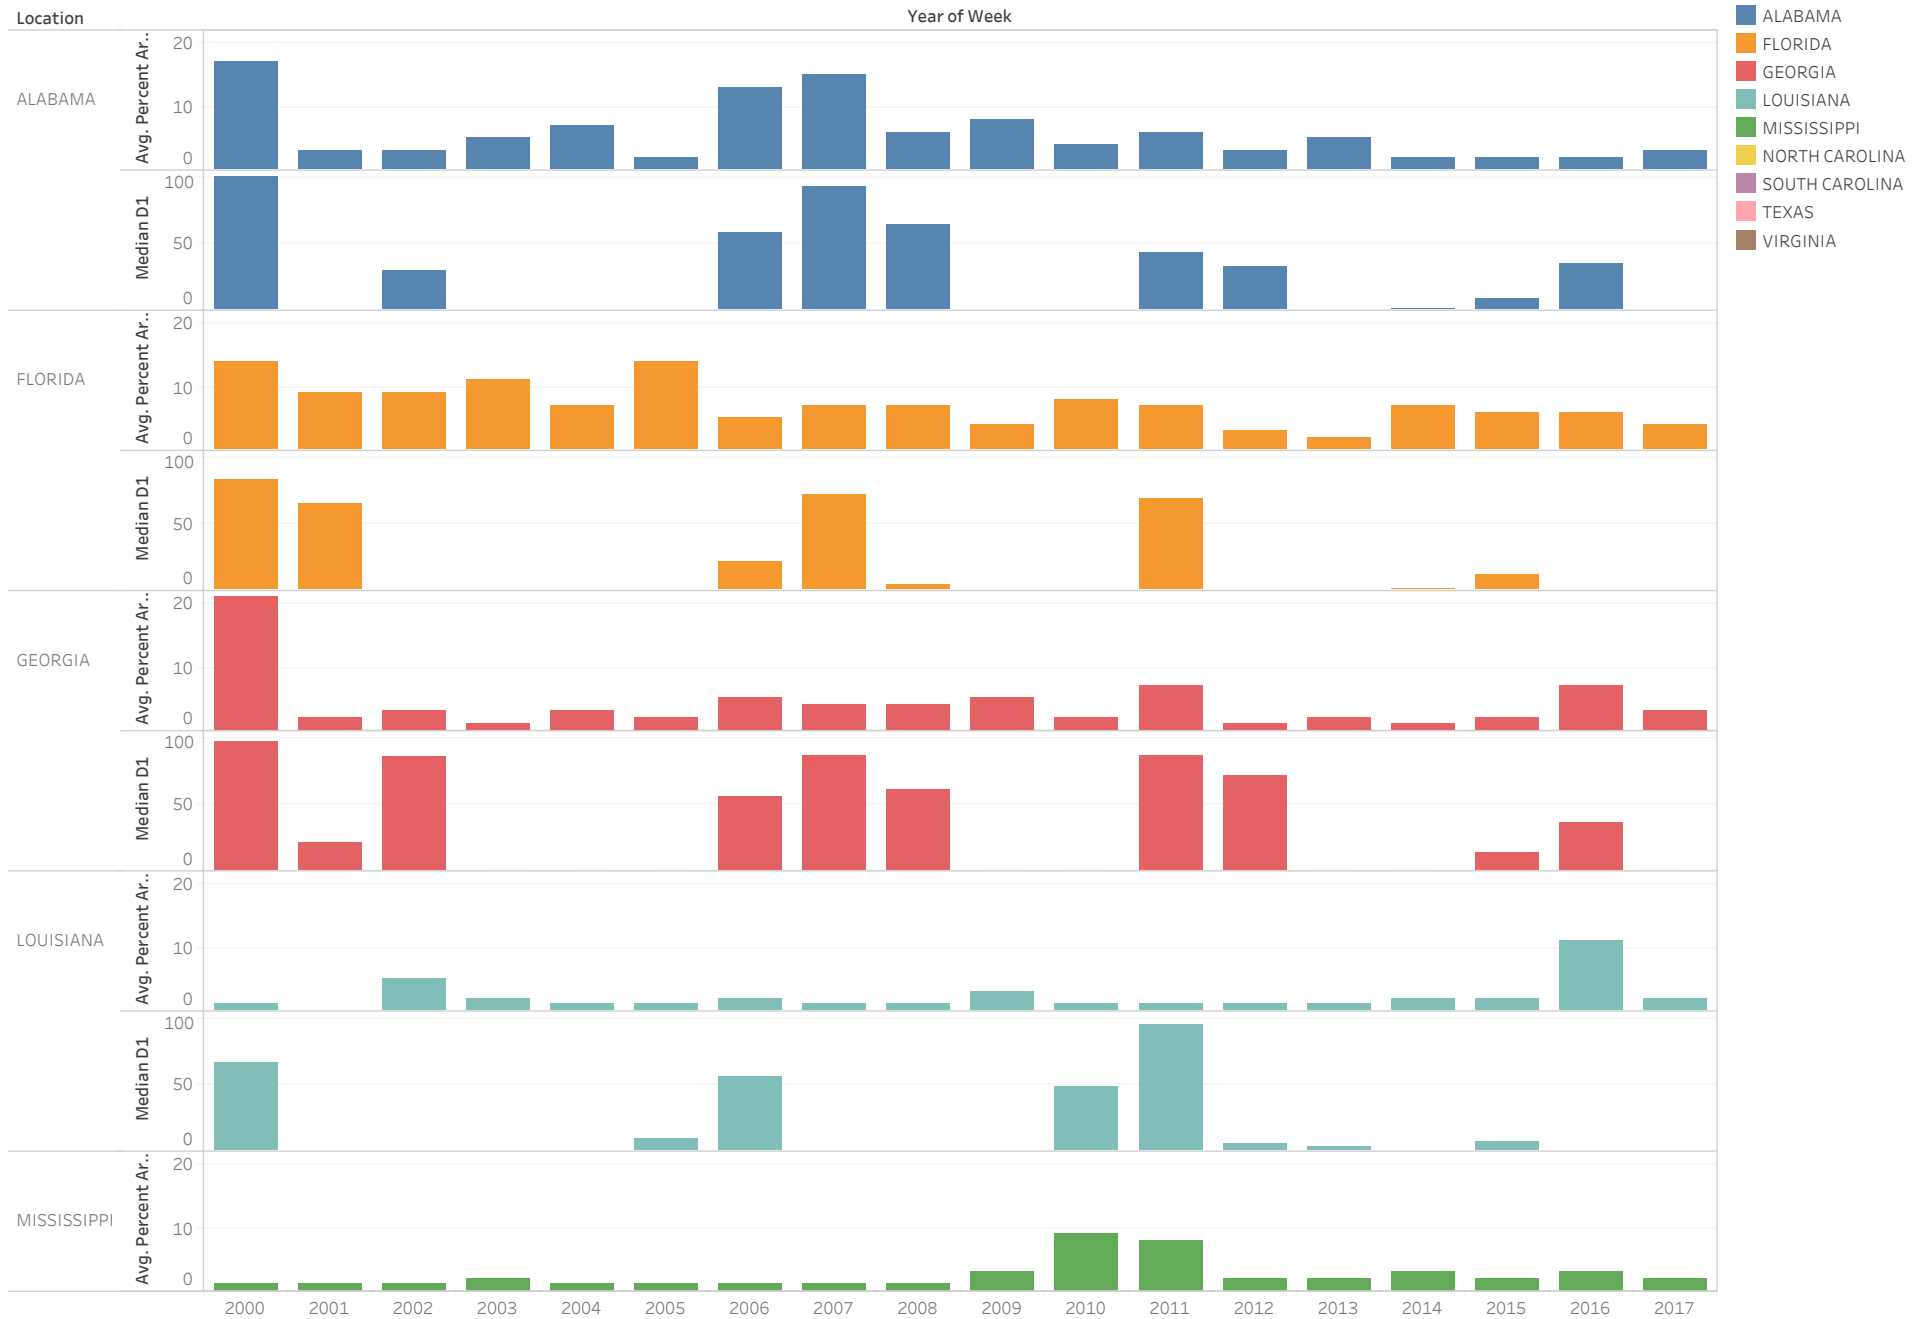

pct/avg-d1

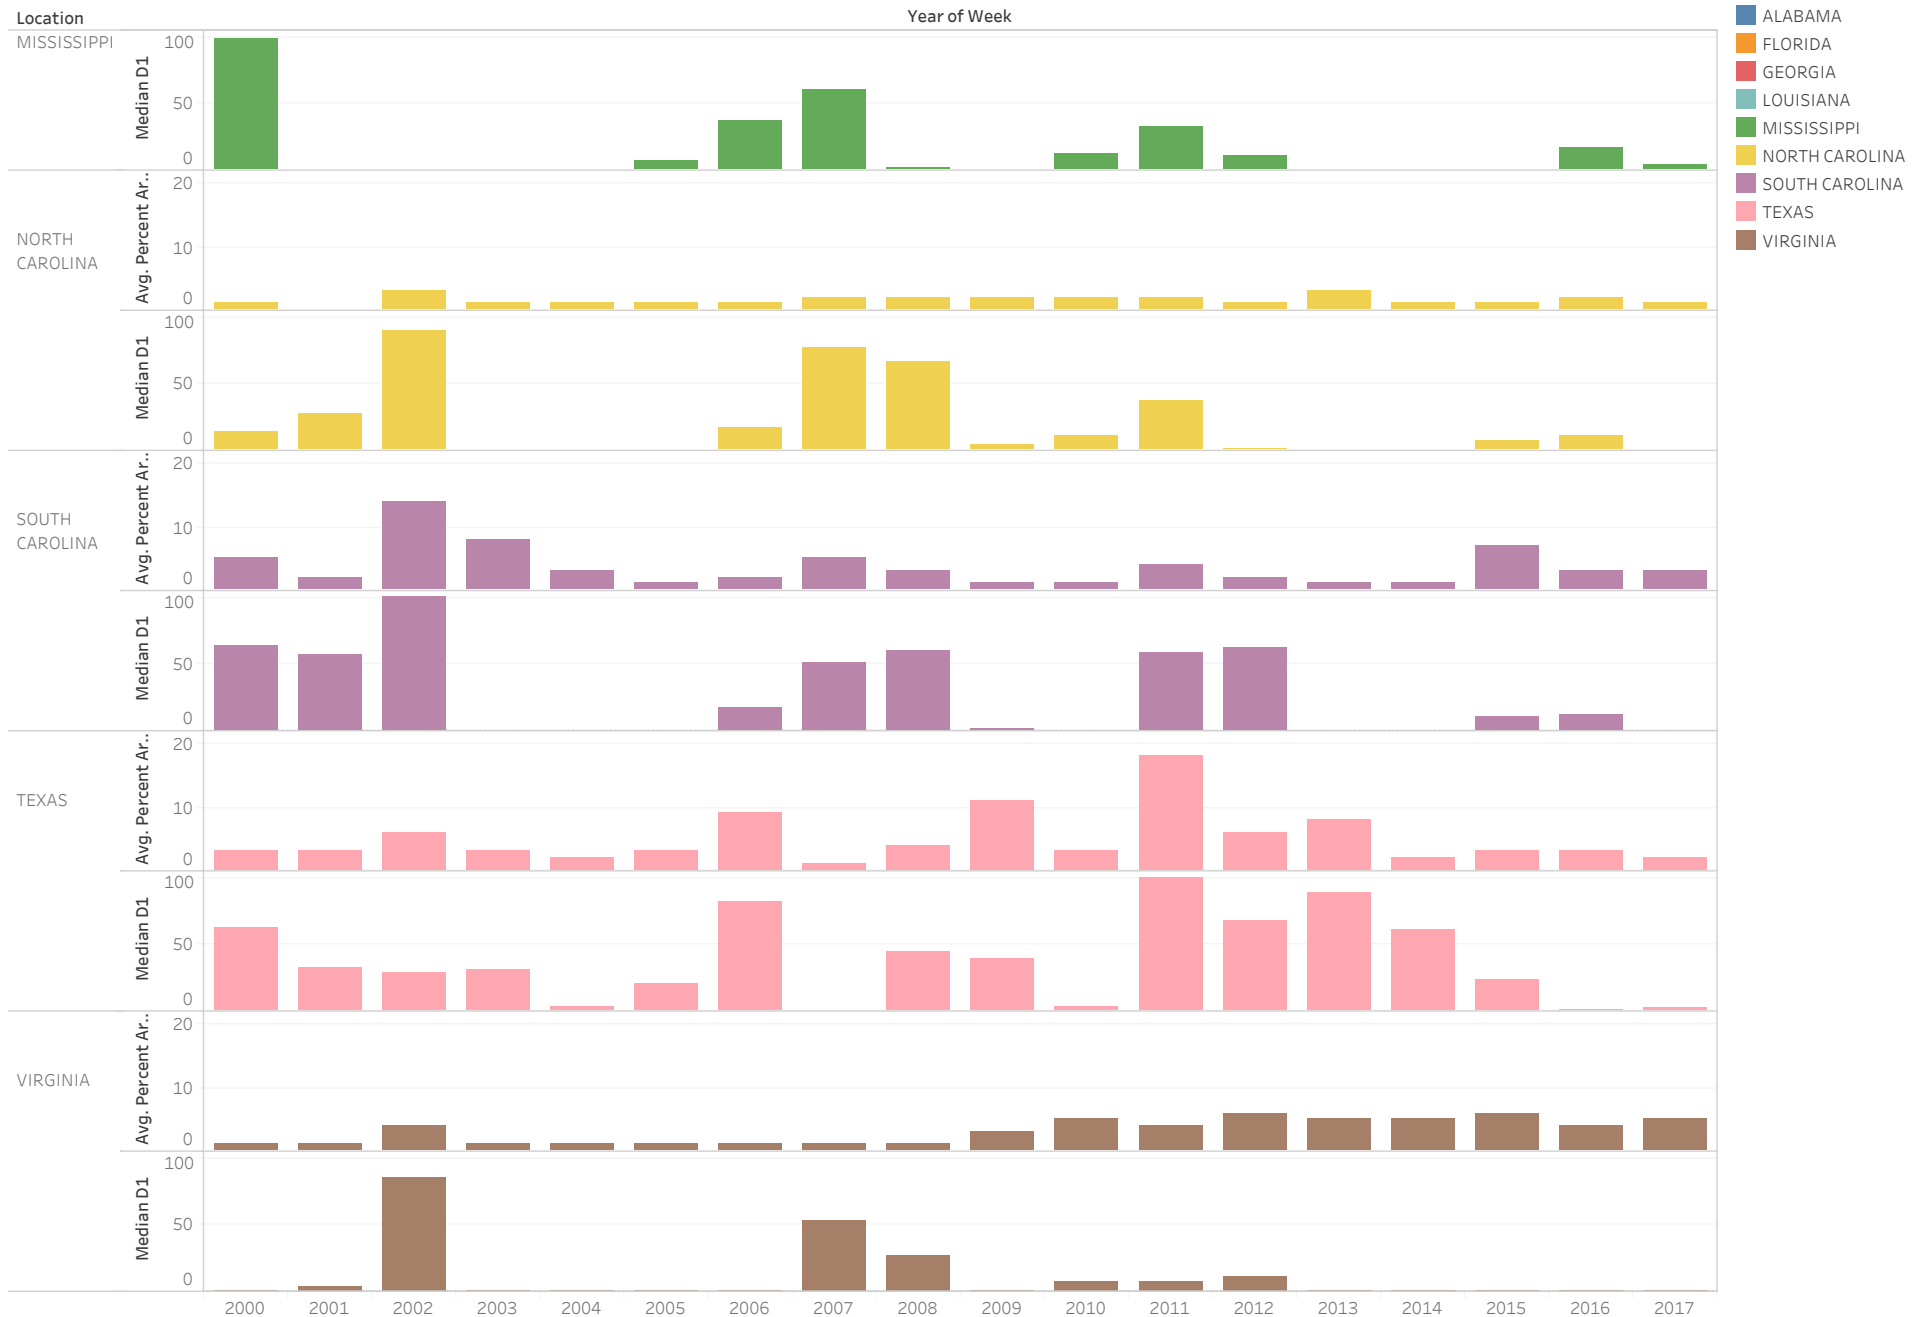

pct/med-d1

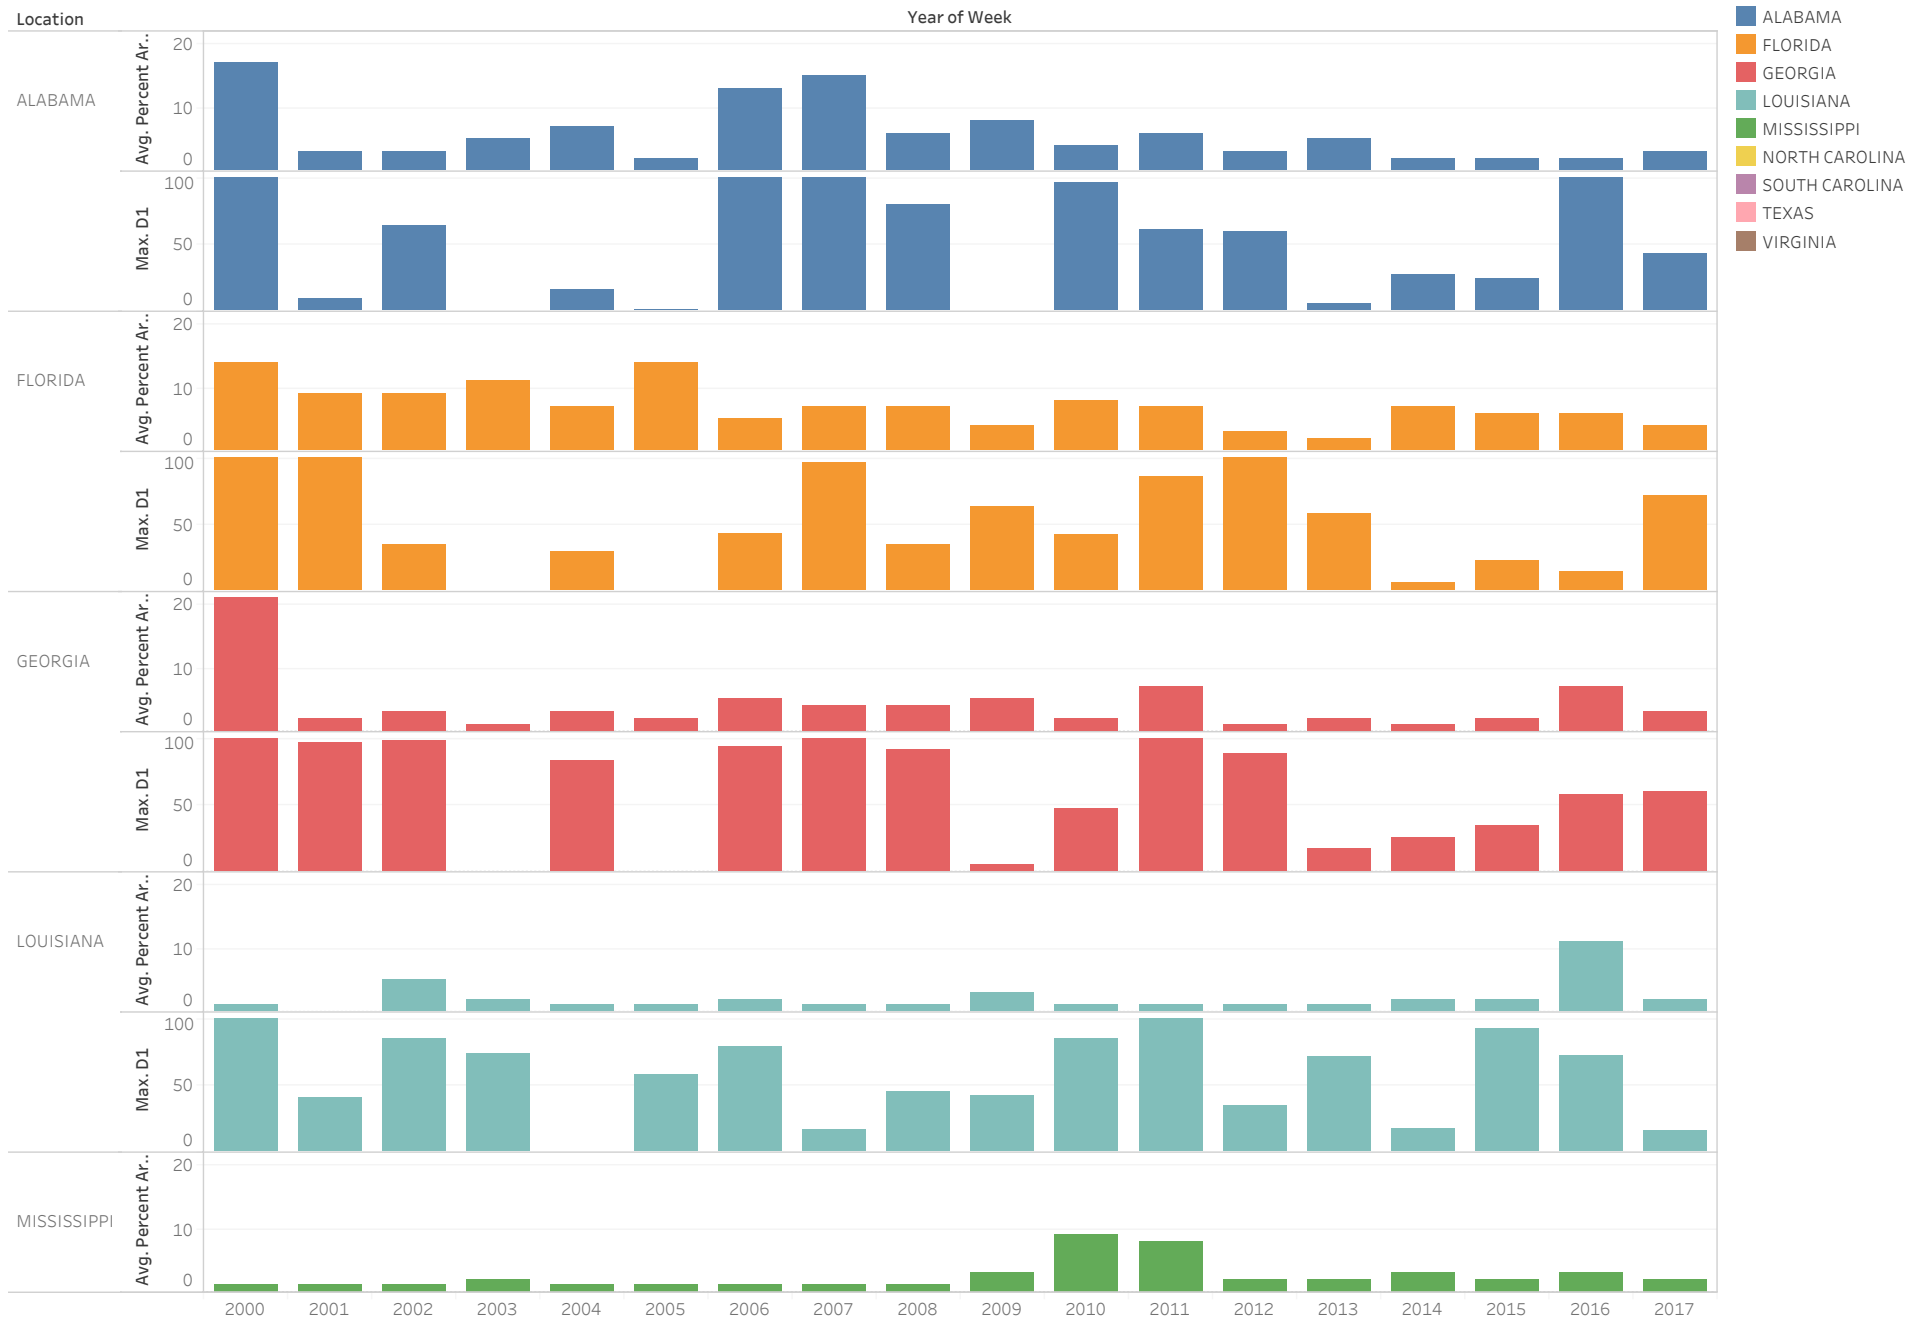

pct/med-d1

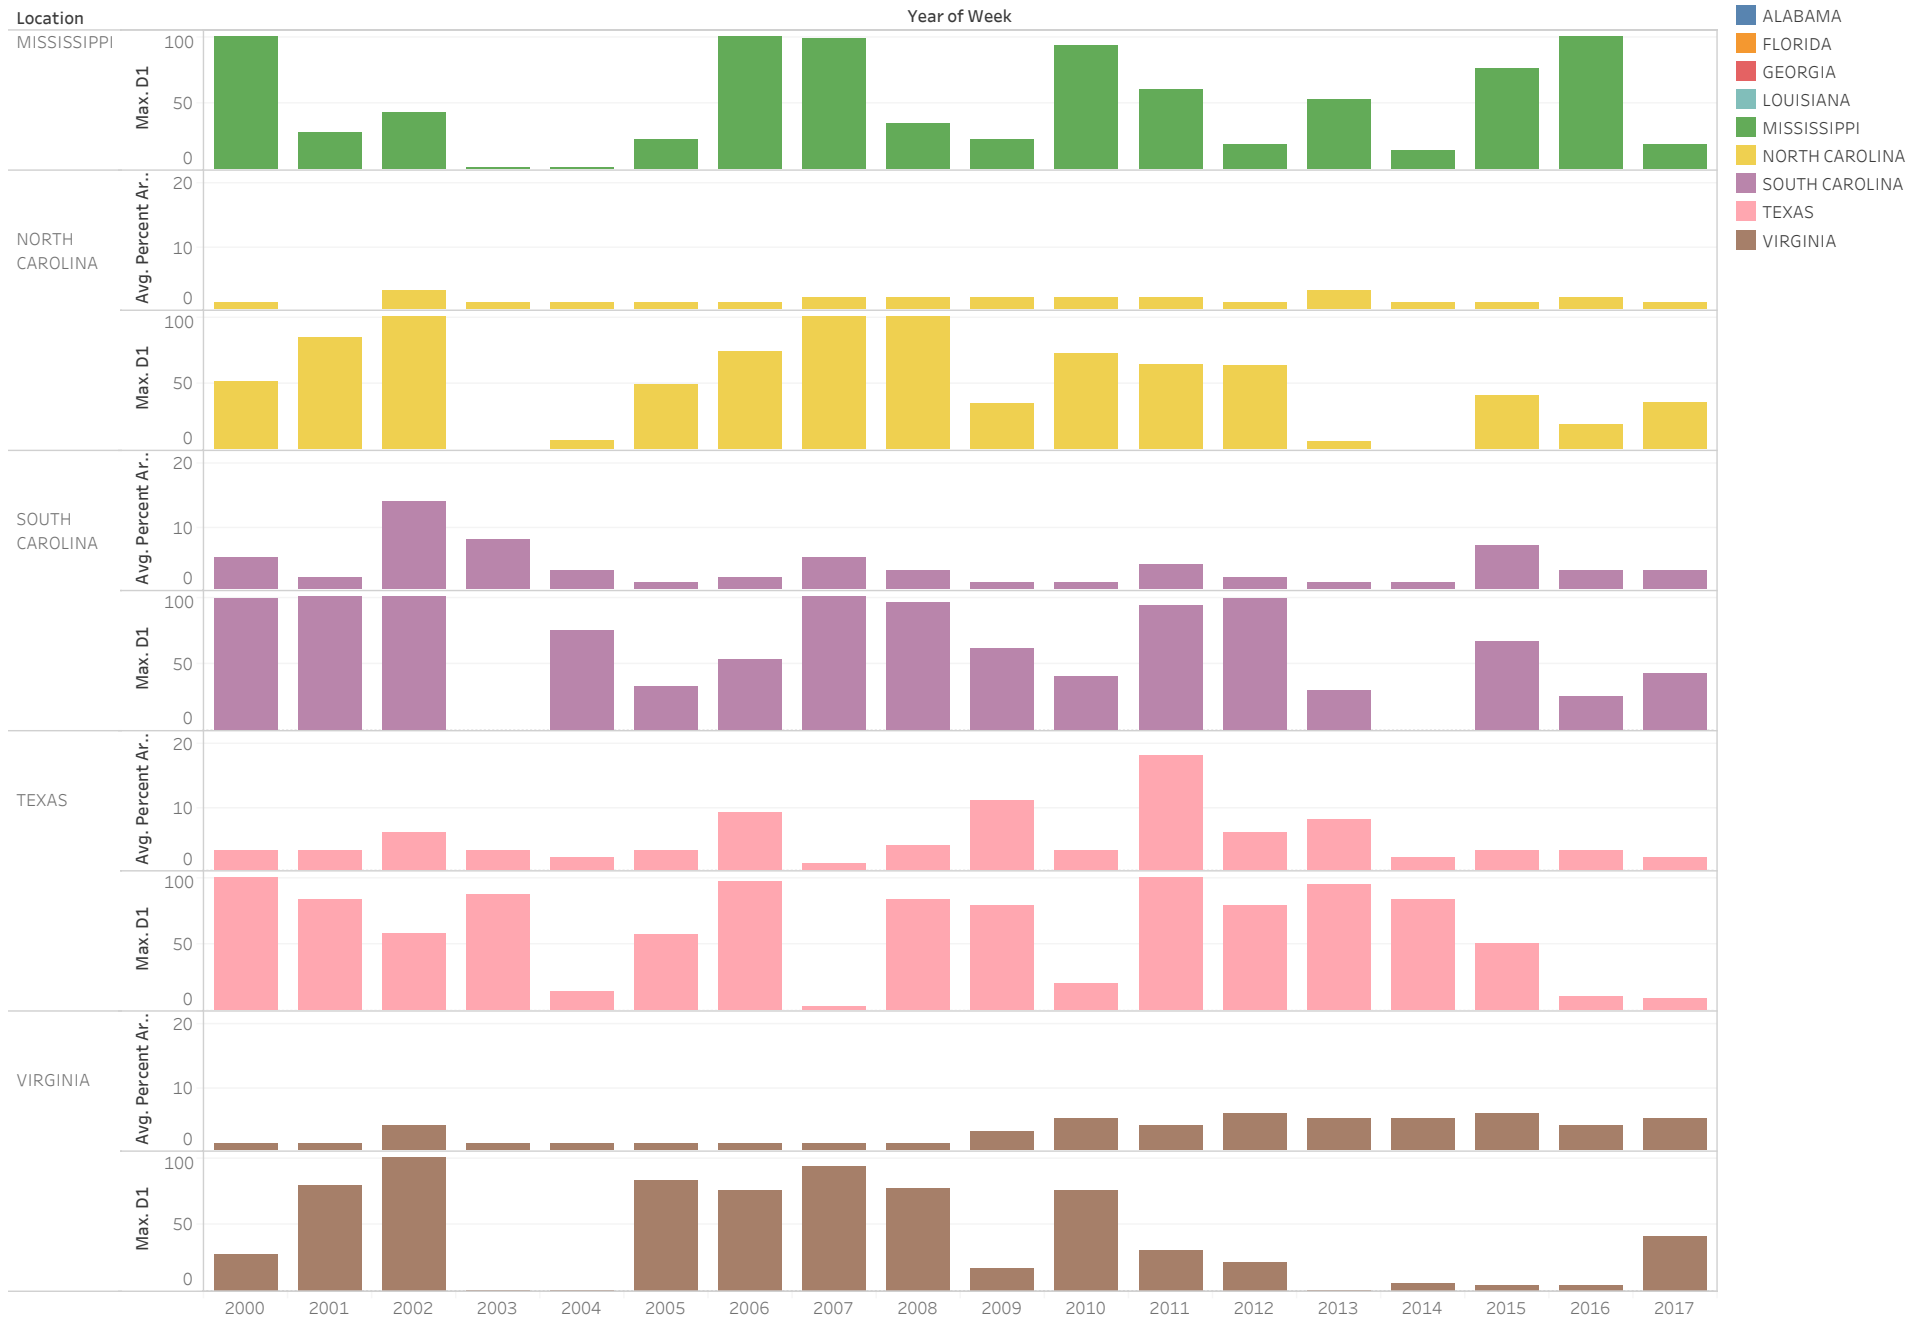

Average of Percent Area Lost and median of D1 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d1

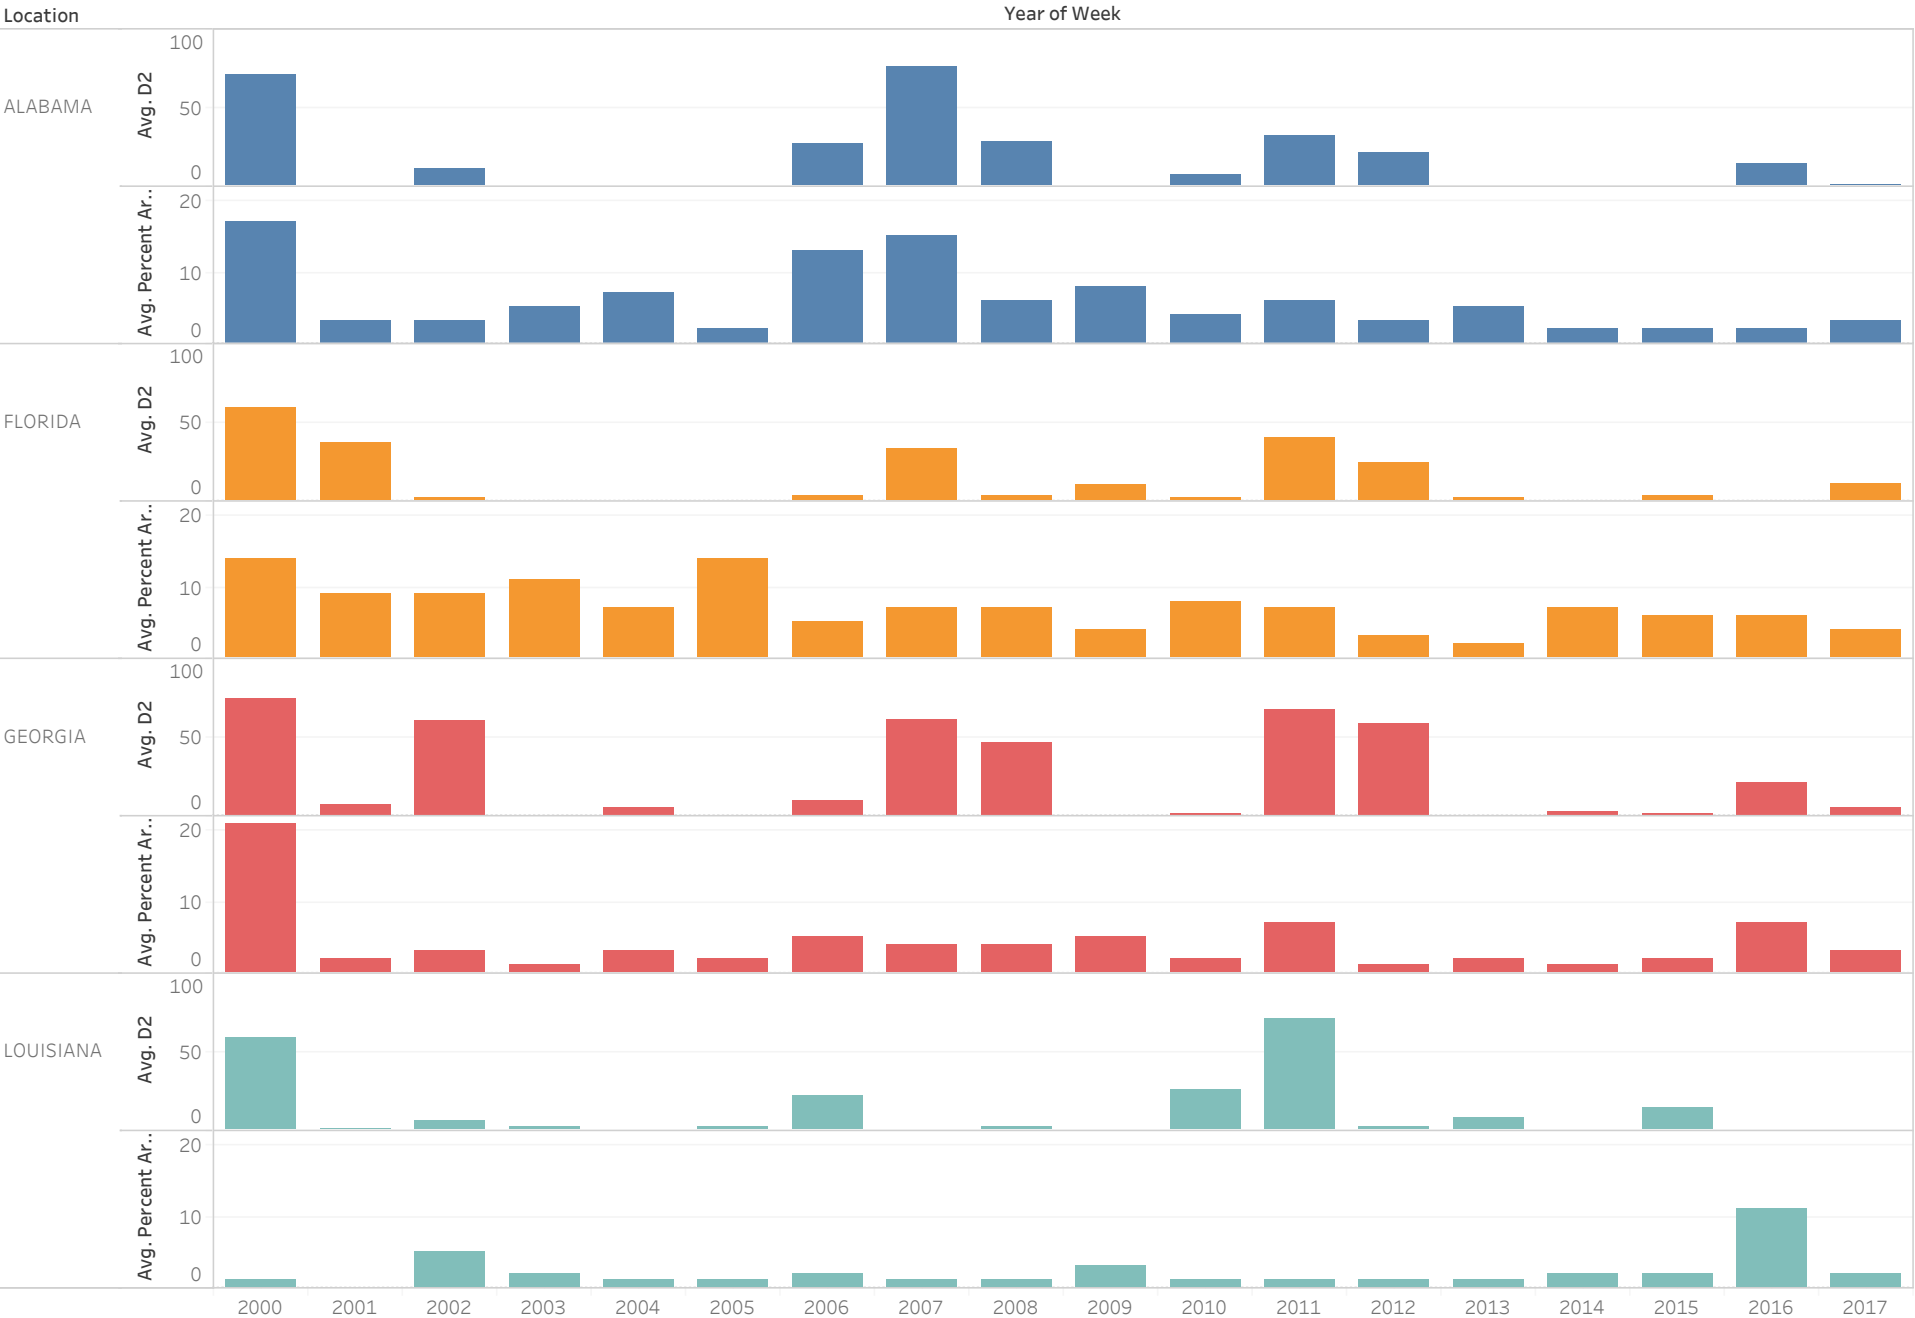

Average of Percent Area Lost and maximum of D1 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d1

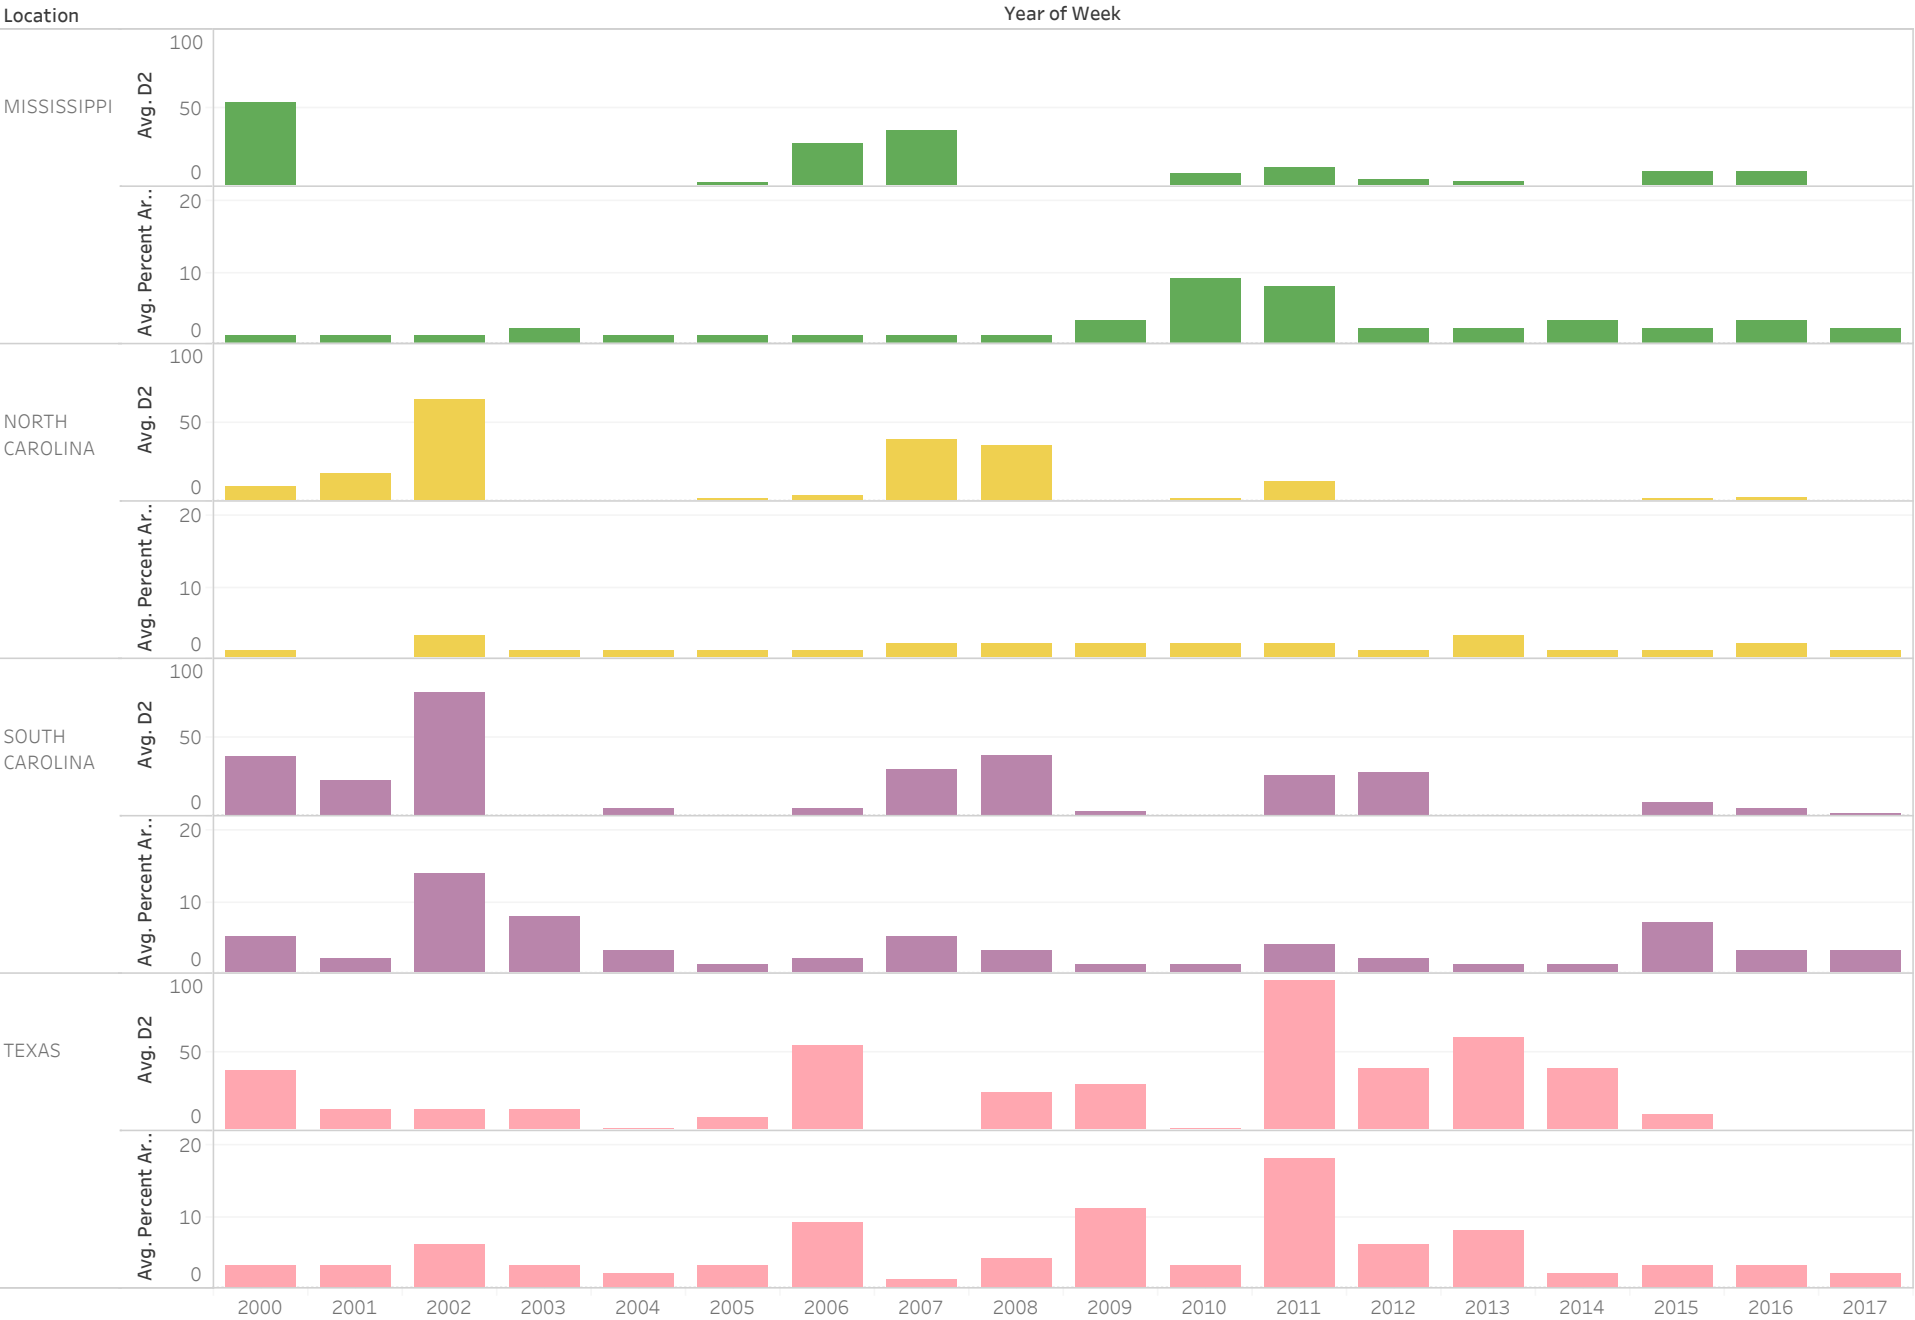

Average of Percent Area Lost and maximum of D1 for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d2

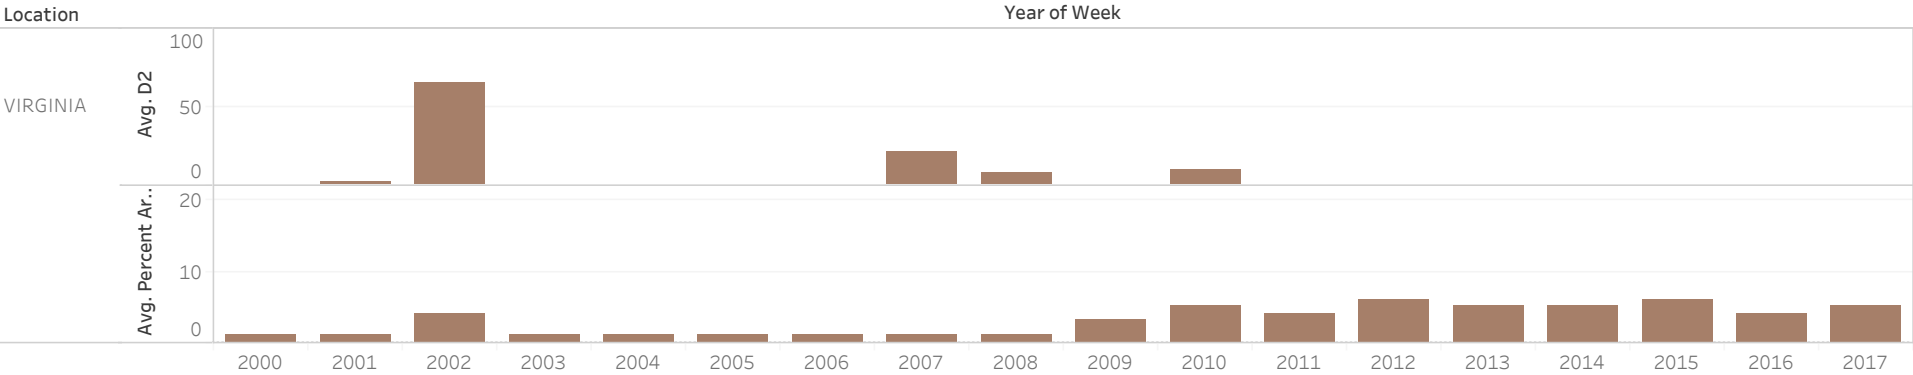

Average of D2 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d2

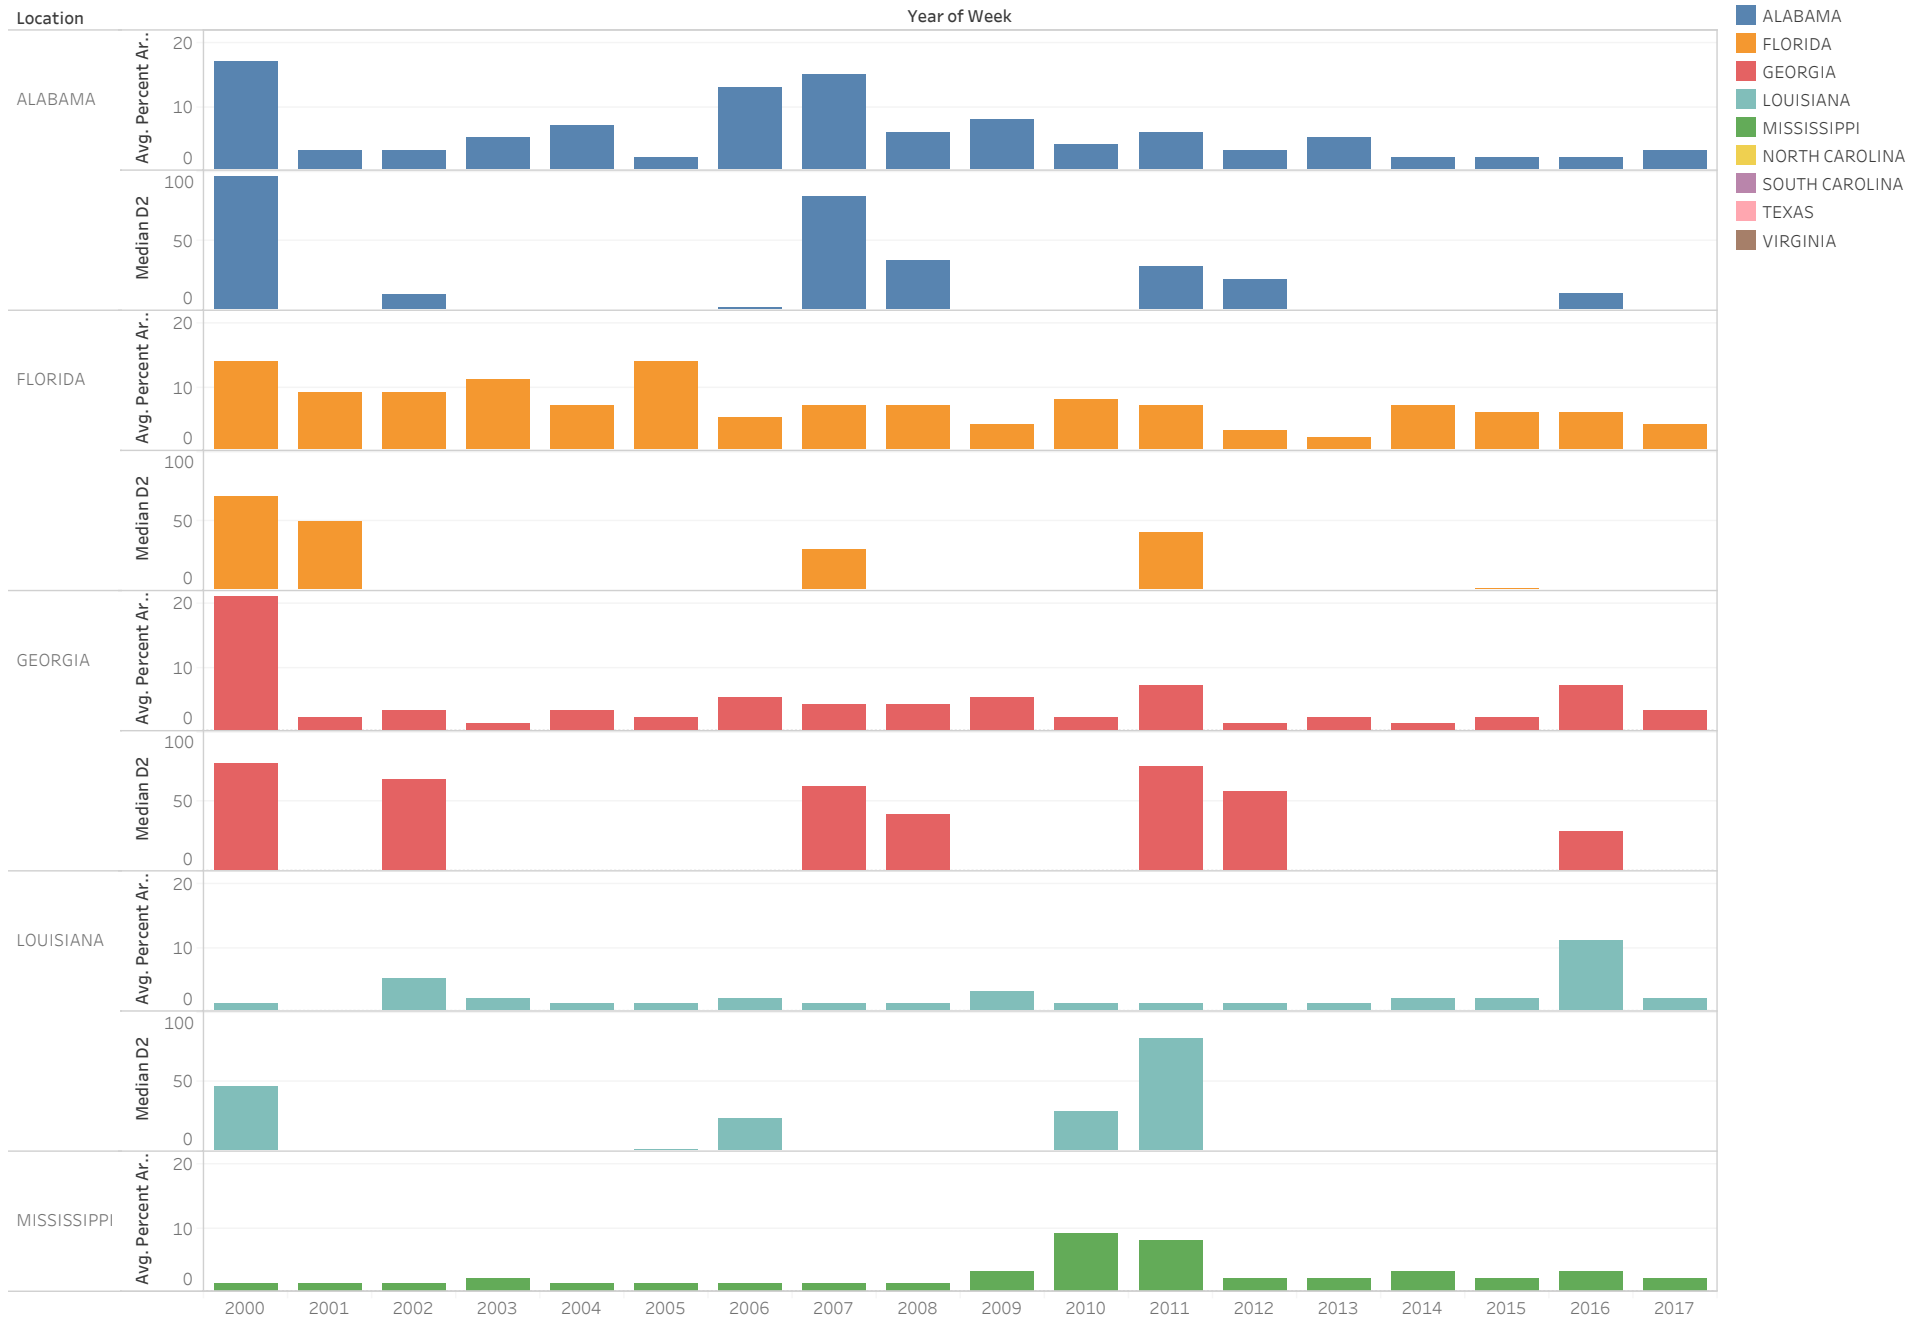

Average of D2 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d2

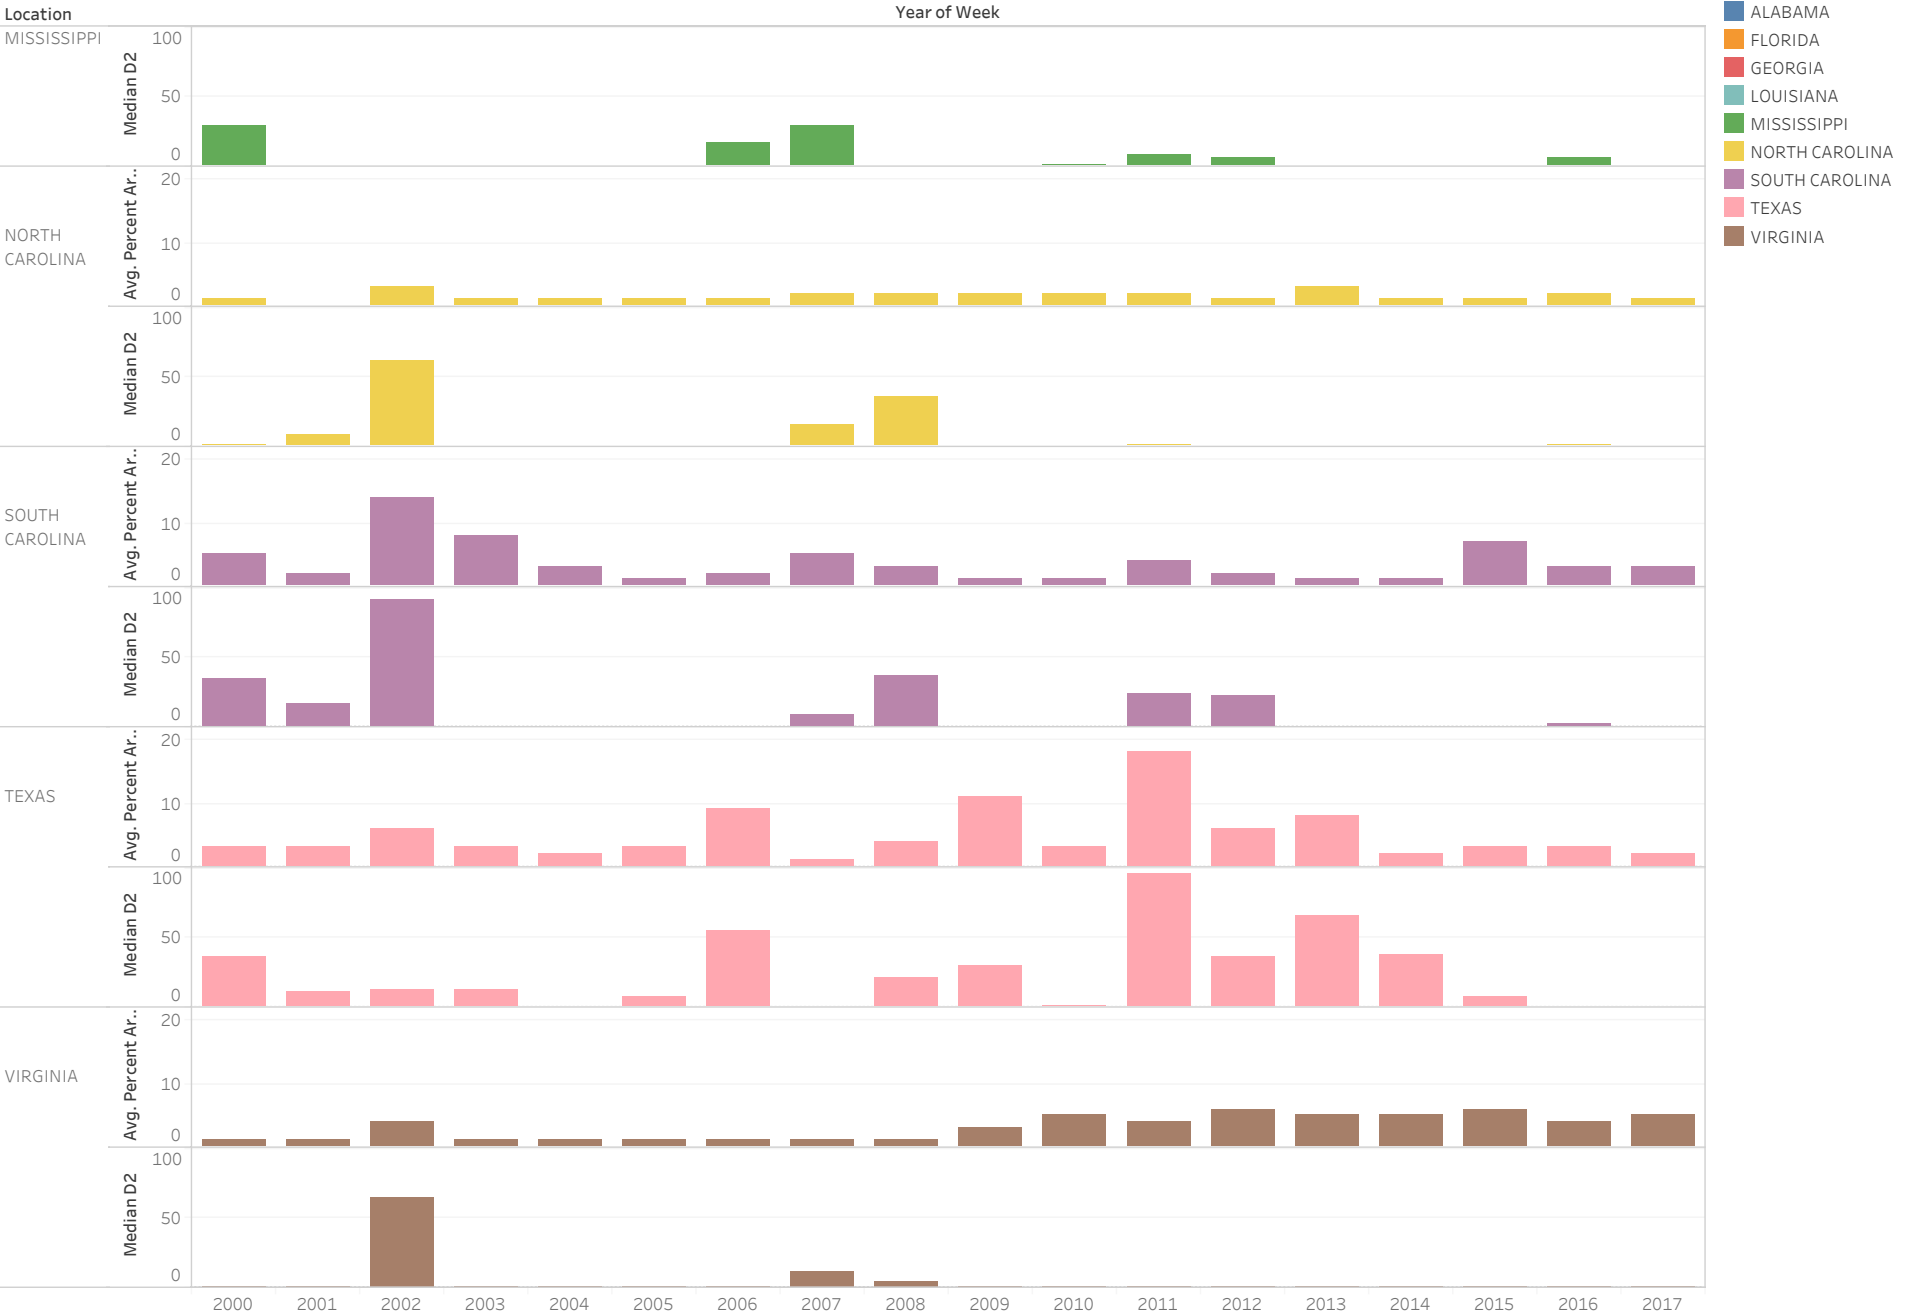

Average of D2 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/med-d2

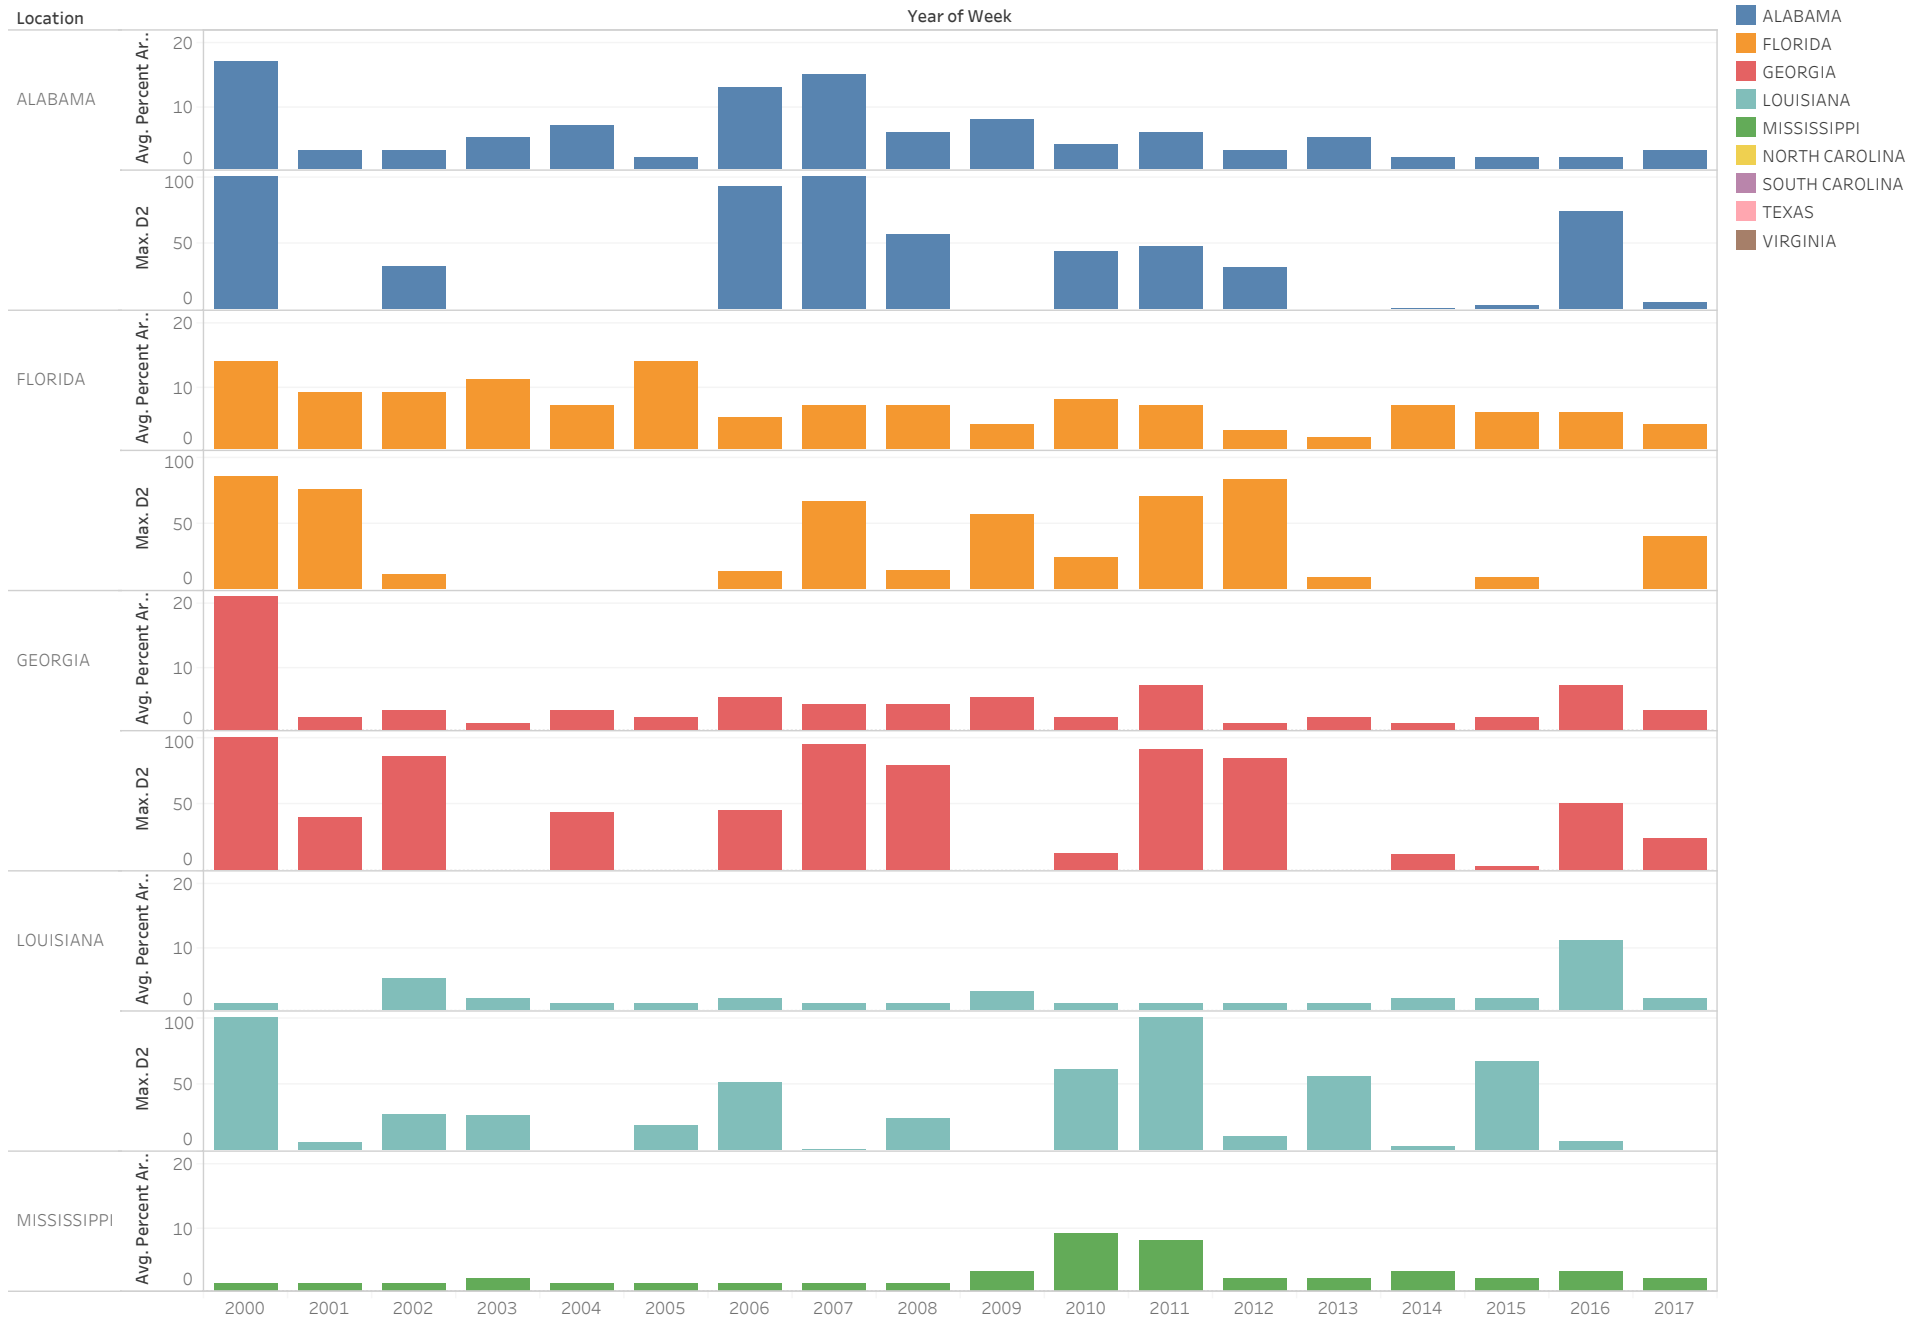

pct/med-d2

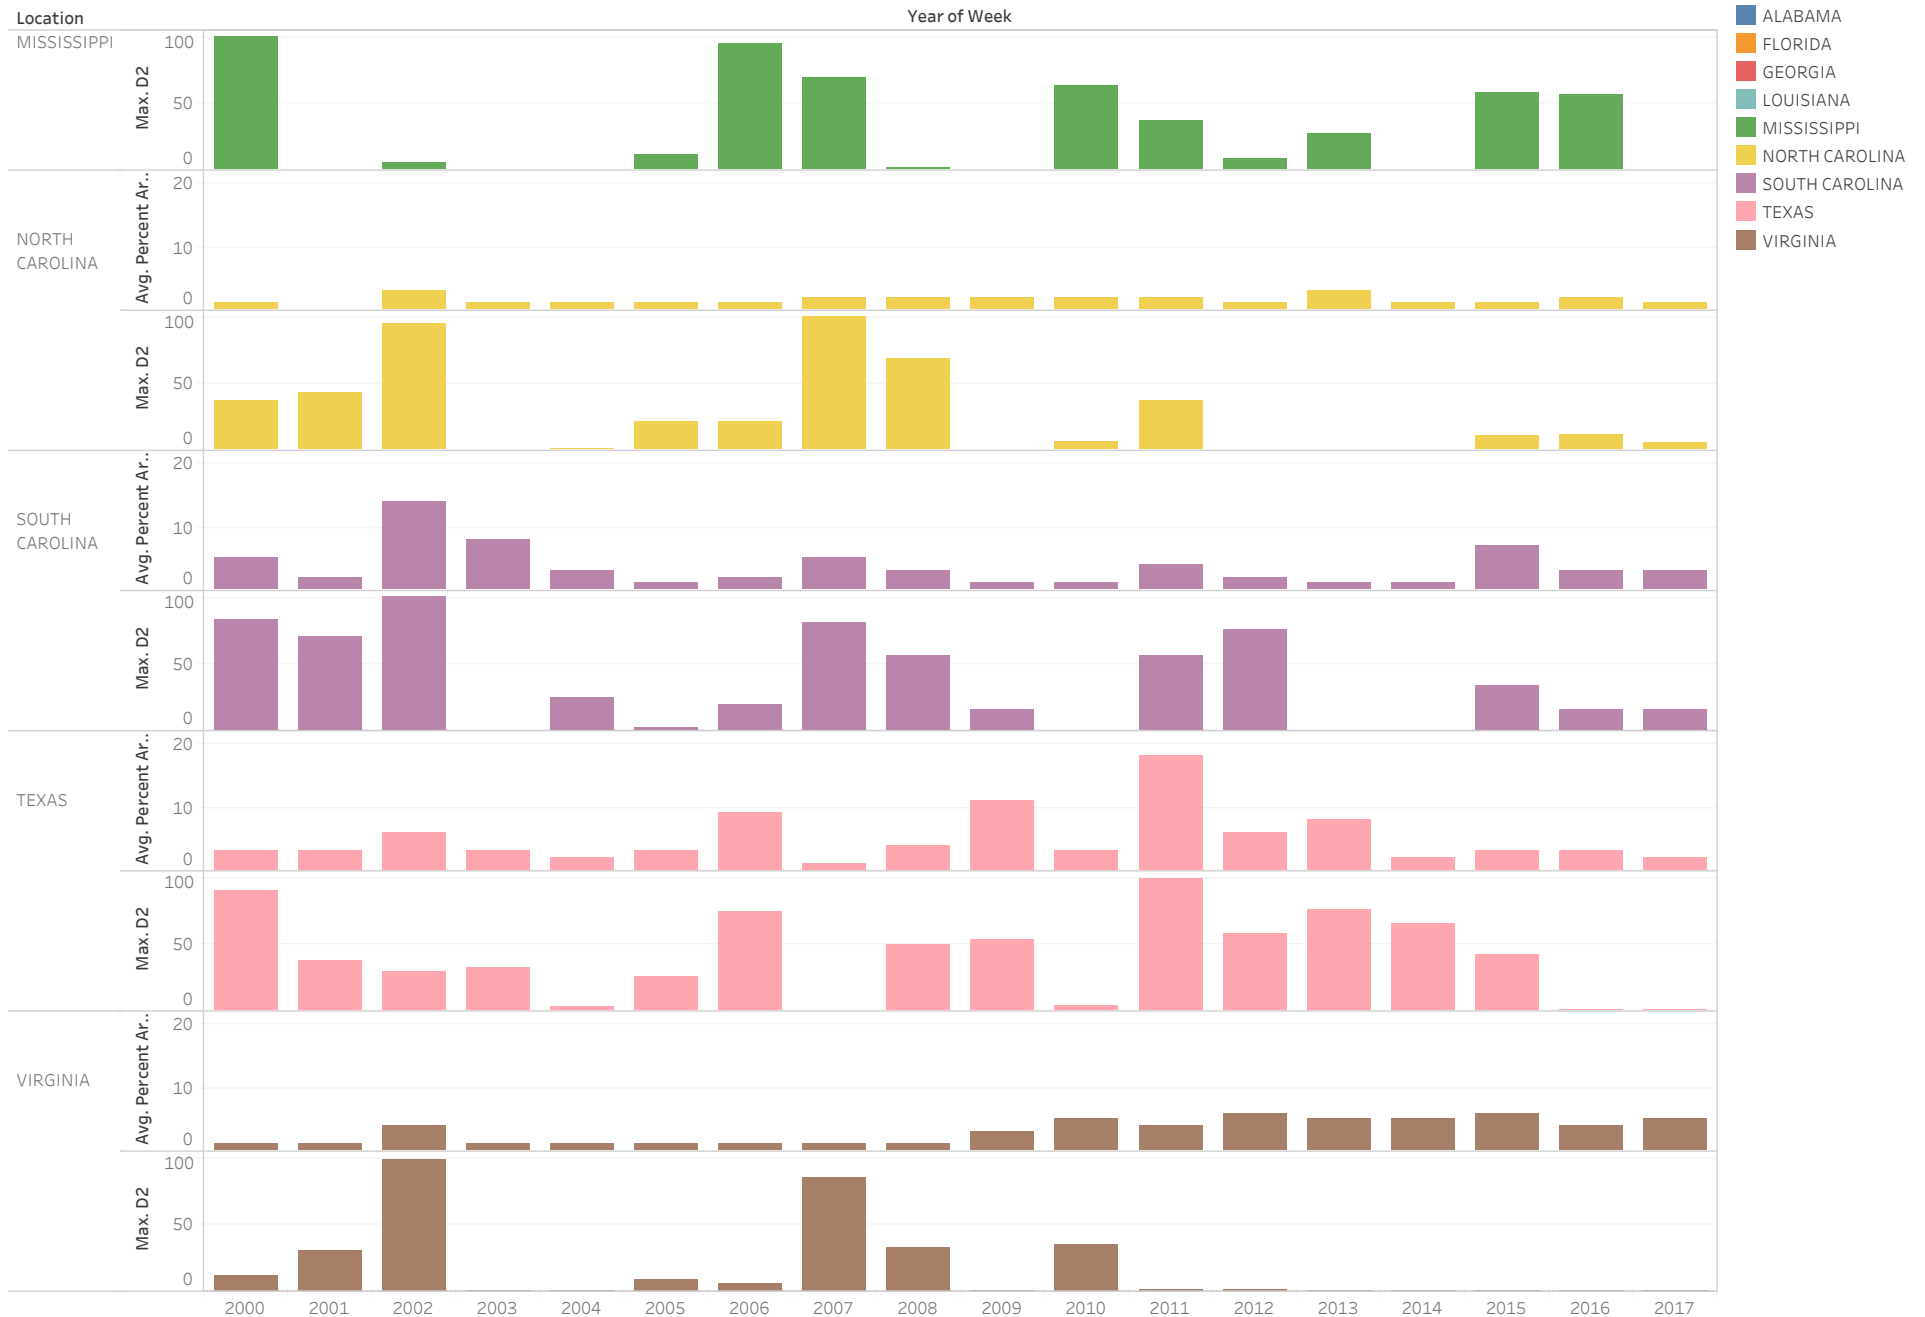

Average of Percent Area Lost and median of D2 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d2

Average of Percent Area Lost and maximum of D2 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d2

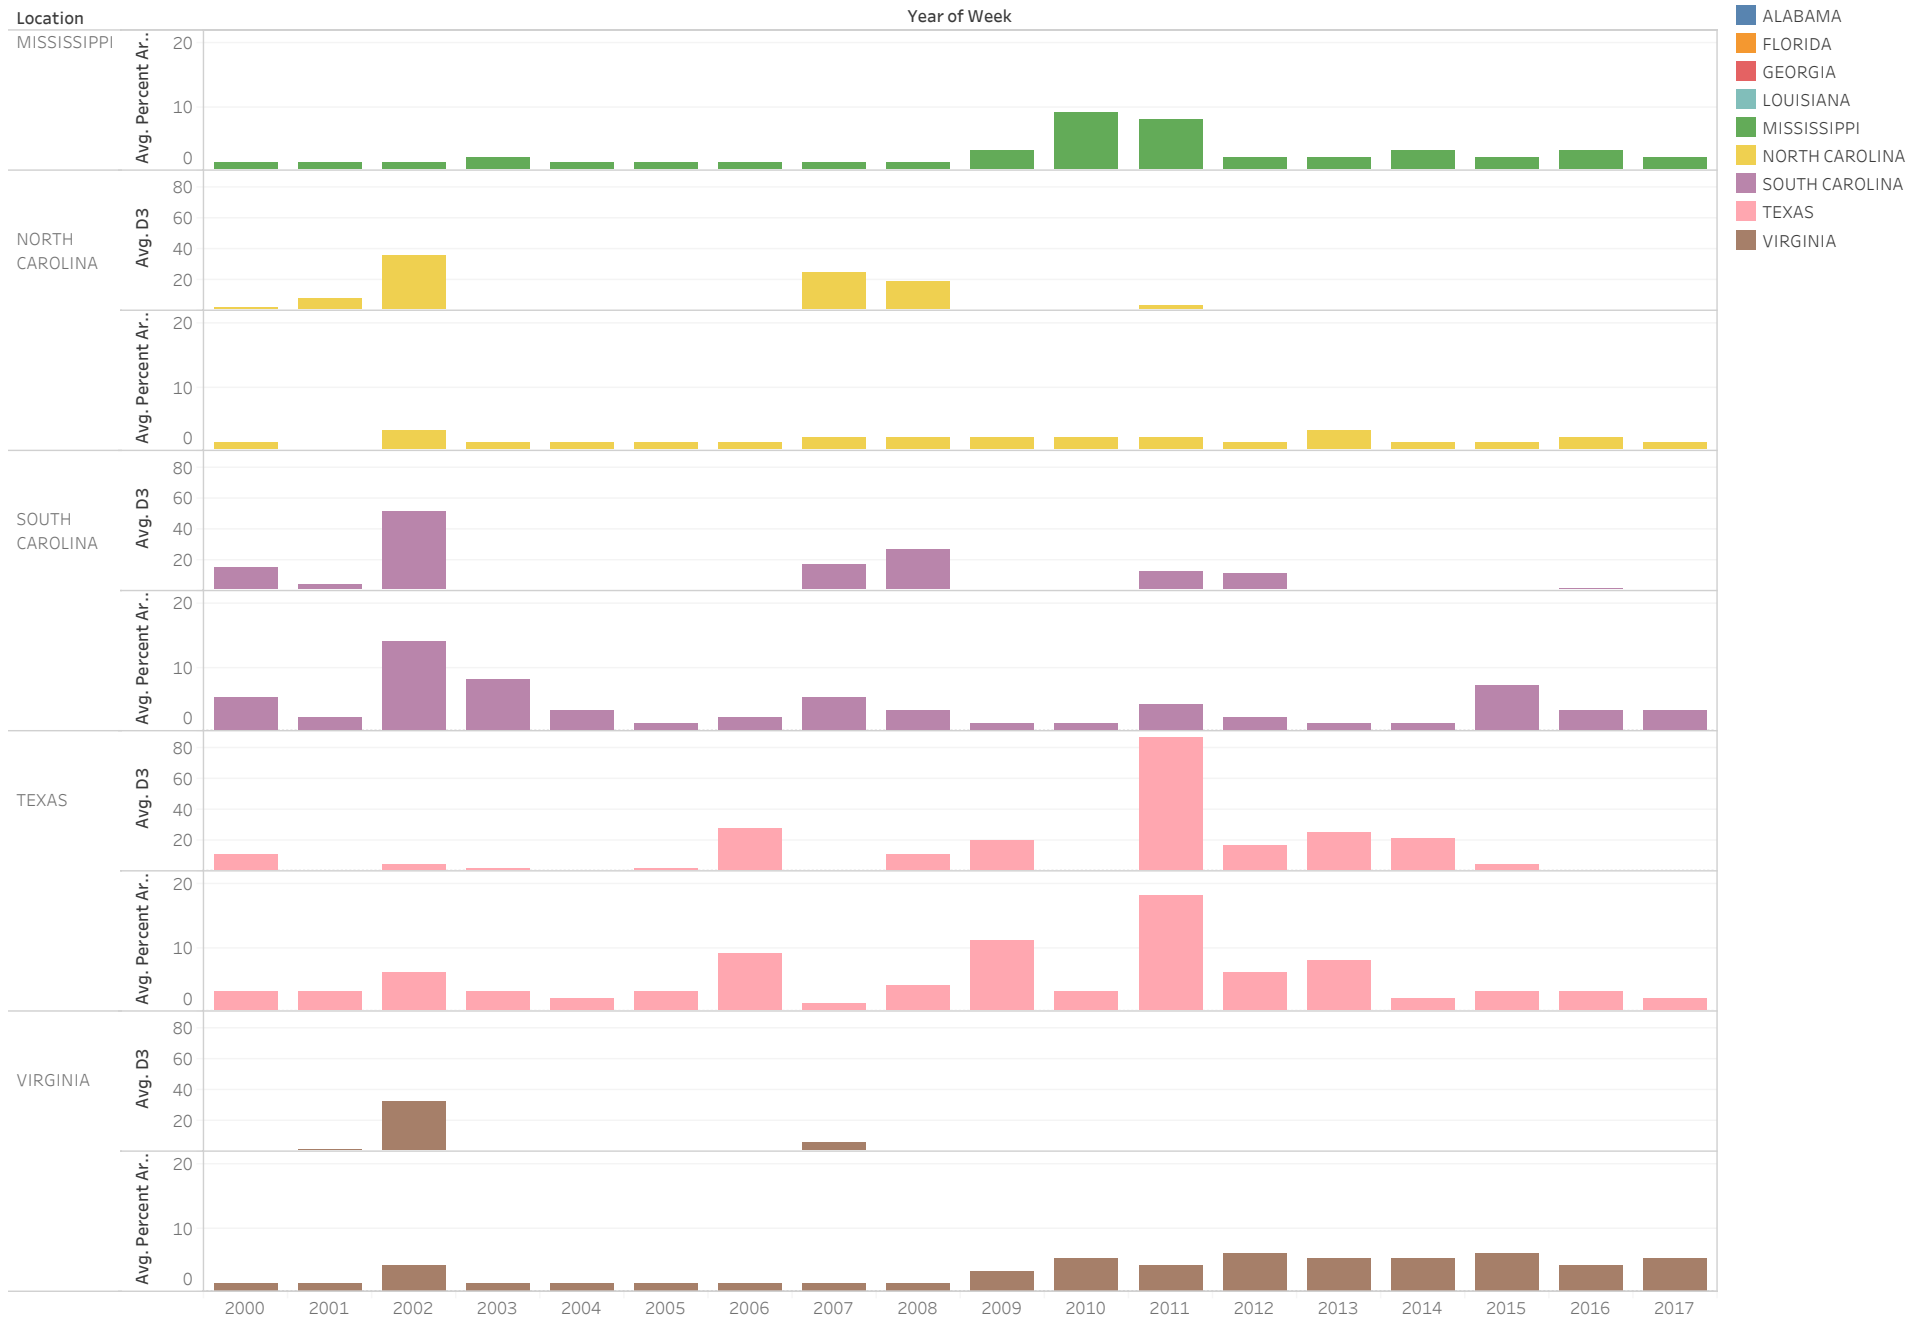

Average of Percent Area Lost and maximum of D2 for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d3

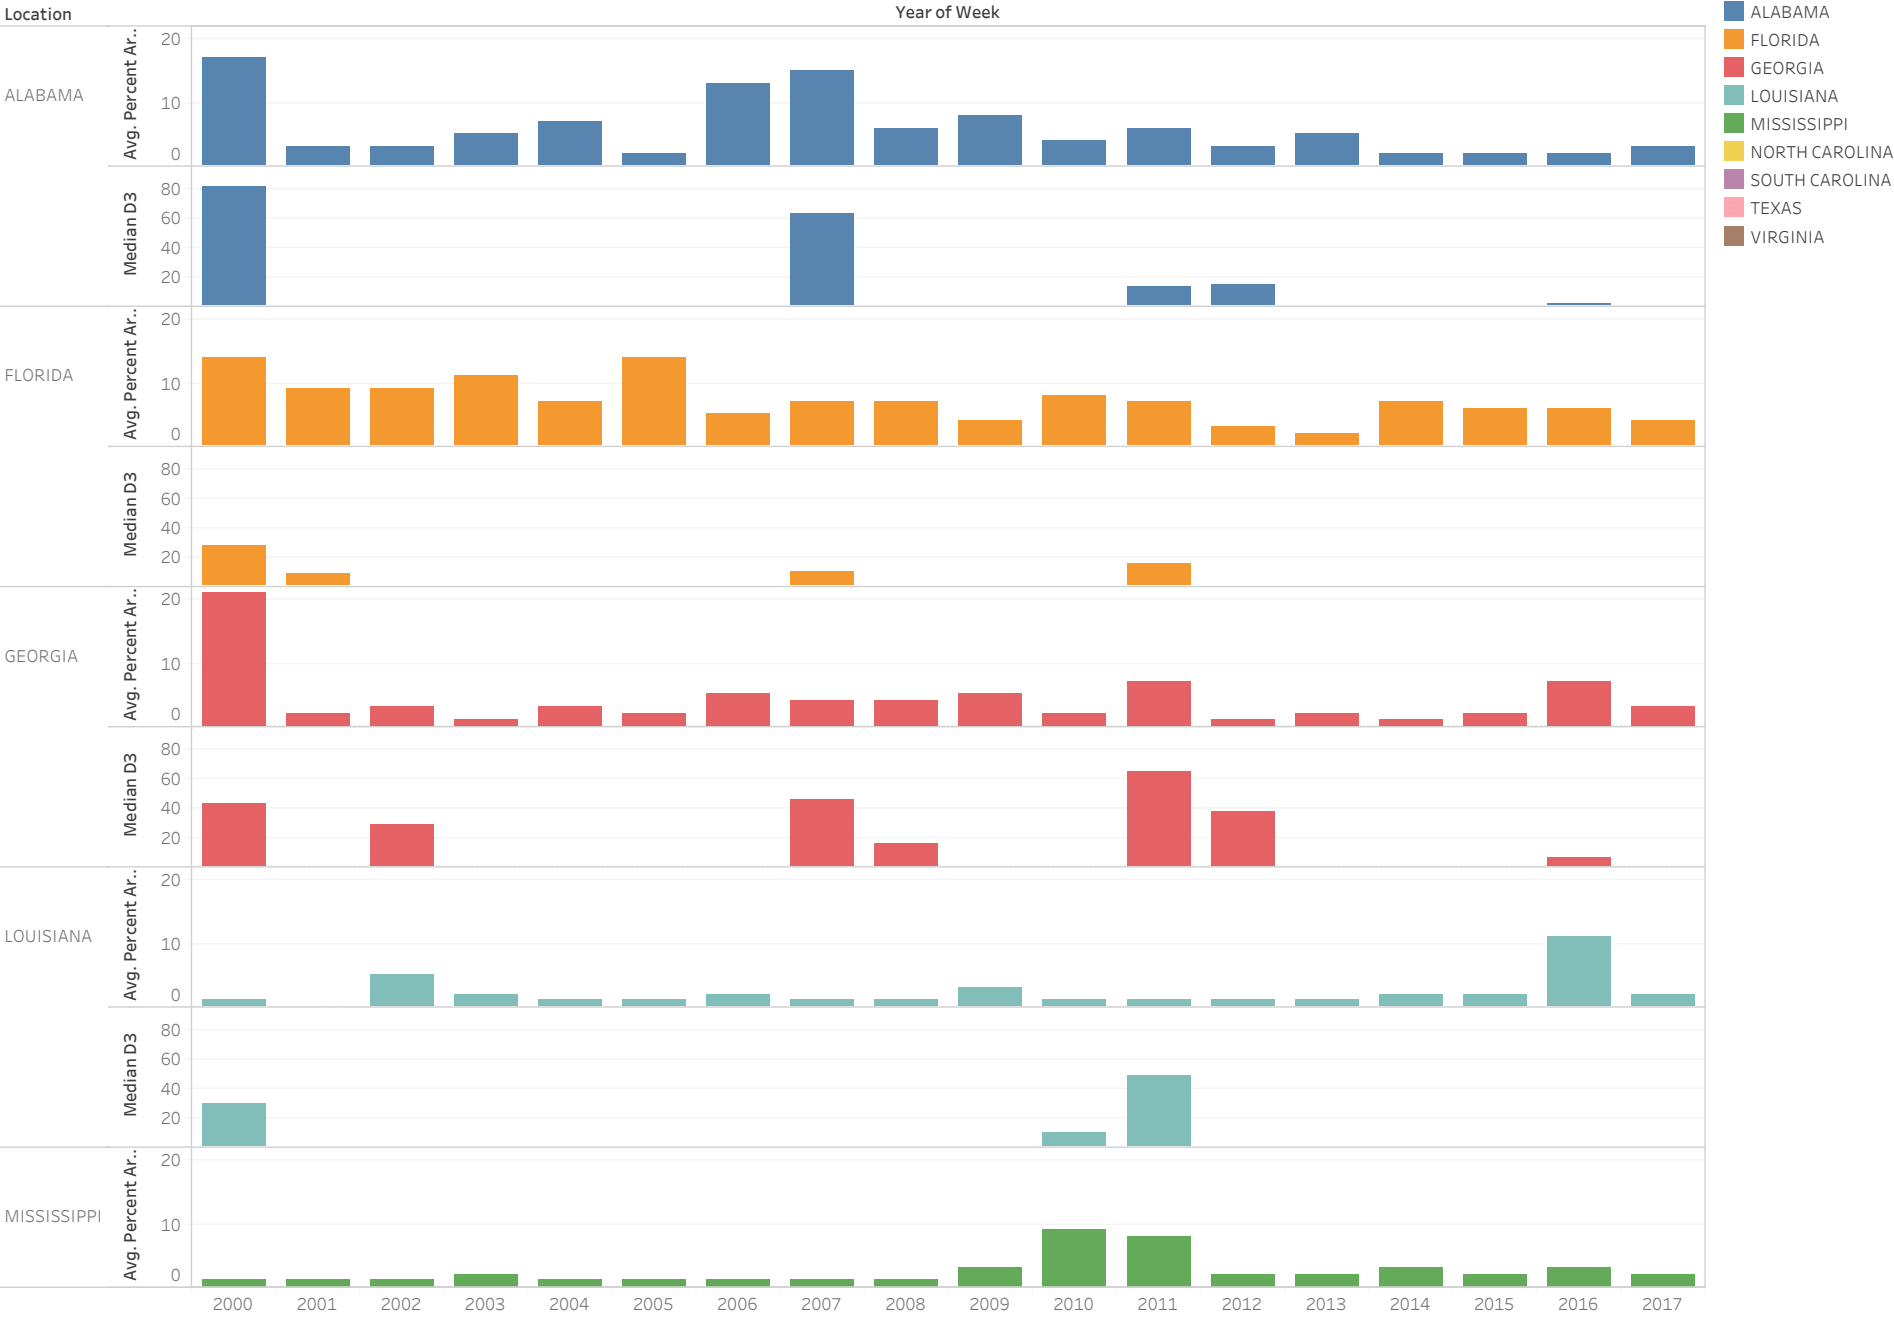

pct/avg-d3

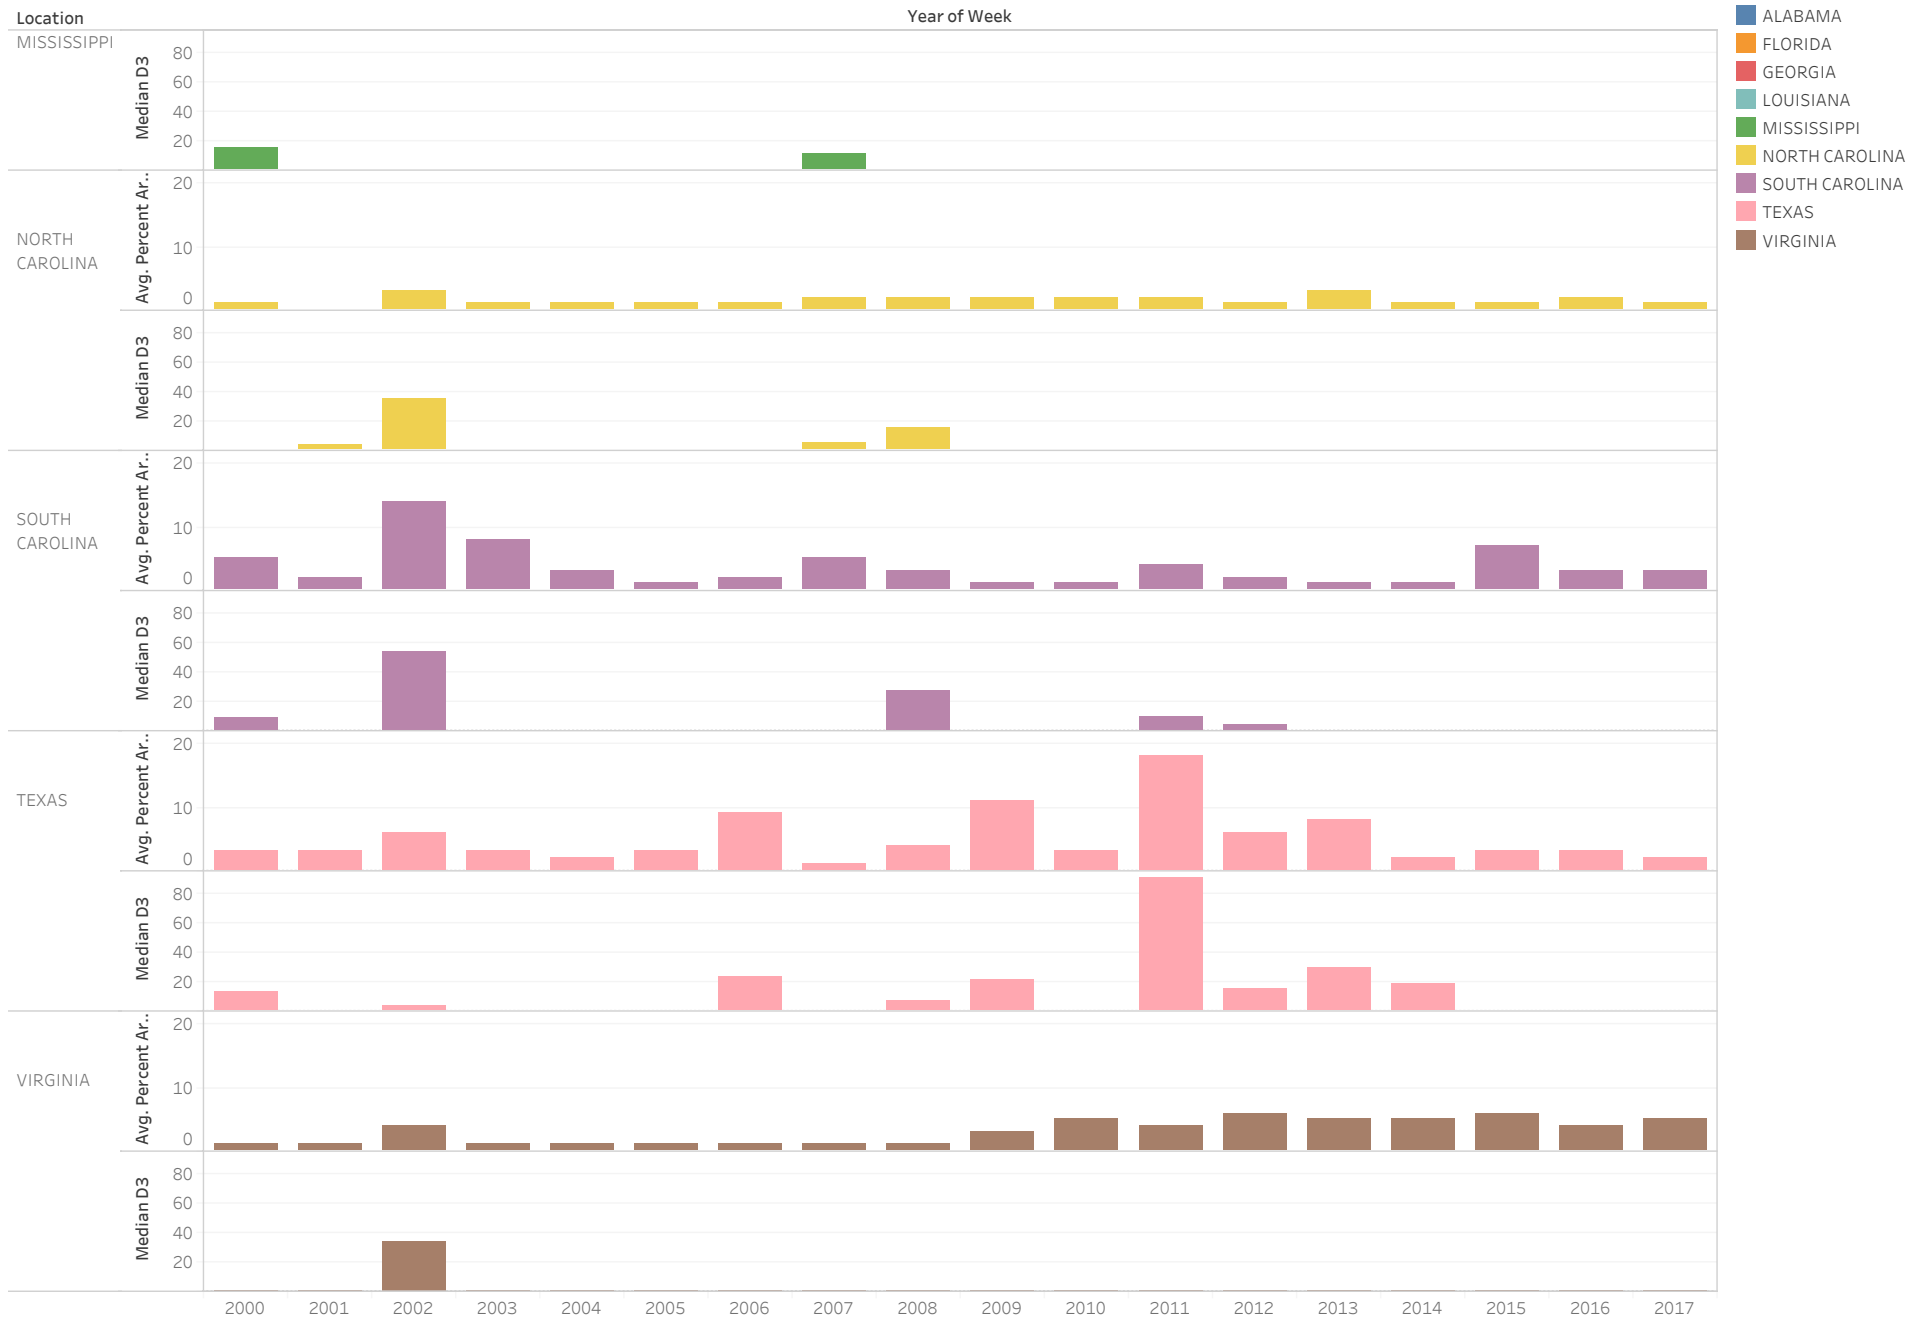

Average of D3 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/med-d3

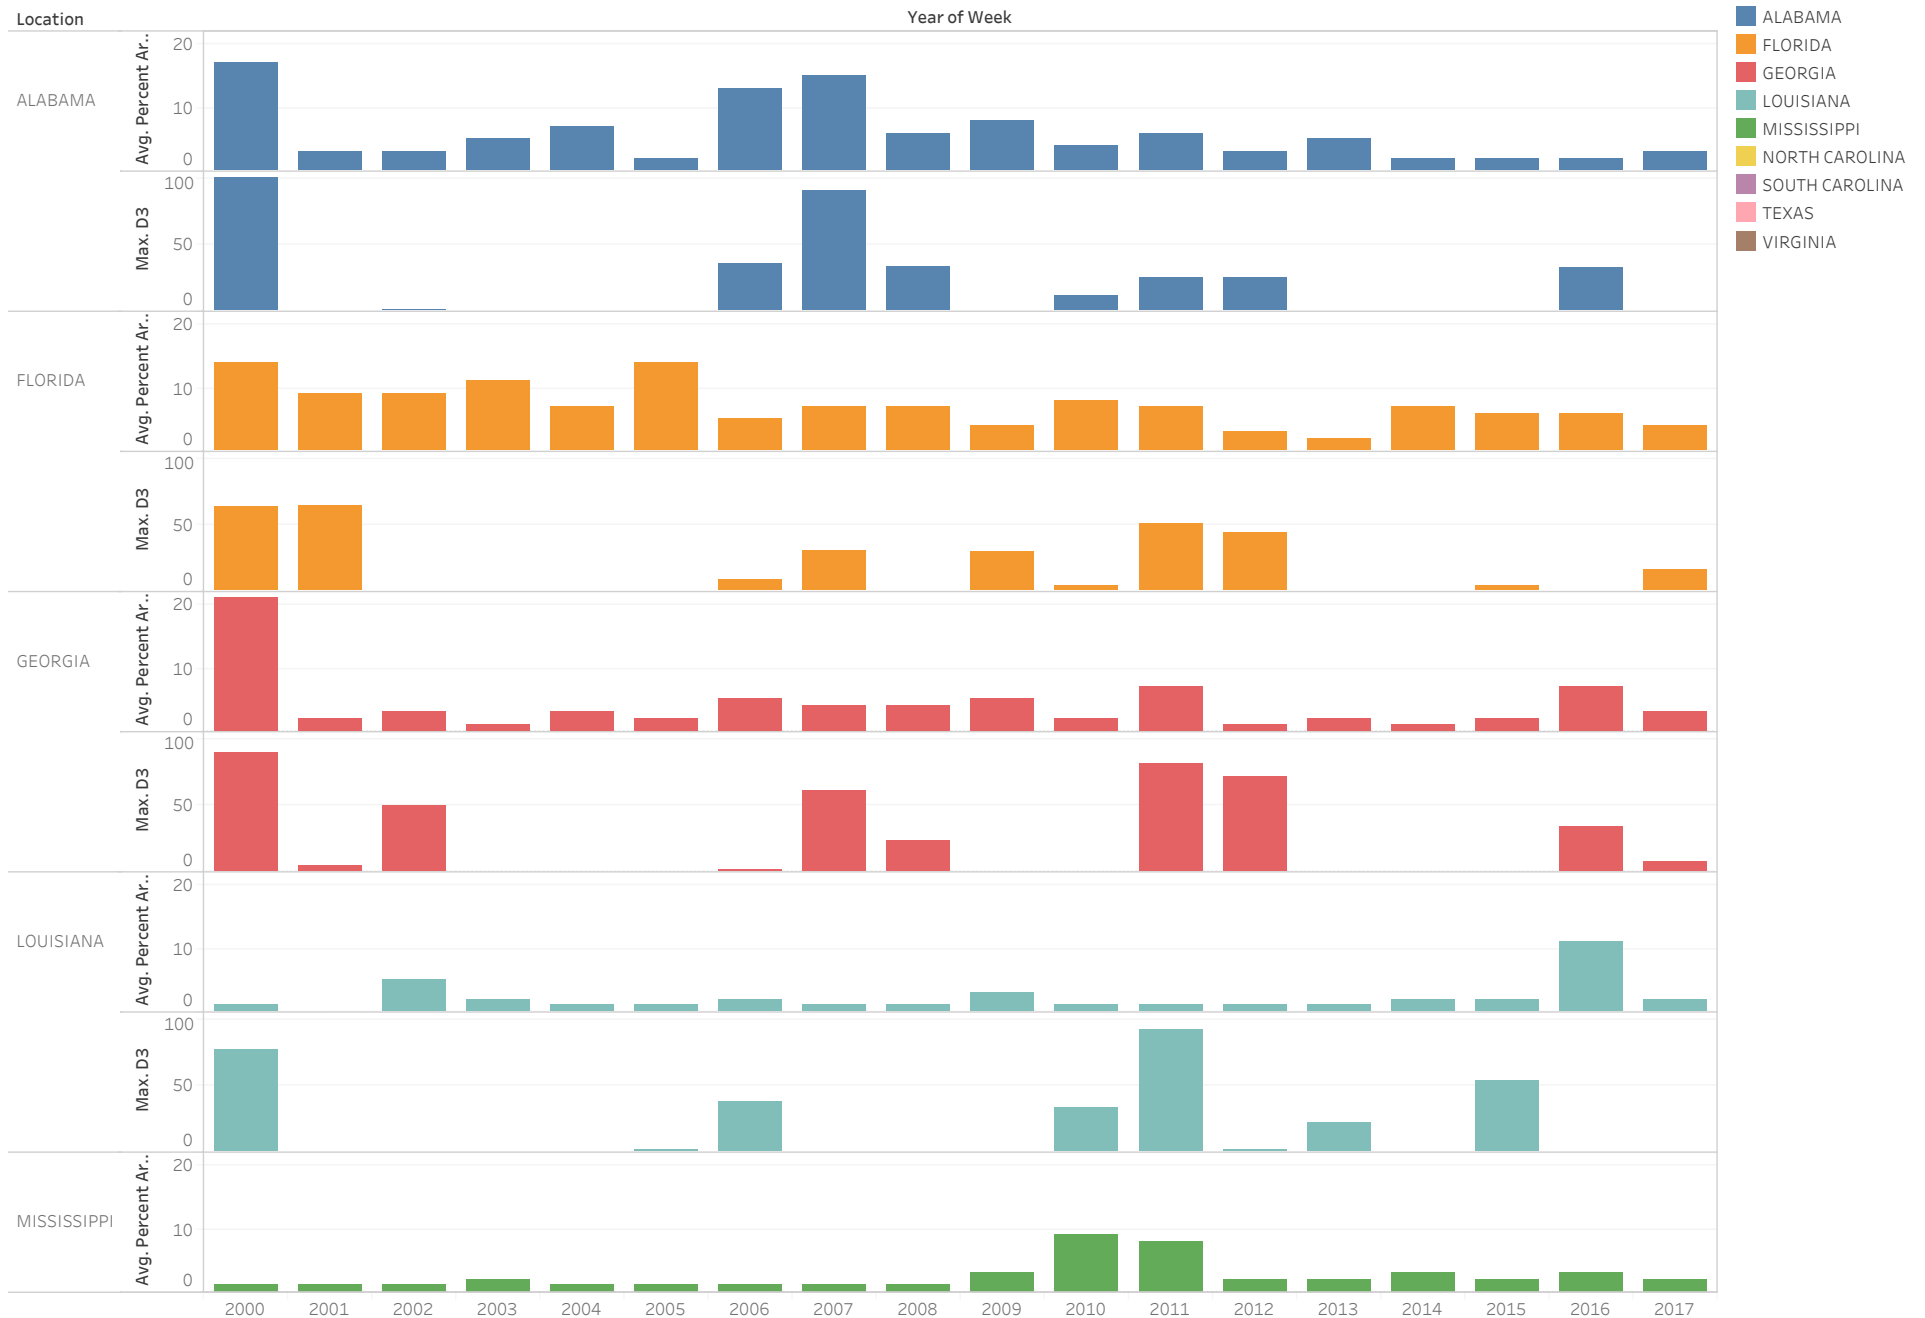

Average of Percent Area Lost and median of D3 for each Week Year broken down by Location. Color shows details about Location.

pct/med-d3

Average of Percent Area Lost and median of D3 for each Week Year broken down by Location. Color shows details about Location.

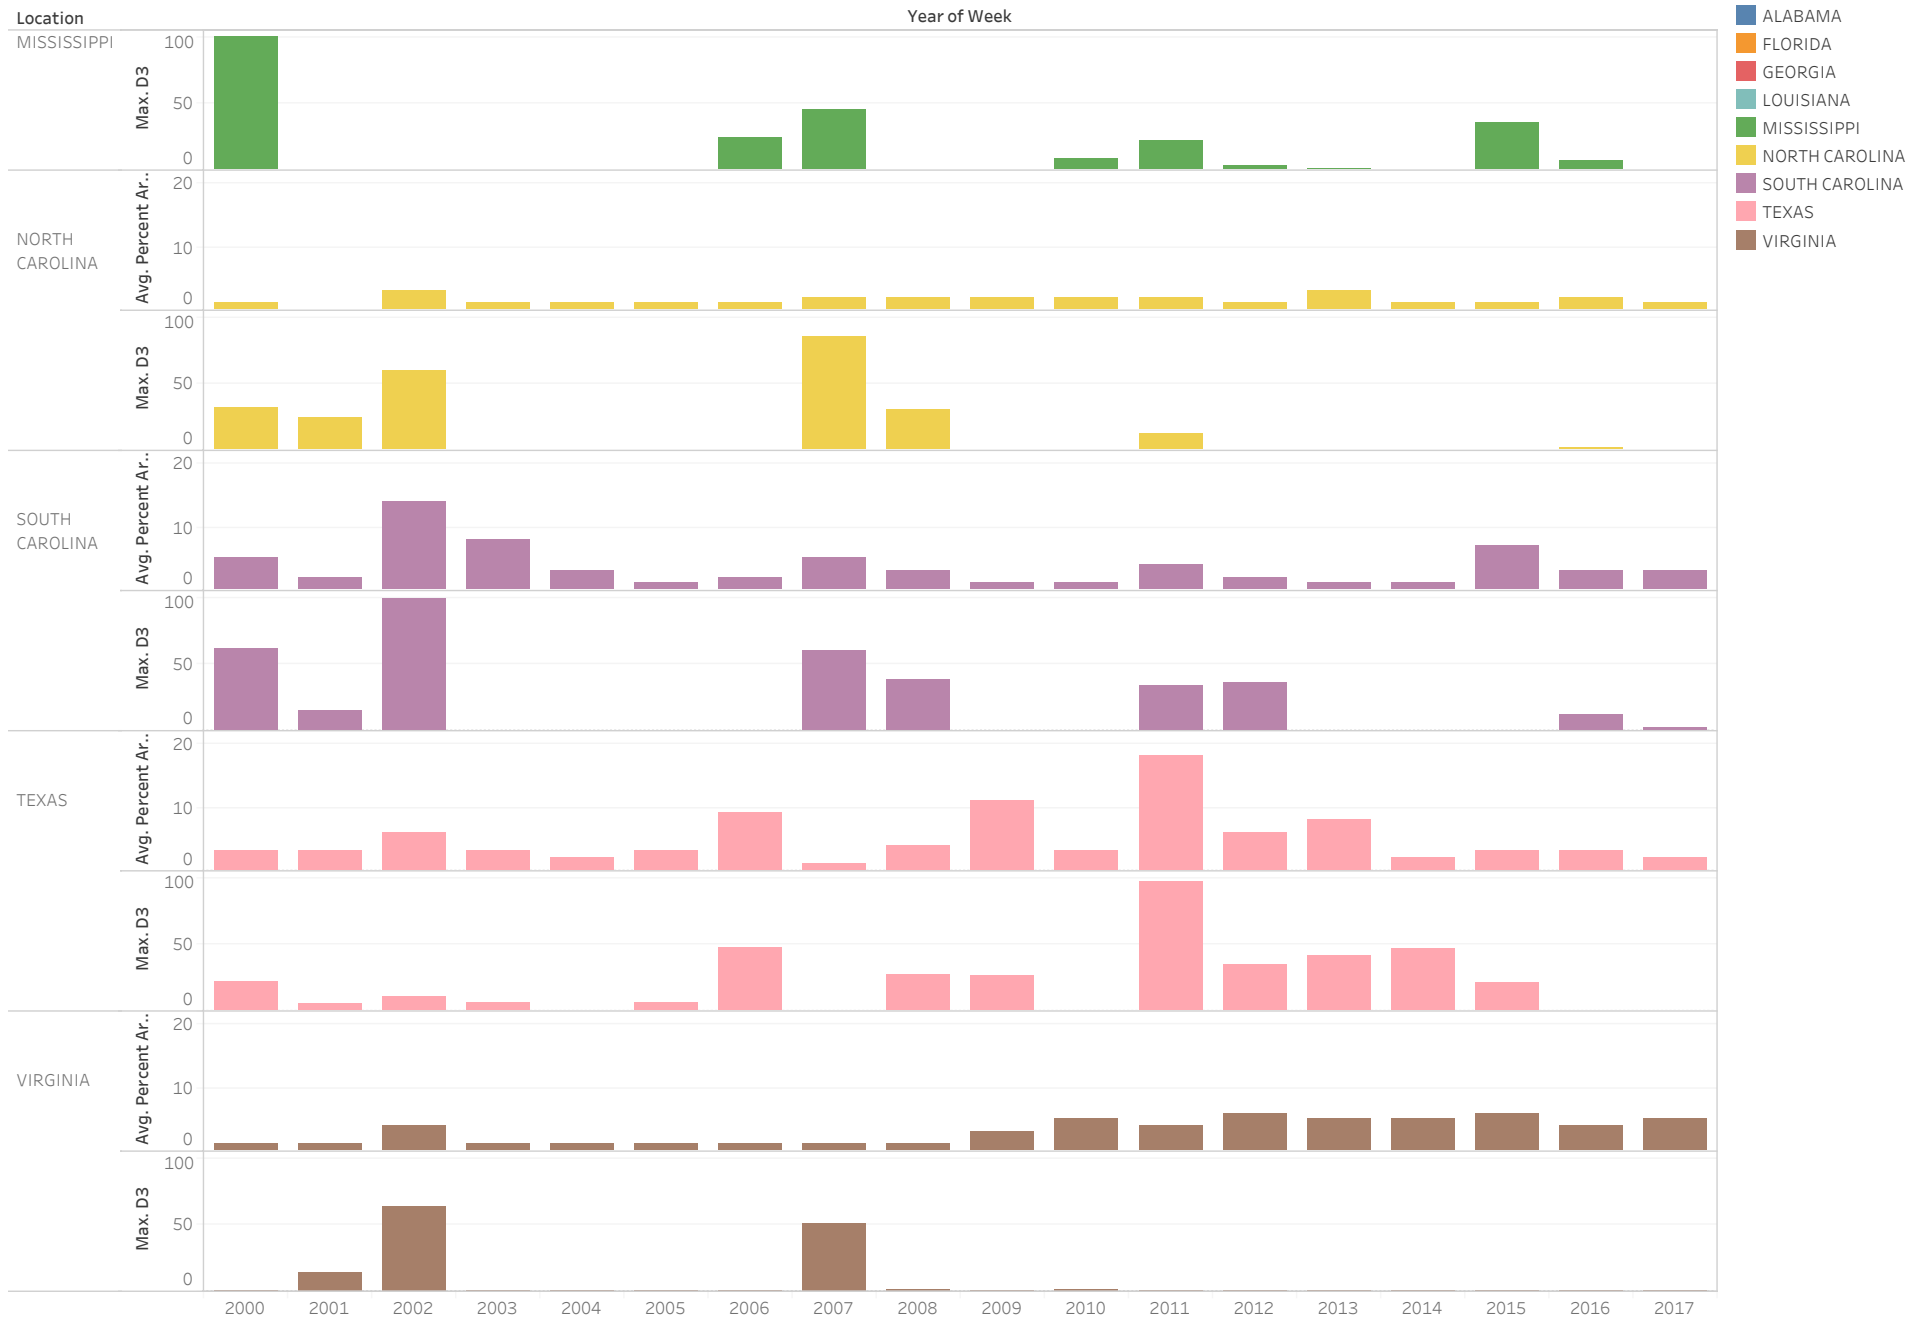

pct/max-d3

Average of Percent Area Lost and maximum of D3 for each Week Year broken down by Location. Color shows details about Location.

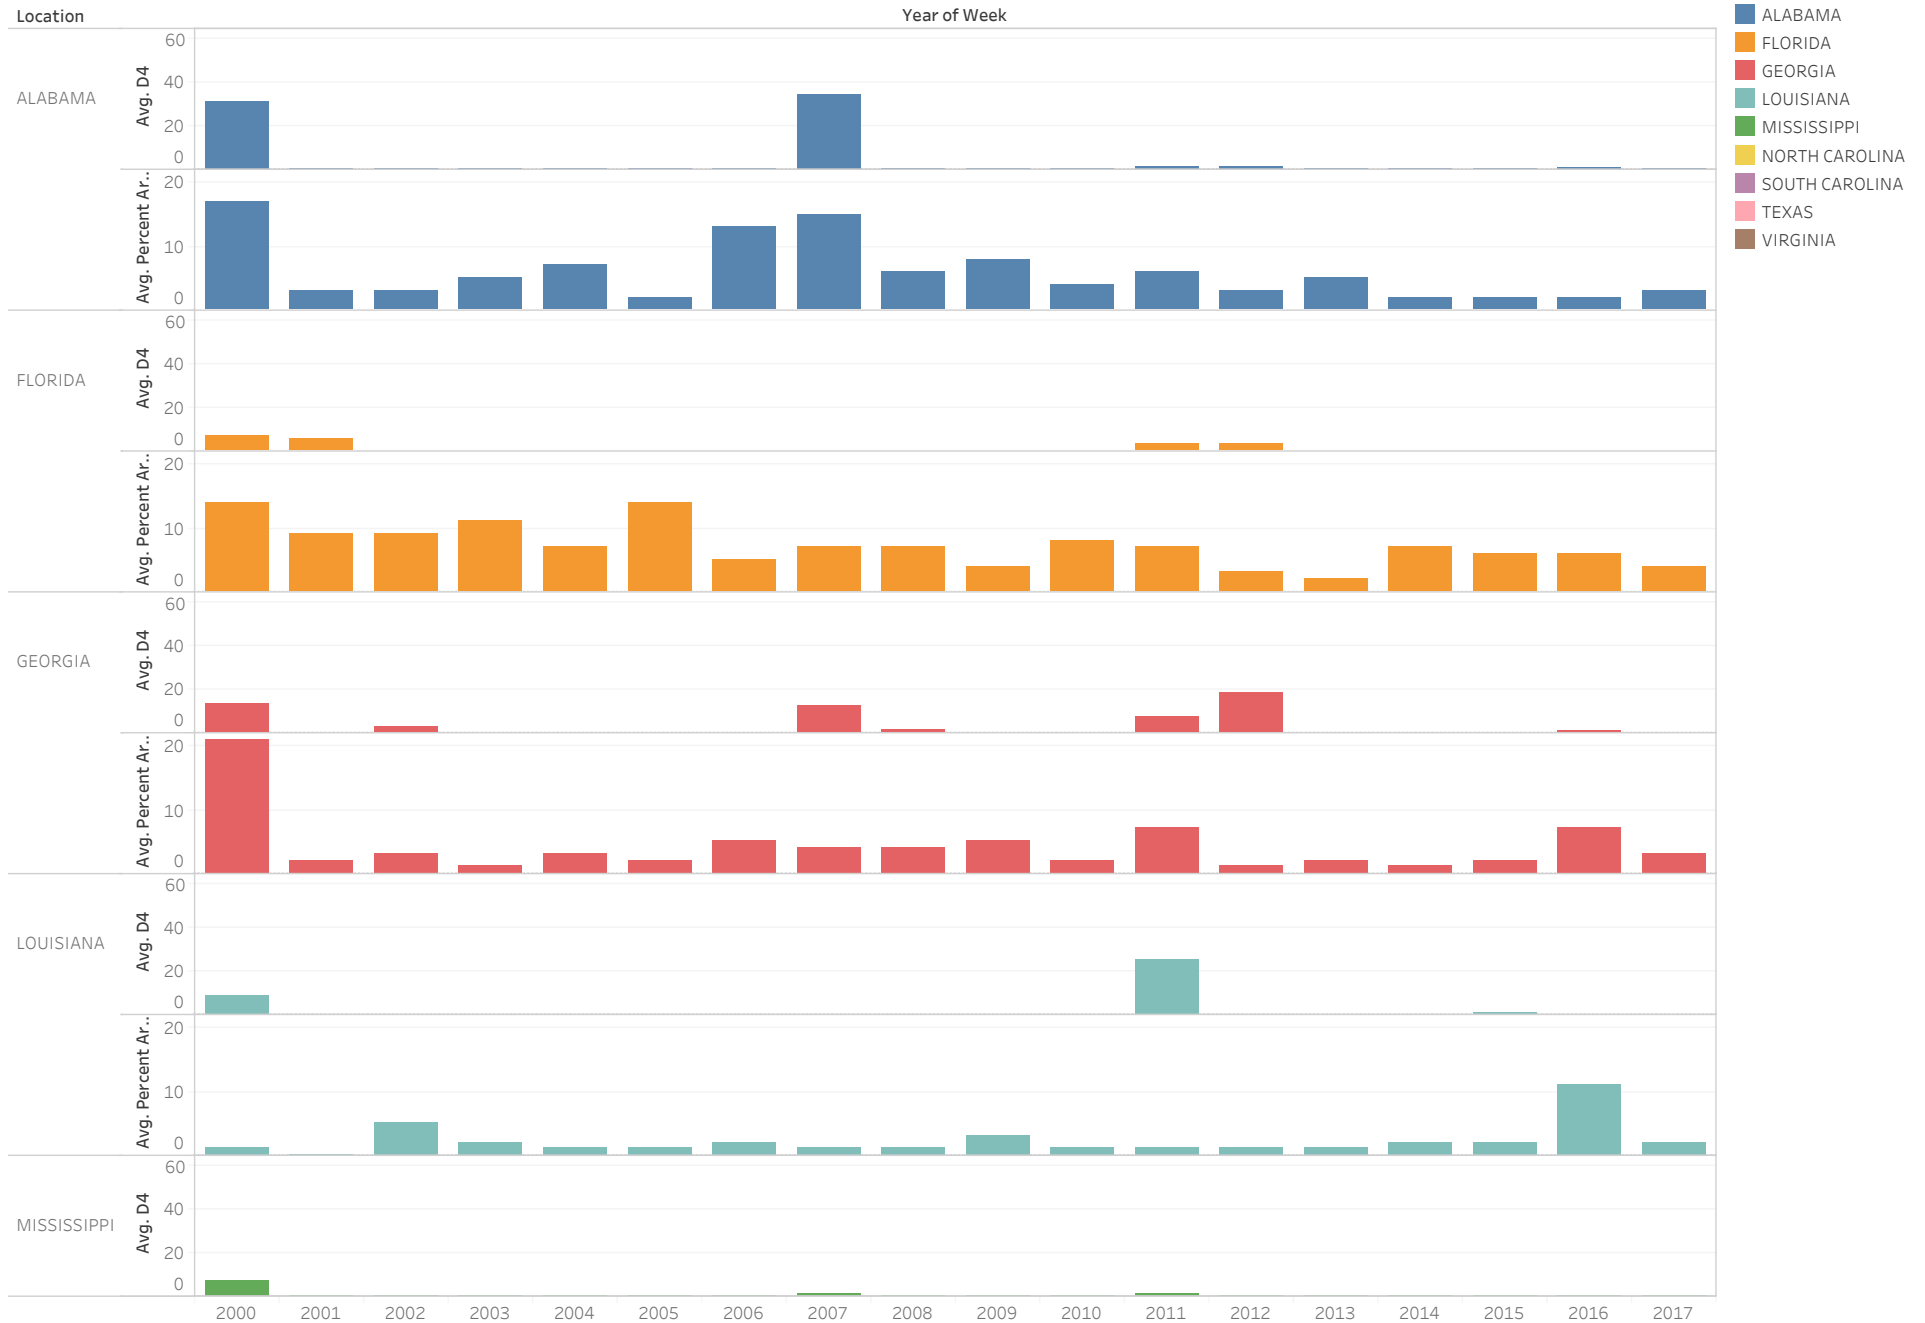

pct/max-d3

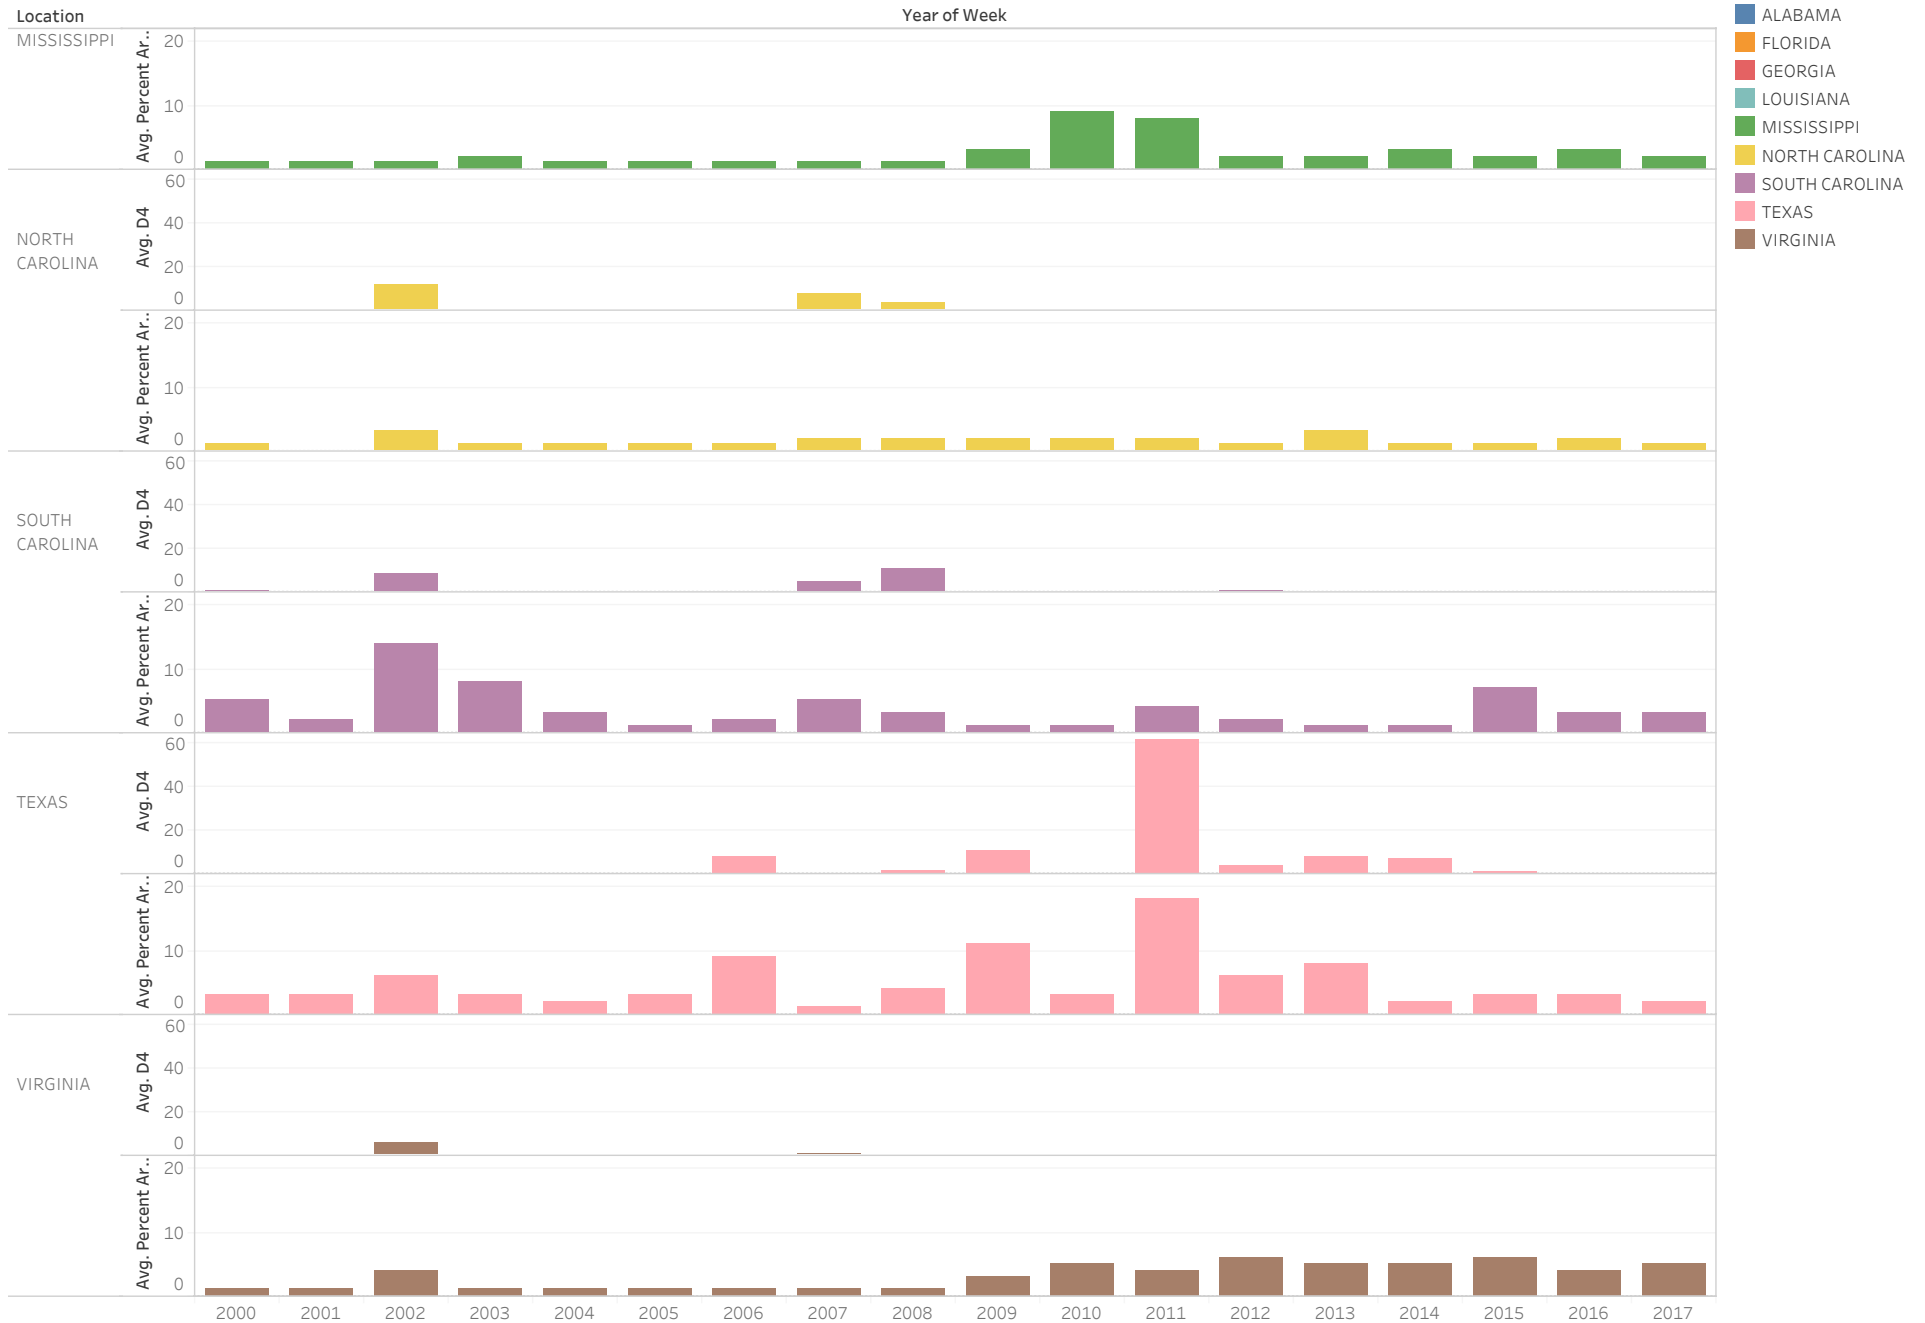

Average of Percent Area Lost and maximum of D3 for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d4

Average of D4 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/avg-d4

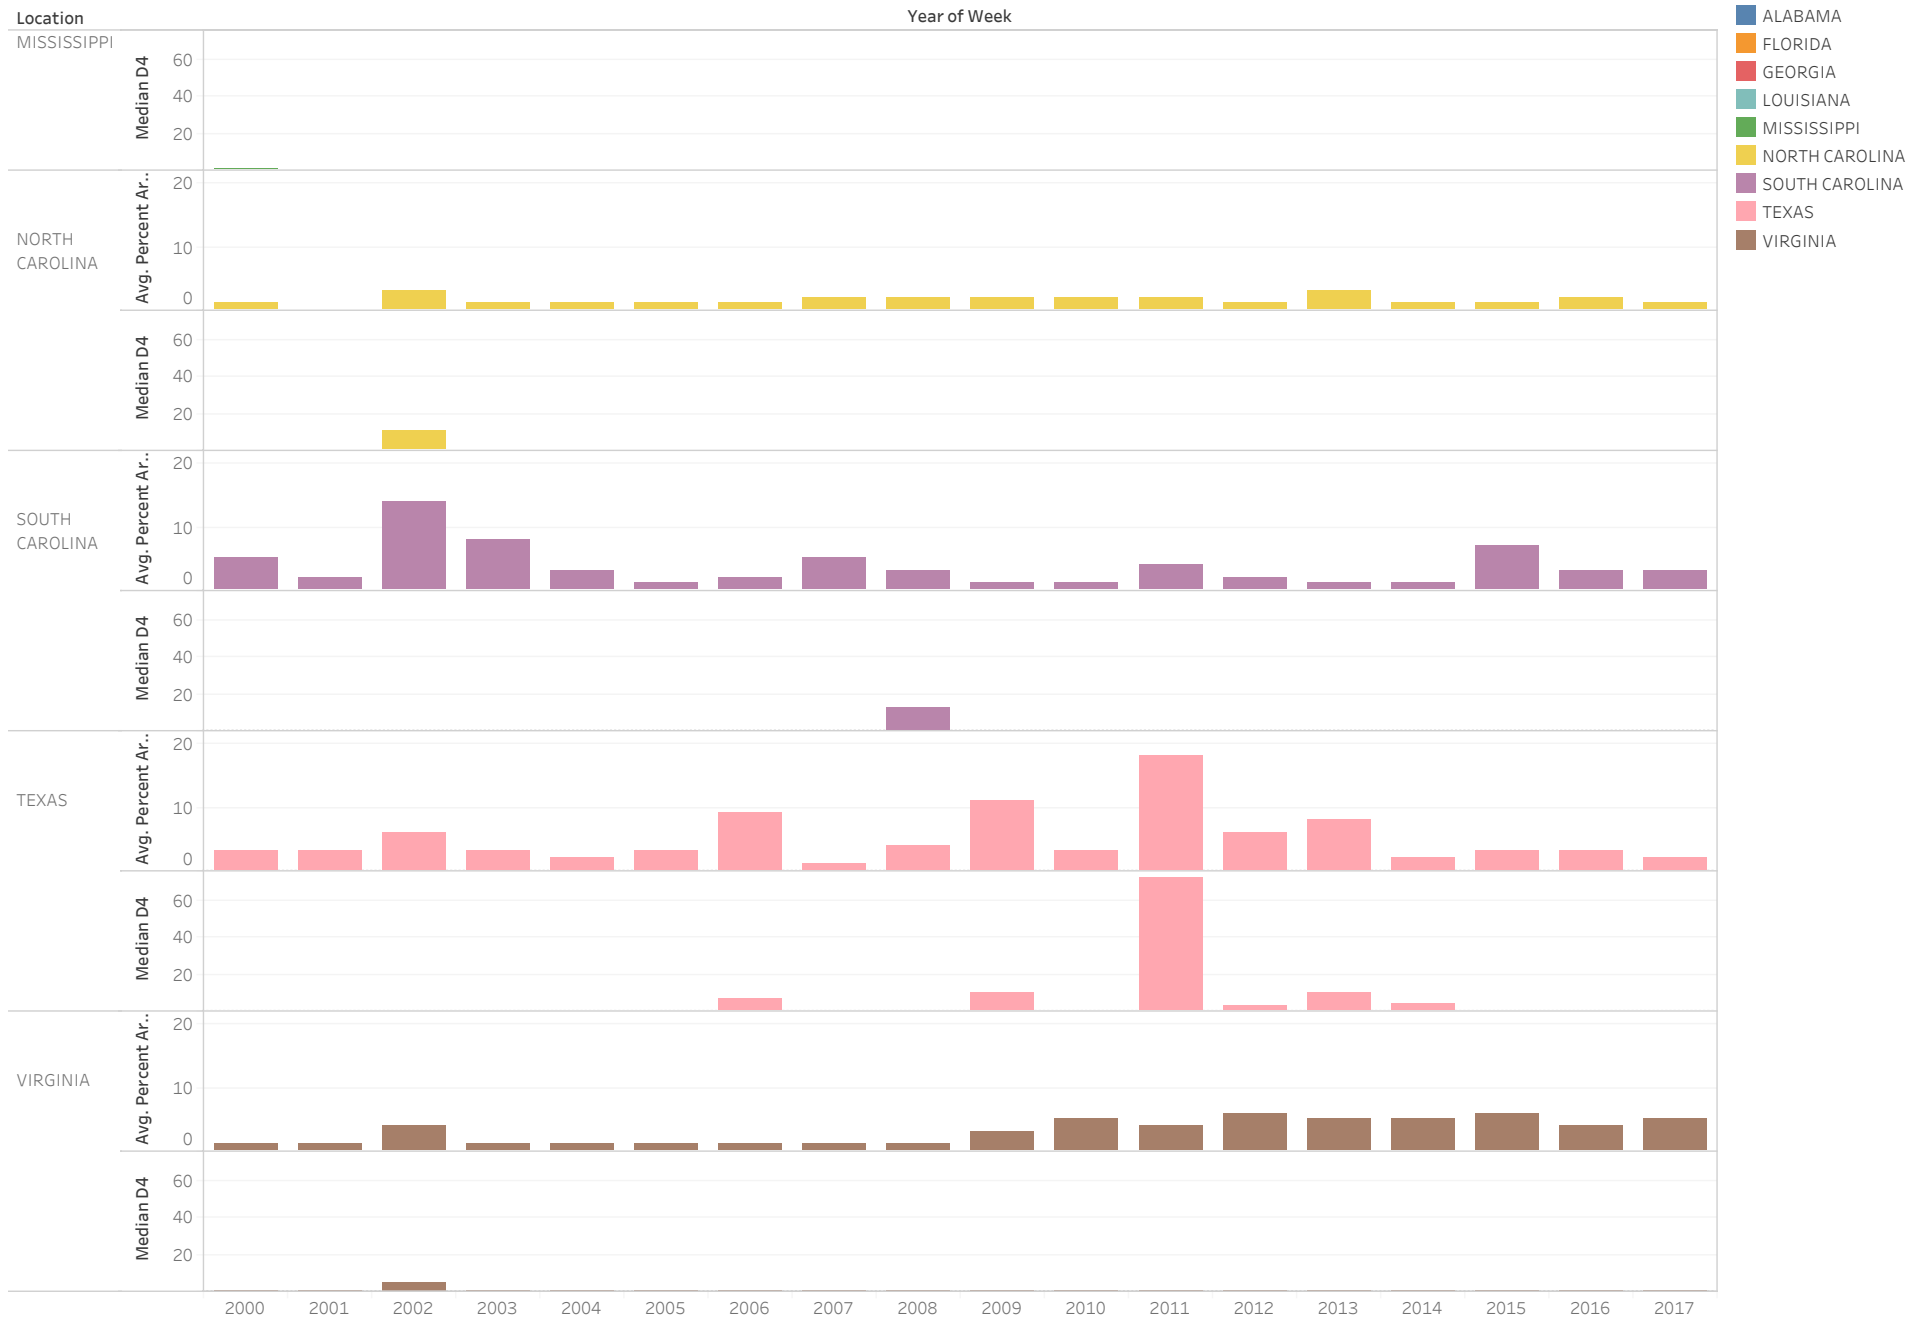

Average of D4 and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/med-d4

Average of Percent Area Lost and median of D4 for each Week Year broken down by Location. Color shows details about Location.

pct/med-d4

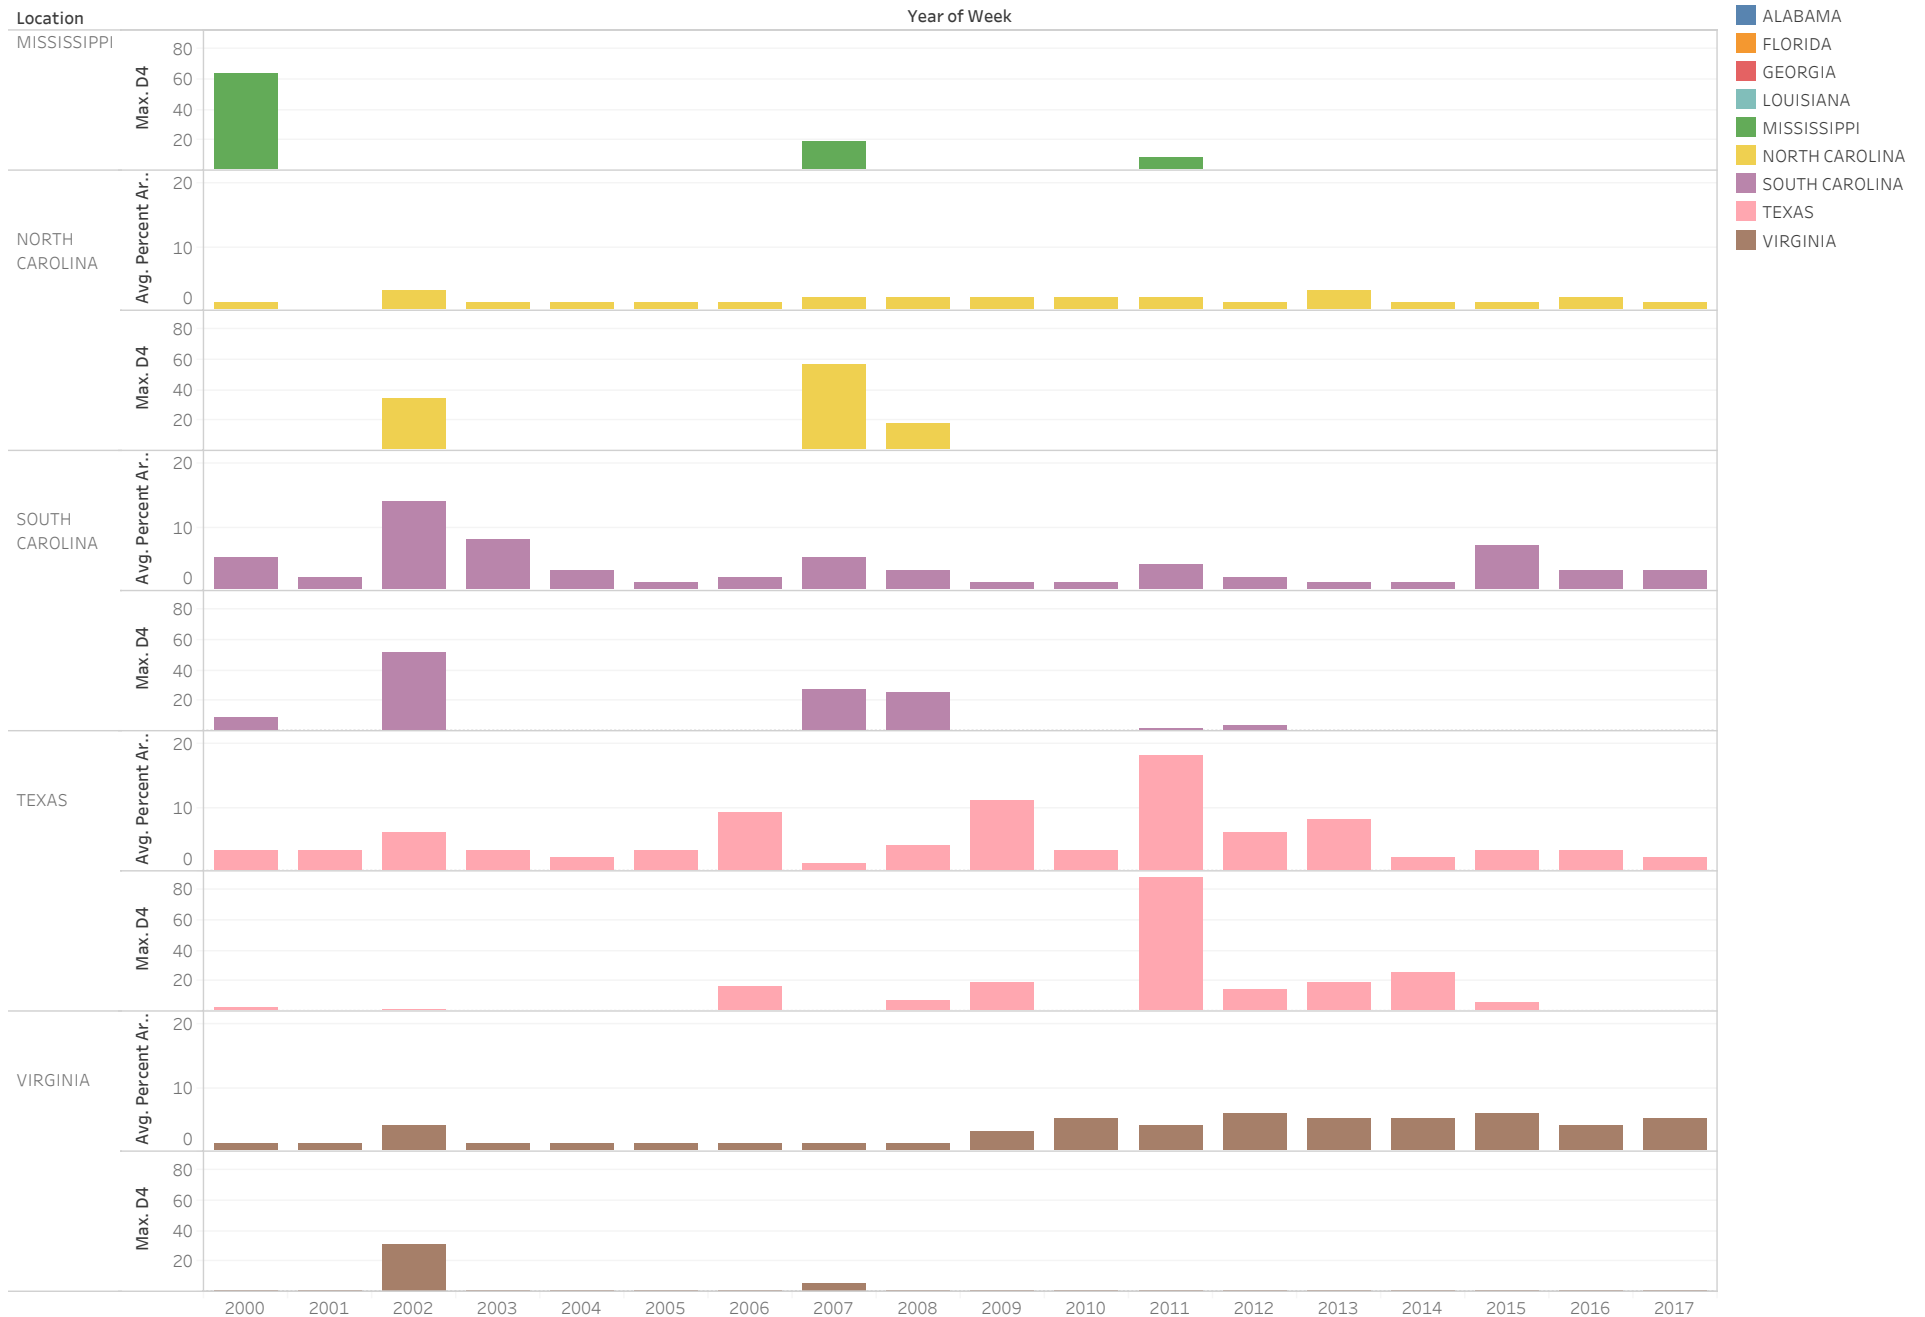

Average of Percent Area Lost and median of D4 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d4

Average of Percent Area Lost and maximum of D4 for each Week Year broken down by Location. Color shows details about Location.

pct/max-d4

Average of Percent Area Lost and maximum of D4 for each Week Year broken down by Location. Color shows details about Location.

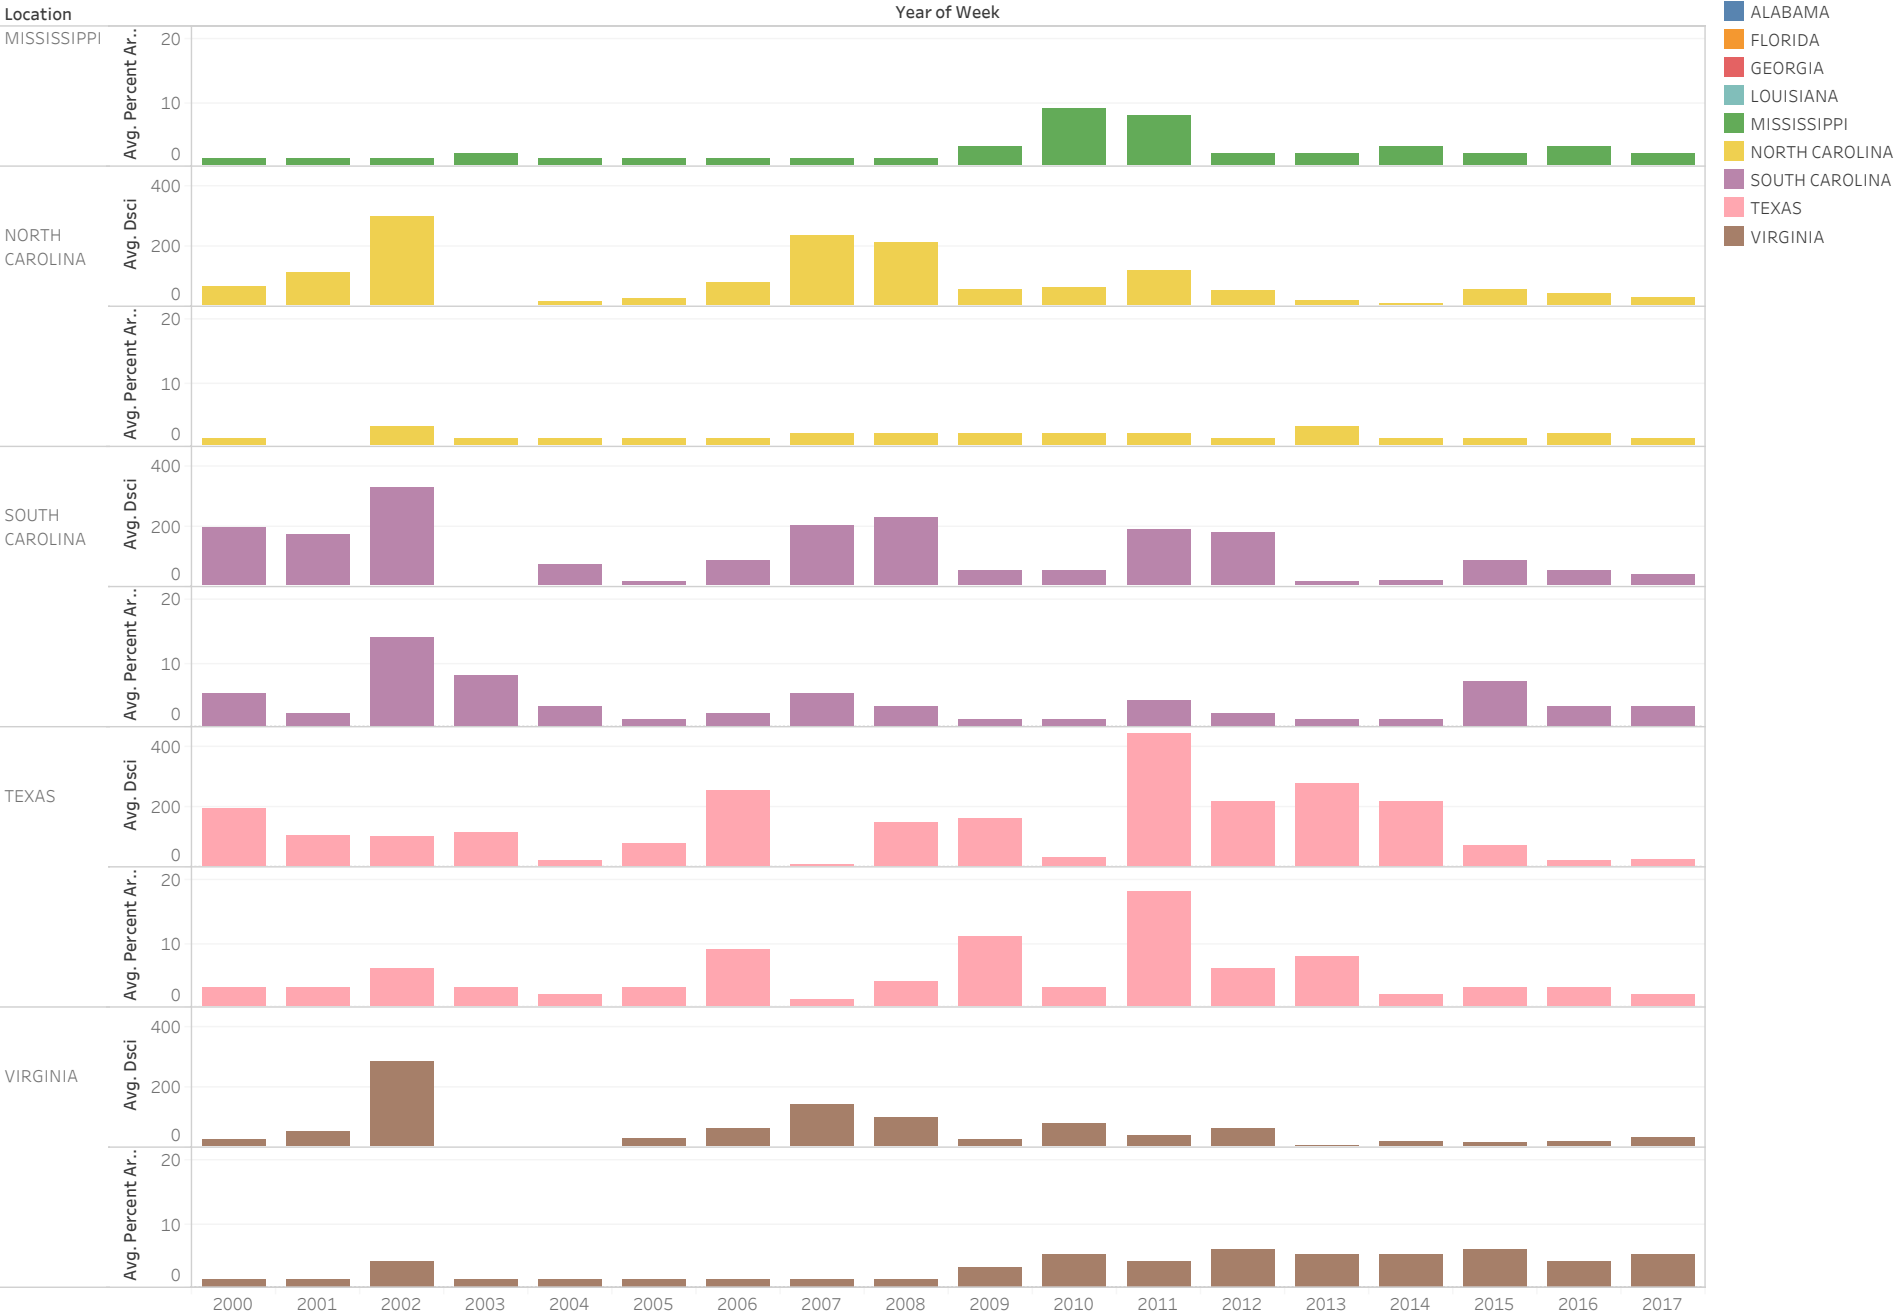

pct/avg-dsci

Average of Dsci and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

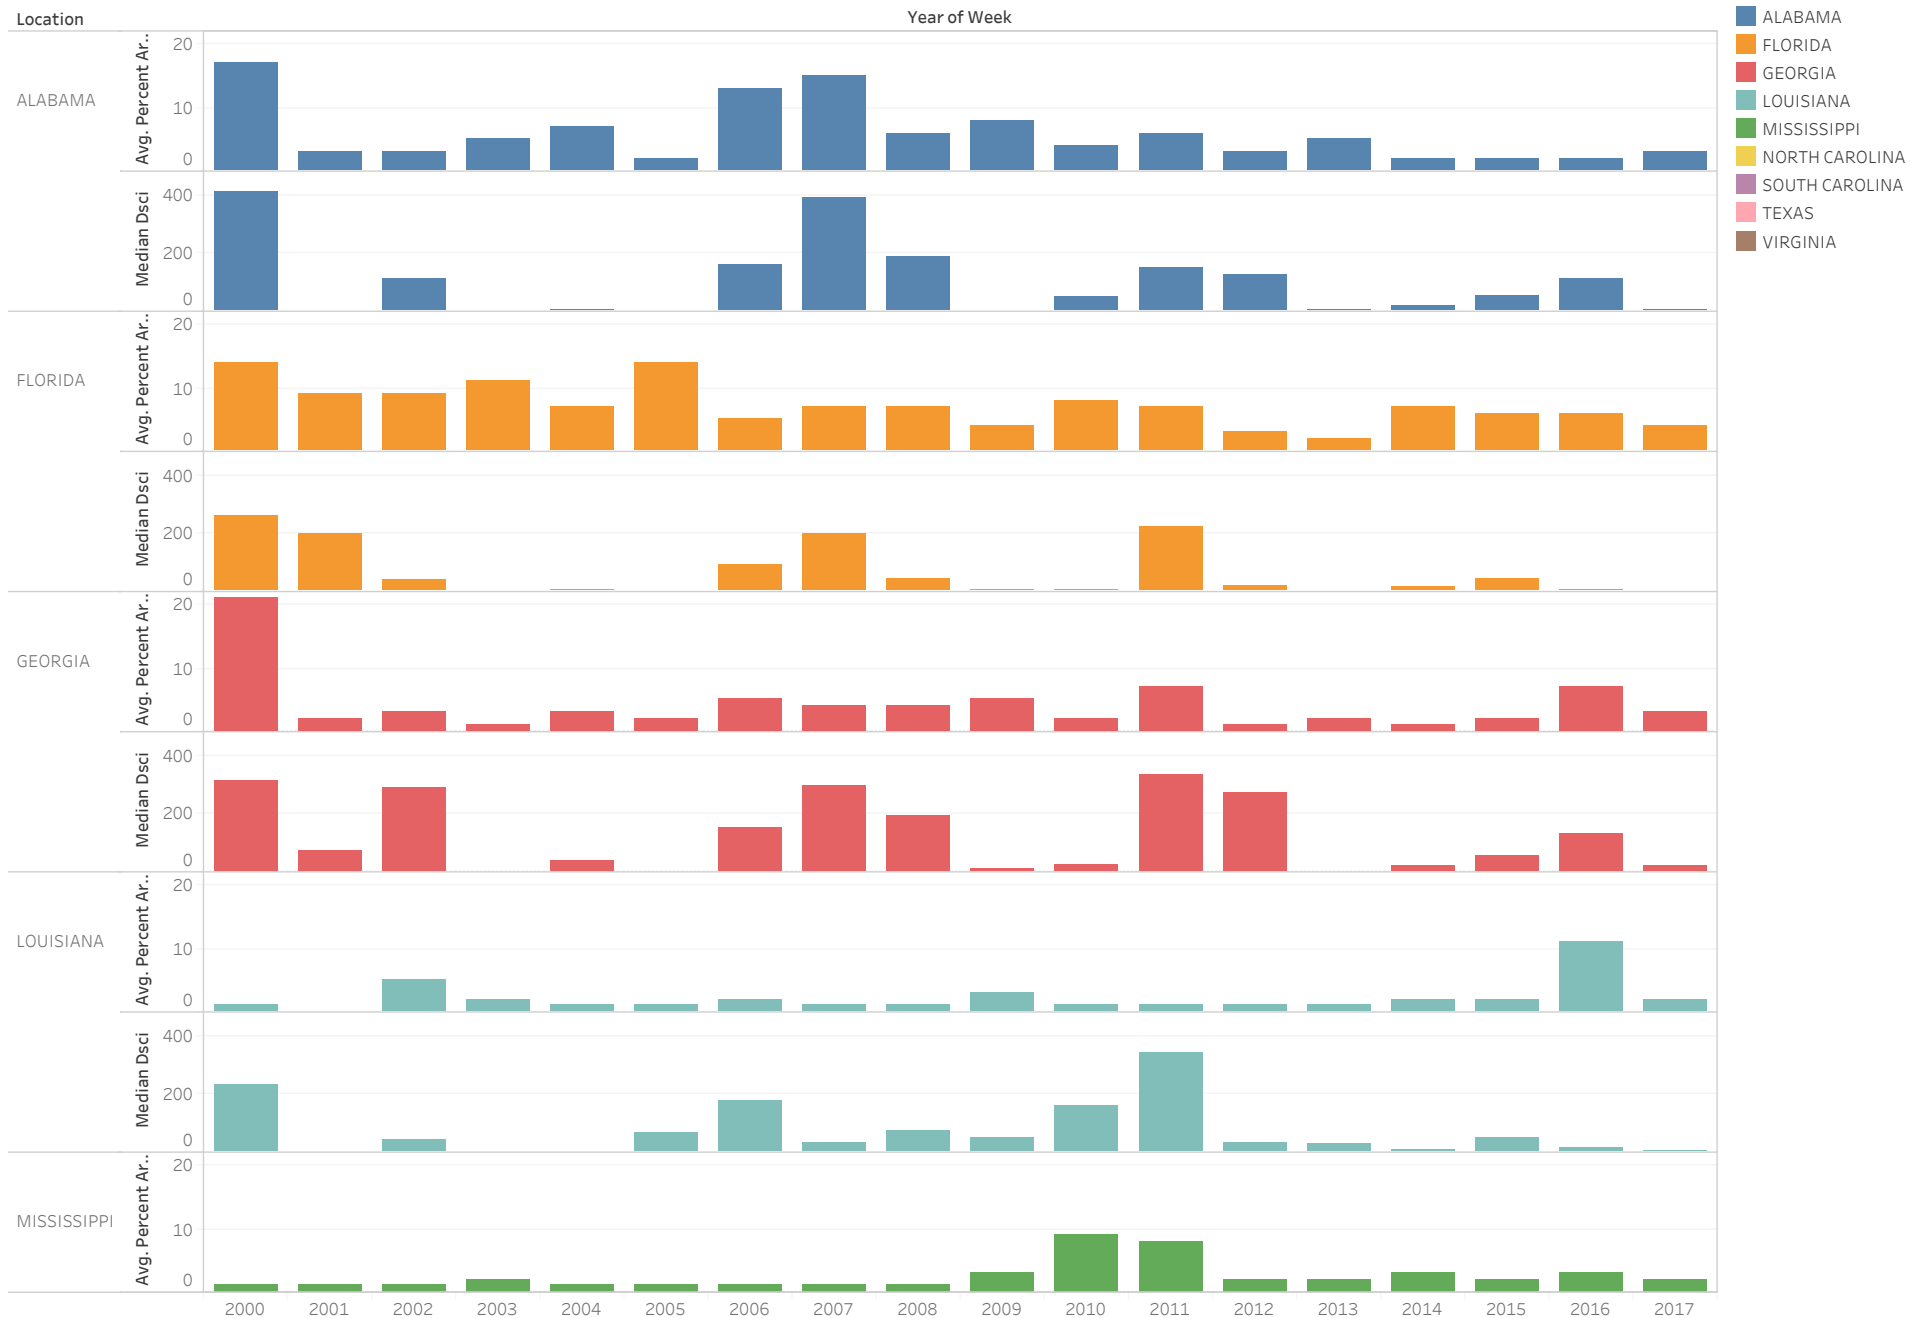

pct/avg-dsci

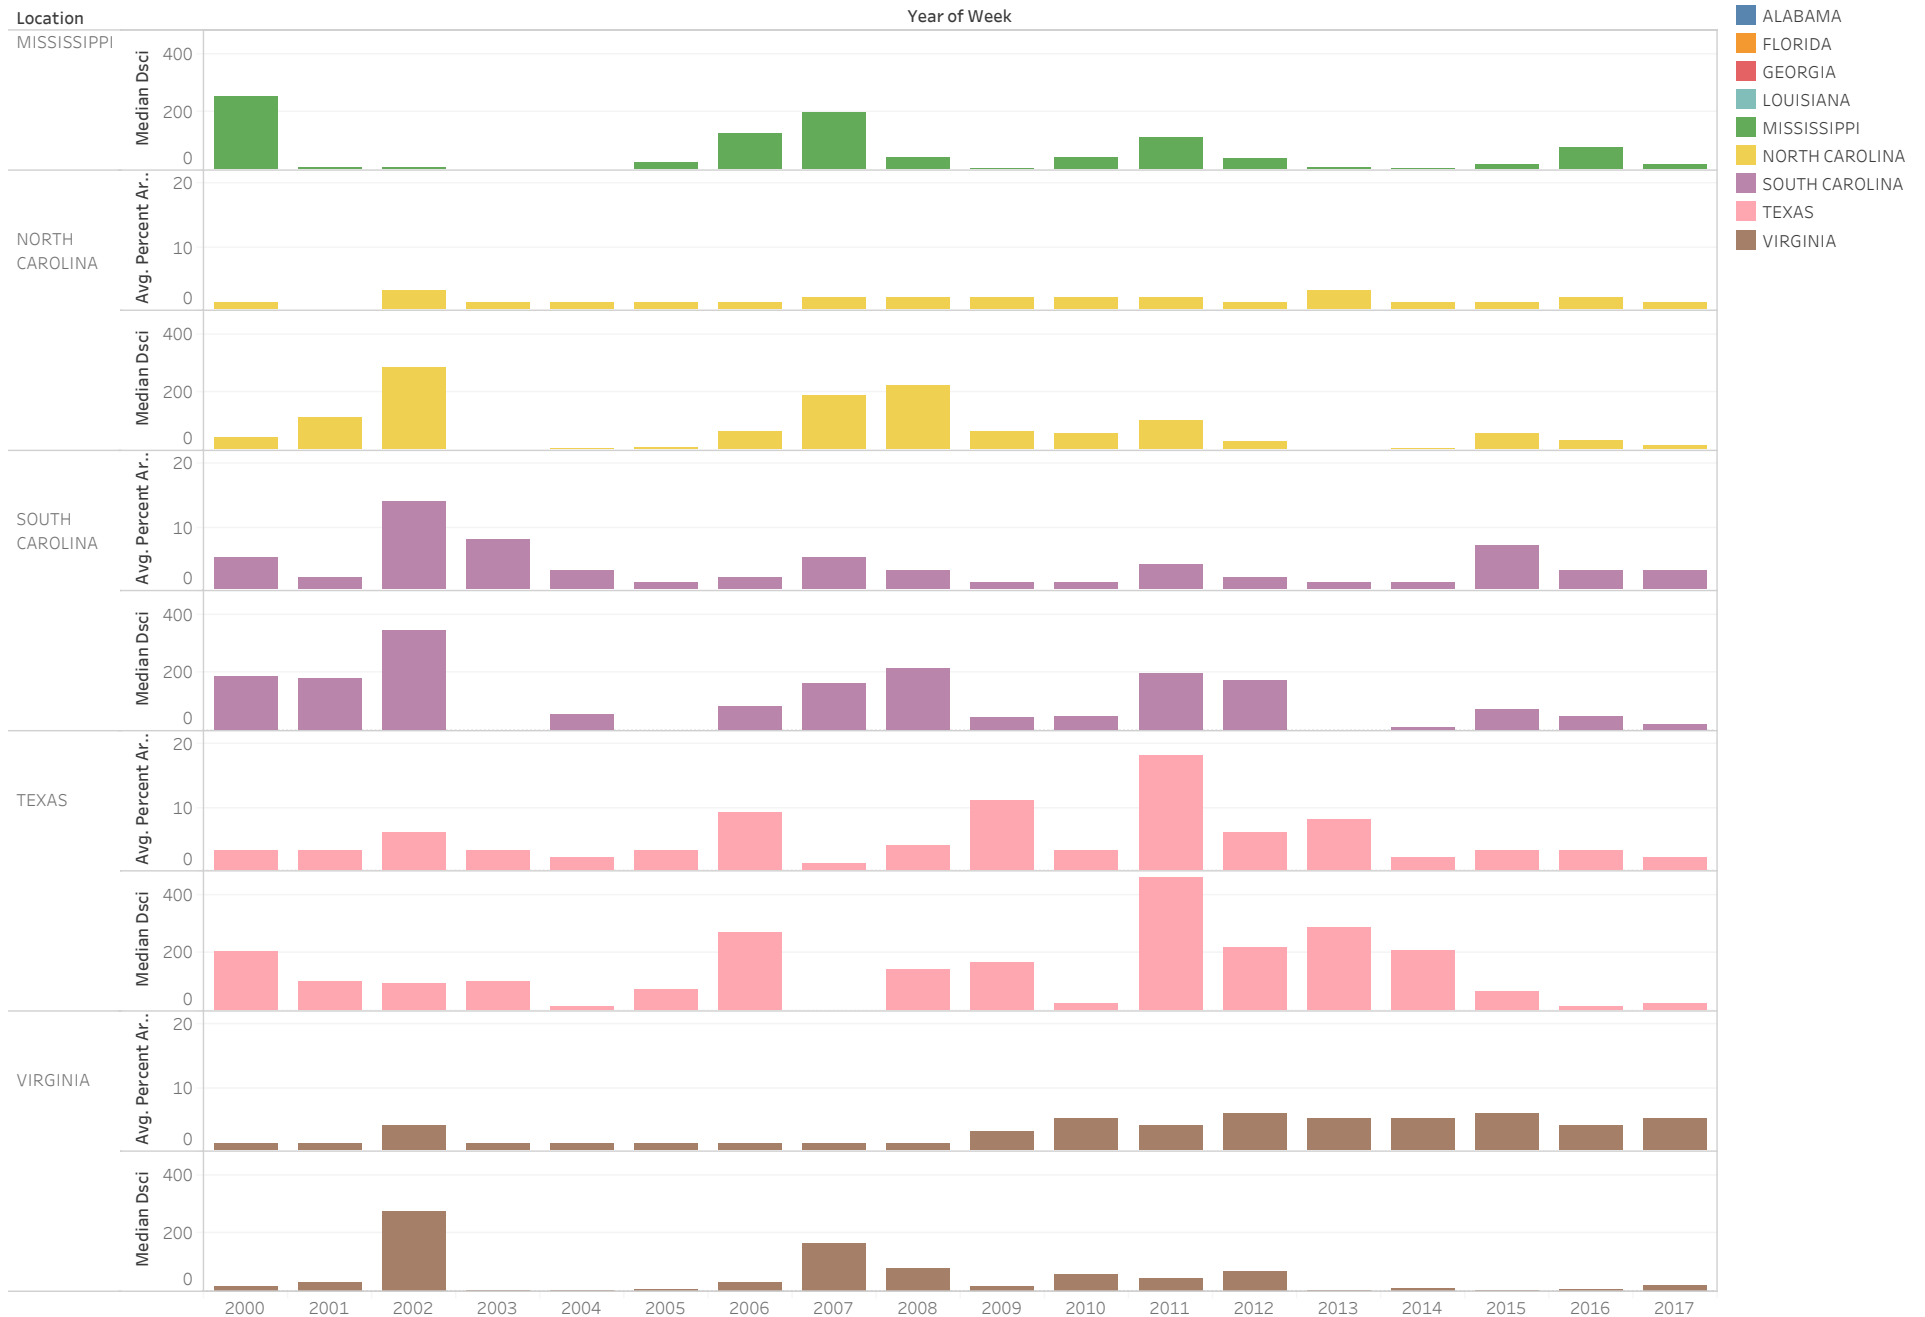

Average of Dsci and average of Percent Area Lost for each Week Year broken down by Location. Color shows details about Location.

pct/med-dsci

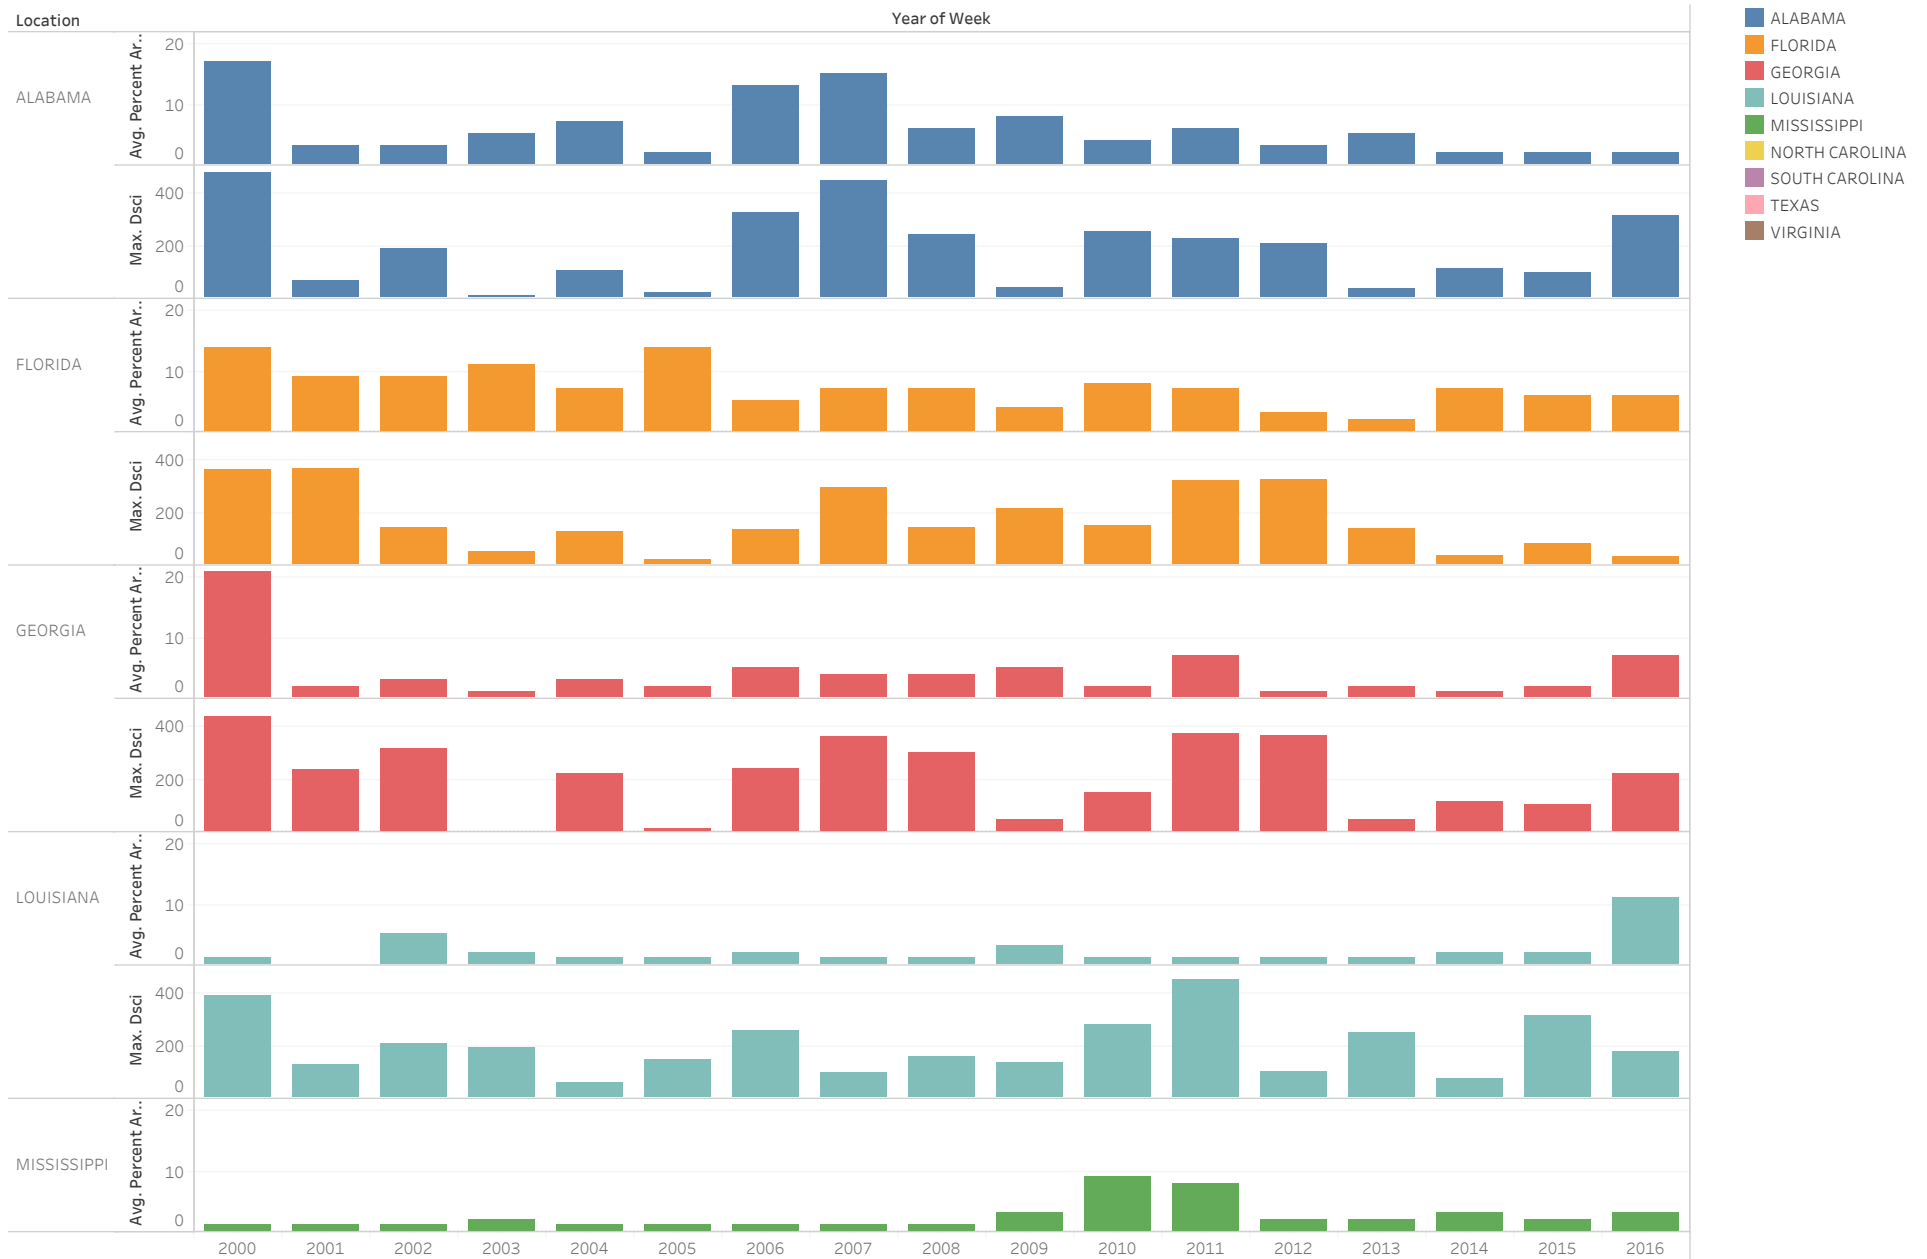

Average of Percent Area Lost and median of Dsci for each Week Year broken down by Location. Color shows details about Location.

pct/med-dsci

pct/max-dsci

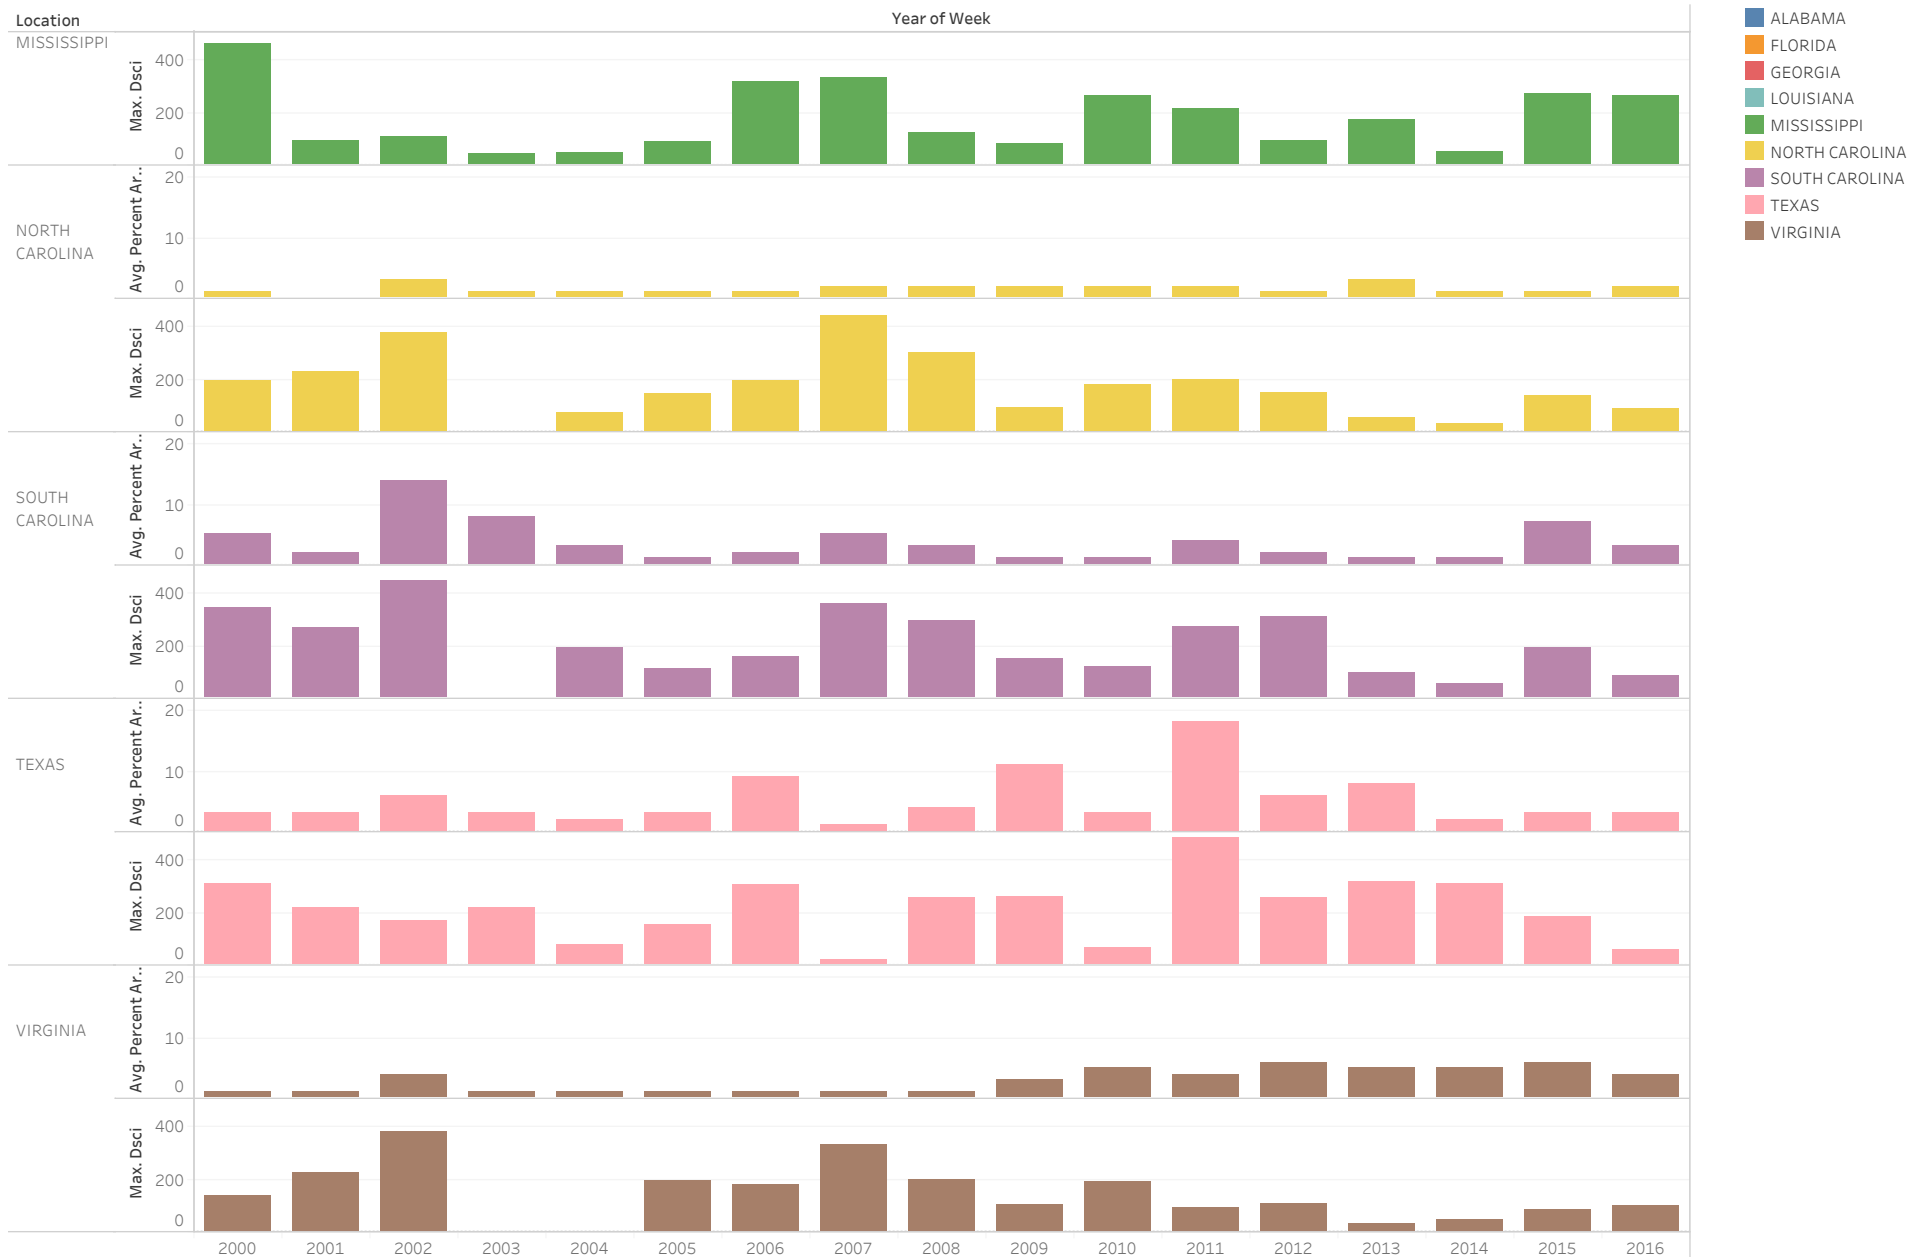

Average of Percent Area Lost and maximum of Dsci for each Week Year broken down by Location. Color shows details about Location.

pct/max-dsci

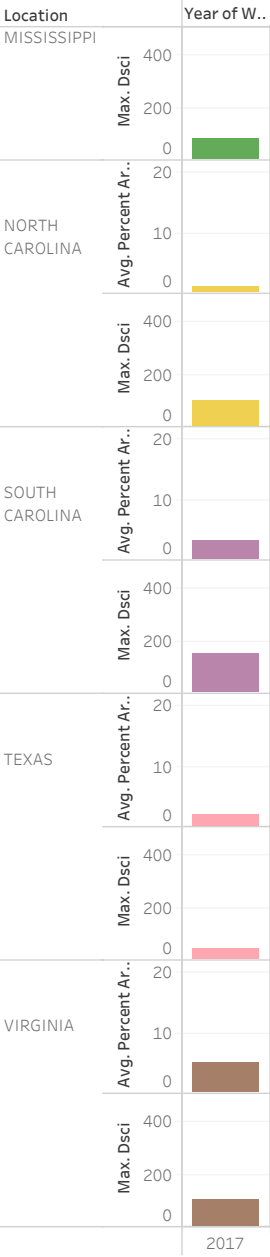

Average of Percent Area Lost and maximum of Dsci for each Week Year broken down by Location. Color shows details about Location.

pct/max-dsci

Average of Percent Area Lost and maximum of Dsci for each Week Year broken down by Location. Color shows details about Location.
